**Full Medical** Steven M. Moore,2006-11 It is 2053. We are halfway into the bioengineering century. Miraculous medical advances have extended life spans for some but the correlation between health and wealth, existing even at the turn of the century, has become so extreme that many in the United States cannot afford full medical coverage. Periodic terrorist attacks are the aftermath of three wars in the Middle East. These problems and others have poisoned the body politic. A small group of well-meaning government and industry leaders, who believed they had the right answers to these problems, came together twenty years earlier to ensure that they would stay in power as long as possible. This novel is about how that plan goes terribly wrong. The plan starts unraveling when three young people escape from a secret government laboratory. One makes it all the way to the Philippines. The other two do not even get out of the country. All three are young look-alikes of important public figures. The cover-up begins with a murder in Maryland. An e-zine crime reporter, a Boston cop, and an expert in transplant rejection come together to solve the mystery. As the maelstrom sucks them in, it is not clear which government agency can be trusted nor how high the conspiracy goes. In Full Medical the reader is introduced to a frightening future world

that is extrapolated from today's post 9/11 events.

Kingdom of Magicians (free epic fantasy/sword and sorcery) Timothy L. Cerepaka,2016-10-30 A thousand years ago, the Good King rose and defeated the demons that had oppressed his people for centuries. After his final victory, he imprisoned the demons deep beneath the earth with a seal that will hold so long as his descendants hold the throne. Unfortunately, every dynasty comes to an end. And as time went on, people forgot about the demons, treating them as nothing more than scary tales meant to frighten disobedient children. And when the last king was killed and left no heir to succeed him, the once-proud Kingdom of Lamaira splintered into three factions that have fought for decades in their attempt to conquer what is left of the kingdom. Without a king on the throne, the demons will rise again and destroy the people of Lamaira. And when twenty-three-year-old swordsman Keo kills a demon in the woods, he realizes that the demons are returning. To prevent the demons' return, Keo must travel to the capital of his country to show the country's rulers the proof of the demons' return so they can prepare for the ancient threat. Keo must fight robbers, demons, and other threats on his way to the capital, but little does he know that there exists a traitor among the leaders who threatens to destroy the country from the inside.

**Tales of Animal Vengeance in the Fantasy World** Amrahs Atina, 2023-12-25 Welcome to a world where imagination takes flight, where creatures of myth and legend roam, and where the untamed wilderness is a battleground for epic battles of vengeance. In this book, Battles of the Beasts: Tales of Animal Vengeance in the Fantasy World, we journey into a realm where animals are imbued with magical powers, where kingdoms rise and fall, and where the laws of nature and fantasy intertwine in mesmerizing ways. Get ready to be swept away by a collection of fantastical stories that delve into the realm of animal vengeance like never before. In Battles of the Beasts, we continue this tradition by weaving animal protagonists into the fabric of fantastical worlds, where they rise against their oppressors, harness their magic, and seek retribution for the wrongs inflicted upon them. The stories in this book are inspired by a wide array of creatures from mythology and folklore, from majestic dragons to wise phoenixes, from cunning werewolves to graceful unicorns. These creatures come alive with vivid personalities, magical abilities, and unyielding determination as they navigate the challenges and perils of their

fantastical realms, seeking to right the wrongs done to them and their kind. Through their tales, we explore the depths of their emotions, the complexities of their worlds, and their unwavering pursuit of vengeance. Battles of the Beasts is not just a collection of stories about animals seeking revenge in a fantasy world; it is a reflection on the power of imagination, the importance of empathy, and the timeless human desire for justice. It invites us to ponder the meaning of power, the consequences of oppression, and the morality of revenge. It challenges us to question societal norms, to examine our biases and assumptions, and to explore the complexities of good and evil. It ignites our imaginations and transports us to worlds where animals are not just passive characters, but active agents shaping their destinies. As the author of these tales, I have drawn upon my love for fantasy literature, my fascination with myth and folklore, and my admiration for animals to create these stories. I have been inspired by the rich tapestry of fantasy worlds, the diversity of creatures that populate them, and the limitless possibilities of the genre. I have also been moved by the timeless themes of justice, equality, and the plight of the oppressed, which are just as relevant in the fantastical realms as they are in our world. Through these stories, I hope to transport readers to worlds where the fantastical and the natural collide, where animals are not just passive entities, but active participants in shaping their destinies.
