Mobile Communication and the Family Sun Sun Lim,2016-02-04 This volume captures the domestication of mobile communication technologies by families in Asia, and its implications for family interactions and relationships. It showcases research on families across a spectrum of socio-economic profiles, from both rural and urban areas, offering insights on children, adolescents, adults, and the elderly. While mobile communication diffuses through Asia at a blistering pace, families in the region are also experiencing significant changes in light of unprecedented economic growth, globalisation, urbanisation and demographic shifts. Asia is therefore at the crossroads of technological transformation and social change. This book analyses the interactions of these two contemporaneous trends from the perspective of the family, covering a range of family types including nuclear, multi-generational, transnational, and multi-local, spanning the continuum from the media-rich to the media have-less.

Advance Care Planning Leah Rogne, Ph.D.,2013-07-29 This is a very substantive book that encompasses the various aspects of advance care planning, both prior to and after a diagnosis of a life-limiting disease. The realistic case studies help readers understand the complexities of decision-making by the individual and the family.--Doody's Medical Reviews While advance directives hold a great deal of promise for ensuring self-determination and quality of life near its end, the majority of Americans face life-threatening illness without having completed effective advance care planning.. This volume recounts the history of advance directives, chronicling the evolution of an approach that initially focused on completing forms, to one that now emphasizes more comprehensive strategies for facilitating conversations about end-of-life care and planning for dying and death. It provides helpful strategies for initiating and guiding discussions among providers, patients, and their loved ones, easing the burdens of uncertainty, and improving the efficacy of surrogate decision making near the end of life. Scholars and practitioners from a variety of disciplines provide a well-rounded view of the history and challenges of advance directives. Authors include palliative care physicians, nurses, social workers, grief counselors, educators, lawyers, psychologists, sociologists, and medical ethicists. The book shares successful strategies on how effective advance care planning can provide smoother transitions at the end of life and ensure better quality of living before death. It incorporates effective multidisciplinary, relationship-based models of advance care planning along with multidisciplinary perspectives to help caregiving professionals initiate conversations and disseminate relevant information to patients and their loved ones and advocates. Case studies illustrate the importance of, challenges with, and prospects for advance directives and advance care planning. The book addresses common barriers to advance care planning and offers ways to overcome them, as well as detailing public health, legal, and comprehensive community planning approaches to change how our current American society deals with dying, death, and end-of-life care. Key Features: Introduces a multidisciplinary, pragmatic approach to advance care planning Addresses strategies to reform advance care planning Presents case studies illustrating the importance, benefits, and challenges of advance directives Features successful initiatives in advance care planning and new directions that shift community practice related to dying, death, and end-of-life care. Includes the contributions of physicians, grief counselors, medical ethicists, social workers, psychologists, medical ethicists, lawyers, nurses, educators, and others

The Complete Book of Everyday Christianity R. Paul Stevens,Robert Banks,2018-12-01 “I am thrilled to know that The Complete Book of Everyday Christianity is being relaunched. A well-worn first edition of this book sits next to my office desk and I consult it often. There is no better collection of everyday issues examined from a Christian perspective. A wide variety of topics are addressed with a cleverly balanced combination of academic and practical perspectives, informed by thoughtful biblical and theological reflection. This is a wonderfully useful tool. I am pleased that it will be available to resource a new generation of Christians who are eager to understand more about what it means to follow Christ in every aspect of life.” — Alistair Mackenzie, Senior Lecturer: School of Theology, Mission and Ministry, Laidlaw College, Christchurch, New Zealand.
