*Smart Intelligent Computing and Communication Technology* V.D. Ambeth Kumar,S. Malathi,V.E. Balas,2021-10-07

Recent developments in the fields of intelligent computing and communication have paved the way for the handling of current and upcoming problems and brought about significant technological advancements. This book presents the proceedings of IConIC 2021, the 4th International Conference on Intelligent Computing, held on 26 and 27 March 2021 in Chennai, India. The principle objective of the annual IConIC conference is to provide an international scientific forum where participants can exchange innovative ideas in relevant fields and interact in depth through discussion with their peer group. The theme of the 2021 conference and this book is 'Smart Intelligent Computing and Communication Technology', and the 109 papers included here focus on the technological innovations and trendsetting initiatives in medicine, industry, education and security that are improving and optimizing business and technical processes and enabling inclusive growth. The papers are grouped under 2 headings: Evolution of Computing Intelligence; and Computing and Communication, and cover a broad range of intelligent-computing research and applications. The book provides an overview of the cutting-edge developments and emerging areas of study in the technological fields of intelligent computing, and will be of interest to researchers and practitioners from both academia and industry.

*Digital Communications at Crossroads in Africa* Kehbuma Langmia,Agnes Lucy Lando,2020-04-27 Digital communication as it is practiced in Africa today is at a crossroad. This edited collection takes that crossroad as its starting point, as it both examines the complicated present and looks to the uncertain future of African communication systems. Contributing authors explore how western digital communication systems have proliferated in the African communication landscape, and argue that rich and long-cherished African forms of communal, in-person communication have been increasingly abandoned in favor of assimilation to western digital norms. As a result, future generations of Africans born on the continent and abroad may never recognize and appreciate African systems of communications. Acknowledging that globalized digital communication systems are here to stay, the volume contends that in order to comprehend the past, present, and future of African communications, scholars need to decolonize their approach to teaching and consuming mediated and in-person communications on the African continent and abroad.

Cybersecurity Crisis Management and Lessons Learned From the COVID-19 Pandemic Abassi, Ryma,Ben Chehida Douss, Aida,2022-04-15 The COVID-19 pandemic has forced organizations and individuals to embrace new practices such as social distancing and remote working. During these unprecedented times, many have increasingly relied on the internet for work, shopping, and healthcare. However, while the world focuses on the health and economic threats posed by the COVID-19 pandemic, cyber criminals are capitalizing on this crisis as the world has become more digitally dependent and vulnerable than ever. *Cybersecurity Crisis Management and Lessons Learned From the COVID-19 Pandemic* provides cutting-edge research on the best guidelines for preventing, detecting, and responding

to cyber threats within educational, business, health, and governmental organizations during the COVID-19 pandemic. It further highlights the importance of focusing on cybersecurity within organizational crisis management. Covering topics such as privacy and healthcare, remote work, and personal health data, this premier reference source is an indispensable resource for startup companies, health and business executives, ICT procurement managers, IT professionals, libraries, students and educators of higher education, entrepreneurs, government officials, social media experts, researchers, and academicians.

*Computer Security – ESORICS 2016* Ioannis Askoxylakis, Sotiris Ioannidis, Sokratis Katsikas, Catherine Meadows, 2016-09-14 The two-volume set, LNCS 9878 and 9879 constitutes the refereed proceedings of the 21st European Symposium on Research in Computer Security, ESORICS 2016, held in Heraklion, Greece, in September 2016. The 60 revised full papers presented were carefully reviewed and selected from 285 submissions. The papers cover a wide range of topics in security and privacy, including data protection: systems security, network security, access control, authentication, and security in such emerging areas as cloud computing, cyber-physical systems, and the Internet of Things.

*Masterminds of Terror* Yusri Fawdah, Nick Fielding, 2003 A One-of-a-Kind Expose of the September 11 Terrorist Plot That Changed Our Lives and Our World Irrevocably. When star Al-Jazeera TV reporter Yosri Fouda received an anonymous call summoning him to a secret interview in Pakistan with al-Qaeda, he knew he could be walking into a deadly trap, as Wall Street Journal reporter Daniel Pearl had done only months before. But he took the risk, and hit pay dirt. For 48 hours, Fouda listened as two of the world's most wanted men, Khalid Shaikh Mohammed, head of al-Qaeda's military committee, and Ramzi Binalshibh, the link between Mohammed Atta and the senior al-Qaeda leadership, proudly claimed responsibility for the 9/11 attacks on New York and the Pentagon -- the first time al-Qaeda took direct responsibility. During the course of the in-depth interview, they detailed exactly how, over a two-year period, the plot was conceived, planned, and executed. Among their many revelations: The intended target of United Airlines Flight 93. The code names used by the hijackers. Documents and souvenirs from Atta's Hamburg apartment. Actual e-mail communications between Atta and Binalshibh. The role both chief conspirators played in the slaying of Daniel Pearl. Mohammed's connections to the first World Trade Center attack. How Mohammed and Binalshibh built al-Qaeda's Far East network. Based on that interview and hours of follow-up investigation, *Masterminds of Terror* also contains dramatic accounts of the seizure of both Binalshibh and Mohammed and analyzes al-Qaeda's attempts to justify its actions on what it calls Holy Tuesday. With the recent headline-grabbing capture of Khalid Shaikh Mohammed, both masterminds are now being held by the U.S. government in secret locations. Here is the closest we may get to the full inside story of the plot, together with the most up-to-date and comprehensive account yet of the philosophy and actions of al-Qaeda Book jacket.

**Automate the Boring Stuff with Python, 2nd Edition** Al Sweigart, 2019-11-12 Learn how to code while you write programs that effortlessly perform useful feats of automation! The second edition of this international fan favorite includes a brand-new chapter on input validation, Gmail and Google Sheets automations, tips for updating

CSV files, and more. If you've ever spent hours renaming files or updating spreadsheet cells, you know how tedious tasks like these can be. But what if you could have your computer do them for you? Automate the Boring Stuff with Python, 2nd Edition teaches even the technically uninclined how to write programs that do in minutes what would take hours to do by hand—no prior coding experience required! This new, fully revised edition of Al Sweigart's bestselling Pythonic classic, Automate the Boring Stuff with Python, covers all the basics of Python 3 while exploring its rich library of modules for performing specific tasks, like scraping data off the Web, filling out forms, renaming files, organizing folders, sending email responses, and merging, splitting, or encrypting PDFs. There's also a brand-new chapter on input validation, tutorials on automating Gmail and Google Sheets, tips on automatically updating CSV files, and other recent feats of automations that improve your efficiency. Detailed, step-by-step instructions walk you through each program, allowing you to create useful tools as you build out your programming skills, and updated practice projects at the end of each chapter challenge you to improve those programs and use your newfound skills to automate similar tasks. Boring tasks no longer have to take to get through—and neither does learning Python!

**To Kill a Mockingbird** Harper Lee, 2014-07-08 Voted America's Best-Loved Novel in PBS's The Great American Read Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, To Kill a Mockingbird has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

Ask a Manager Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and

kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

**Crying in H Mart** Michelle Zauner, 2021-04-20 #1 NEW YORK TIMES BESTSELLER • From the indie rock sensation known as Japanese Breakfast, an unforgettable memoir about family, food, grief, love, and growing up Korean American—“in losing her mother and cooking to bring her back to life, Zauner became herself” (NPR). • CELEBRATING OVER ONE YEAR ON THE NEW YORK TIMES BESTSELLER LIST In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.

*It's Complicated* Danah Boyd, 2014-02-25 Surveys the online social habits of American teens and analyzes the role technology and social media plays in their lives, examining common misconceptions about such topics as identity, privacy, danger, and bullying.

**Excession** Iain M. Banks, 2008-09-04 The novels of Iain M. Banks have forever changed the face of modern science fiction. His Culture books combine breathtaking imagination with exceptional storytelling, and have secured his reputation as one of the most extraordinary and influential writers in the genre. 'Banks is a phenomenon' William Gibson Two and a half millennia ago in a remote corner of space, beside a trillion-year-old dying sun from a different universe, the artifact appeared. It was a perfect black-body sphere, and it did nothing. Then it disappeared. Now it is back. Diplomat Genar-Hofoen of Special Circumstances is sent to investigate but,

sidetracked by an old flame and the spoiled-brat operative Ulver Seich, and faced with the systematic depravities of a race who call themselves the Affront, it's anyone's guess whether he'll succeed . . . Praise for the Culture series: 'Epic in scope, ambitious in its ideas and absorbing in its execution' Independent on Sunday 'Banks has created one of the most enduring and endearing visions of the future' Guardian 'Jam-packed with extraordinary invention' Scotsman 'Compulsive reading' Sunday Telegraph The Culture series: Consider Phlebas The Player of Games Use of Weapons Excession Inversions Look to Windward Matter Surface Detail The Hydrogen Sonata The State of the Art Other books by Iain M. Banks: Against a Dark Background Feersum Endjinn The Algebraist Also now available: The Culture: The Drawings - an extraordinary collection of original illustrations faithfully reproduced from sketchbooks Banks kept in the 1970s and 80s, depicting the ships, habitats, geography, weapons and language of Banks' Culture series of novels in incredible detail.

The Herstories Project Jessica Smock, Stephanie Sprenger, 2013-11 The bonds of women's friendship can be more intimate than marriage, and just as essential to emotional health. From the childhood friend who broke your heart to the college roommate who witnessed you at your highest and lowest, from the lost friendship that ended bitterly to the devoted companion who is still in your life, from the bond that was forged due to shared grief to the shaky connection born with new motherhood, all women have stories to tell about their friendships. The HerStories Project: Women Explore the Joy, Pain, and Power of Female Friendship is a collection of essays from over 50 women writers, encompassing tales of friendship from the sandbox to the inbox. The book includes a foreword from Jill Smokler of Scary Mommy and several chapters on understanding friendship from friendship experts Shasta Nelson and Carlin Flora. In this book, you will read stories of childhood friendship, relationships between sisters, mothers, and daughters, grown-up friendships--both real life and online-- friendships during motherhood, and stories of friendship break-ups and losses. Whether you identify with the new mother who struggles with loneliness, the woman who looks forward to her social media notifications, the challenging and complex relationship of sisters, or the stories of friends that have drifted apart, you will recognize yourself somewhere in the pages of this book.

**The Domsday Mother** John Glatt, 2022-01-18 In The Domsday Mother, bestselling true crime author John Glatt tells the twisted tale of Lori Vallow, accused of having her two children murdered to start a new life with her new husband, doomsday prepper Chad Daybell. At first, the residents of Kauai Beach Resort took little notice of their new neighbors. The glamorous blonde and her tall husband fit the image of the ritzy gated community. The couple seemed to keep to themselves--until the police knocked on their door with a search warrant. Lori Vallow and Chad Daybell had fled to Hawaii in the midst of being investigated for the disappearance of Lori's children back in Idaho--Tylee and JJ--who hadn't been seen alive in five months. For years, Lori Vallow had been devoted to her children and her Mormon faith. But when her path crossed with Chad Daybell, a religious zealot who taught his followers how to prepare for the end-times, the tumultuous relationship transformed her into someone unrecognizable. As authorities searched for Lori's children, they uncovered more suspicious deaths with links to both Lori and Chad, including the death of Lori's third and fourth husbands, her brother, and Chad's wife. In June

2020, the gruesome remains of JJ and Tylee were discovered on Chad's property, and the newlyweds were arrested and charged with murder. And in a shocking development, horrifying statements revealed that the couple's fanatical beliefs had convinced them the children had become zombies--a belief that may have led to their deaths. Bestselling author and journalist John Glatt takes readers deeper into the devastating story of Lori Vallow and Chad Daybell in an attempt to unravel the lethal relationship of this doomsday couple.

**Building Microservices** Sam Newman,2015-02-02 Annotation Over the past 10 years, distributed systems have become more fine-grained. From the large multi-million line long monolithic applications, we are now seeing the benefits of smaller self-contained services. Rather than heavy-weight, hard to change Service Oriented Architectures, we are now seeing systems consisting of collaborating microservices. Easier to change, deploy, and if required retire, organizations which are in the right position to take advantage of them are yielding significant benefits. This book takes an holistic view of the things you need to be cognizant of in order to pull this off. It covers just enough understanding of technology, architecture, operations and organization to show you how to move towards finer-grained systems.

Global South Asia on Screen John Hutnyk,2018-06-14 With importance for geopolitical cultural economy, anthropology, and media studies, John Hutnyk brings South Asian circuits of scholarship to attention where, alongside critical Marxist and poststructuralist authors, a new take on film and television is on offer. The book presents Raj-era costume dramas as a commentary on contemporary anti-Muslim racism, a new political compact in film and television studies, and the President watching a snuff film from Pakistan. Hanif Kureishi's postcolonial 'fuck Sandwich' sits alongside Salman Rushdie's Satanic Verses, updated for the war on terror with low-brow, high-brow versions of Asia that carry us up the Himalayas with magic carpet TV nostalgia. Maoists rage below and books go up in flames while News network phone-ins end with executions on the Hanging Channel and arms trade and immigration paranoia thrives. Multiplying filmi versions of Mela are measured against a transnational realignment towards Global South Asia in a contested and testing political future. Each chapter offers a slice of historical study and assessment of media theory appropriate for viewers of Global South Asia seeking to understand why lurid exoticism and paralysing terror go hand-in-hand. The answers are in the images always open to interpretation, but Global South Asia on Screen examines the ways film and TV trade on stereotype and fear, nationalism and desire, politics and context, and with this the book calls for wider reading than media theory has hitherto entertained.
