Billy Ray's Farm Larry Brown,2001-04-01 In his first work of nonfiction since the acclaimed *On Fire*, Brown aims for nothing short of ruthlessly capturing the truth of the world in which he has always lived. In the prologue to the book, he tells what it's like to be constantly compared with William Faulkner, a writer with whom he shares inspiration from the Mississippi land. The essays that follow show that influence as undeniable. Here is the pond Larry reclaims and restocks on his place in Tula. Here is the Oxford bar crowd on a wild goose chase to a fabled fishing event. And here is the literary sensation trying to outsmart a wily coyote intent on killing the farm's baby goats. Woven in are intimate reflections on the Southern musicians and writers whose work has inspired Brown's and the thrill of his first literary recognition. But the centerpiece of this book is the title essay which embodies every element of Larry Brown's most emotional attachments-to the family, the land, the animals. This is a book for every Larry Brown fan. It is also an invaluable book for every reader interested in how a great writer responds, both personally and artistically, to the patch of land he lives on.

The Queen of Storm and Shadow Jenna Rhodes,2017-05-02 *The Queen of Storm and Shadow* is the fourth and final novel in the spellbinding fantasy epic, *The Elven Ways*. The world of Kerith has reached a pivotal moment in its history, as rival factions are forced to band together against both known enemies and an unexpected invasion force. Life, Death, and the elemental Gods have awakened in the lands of Kerith after a cataclysmic collision with Trevalka, home of Vaelinar ambition, lies, and magic. Only a handful of the bravest and most foolhardy left standing dare to face the consequences of these two worlds meeting. Unwillingly thrust through space and time, the Vaelinars have made the most of their exile and woven the threads of their magic deep into the fabric of Kerith.

Makers and masters of the Elven Ways, now they, and the Gods, must choose their final paths. Rivergrace and her partner Sevryn have no choice but to cross the treacherous divide between worlds in pursuit of Quendius and his army of Undead. They are determined to risk everything to prevent the Death Master from joining forces with the queen of lost Trevalka, a tyrant who has risen to power by draining the energies of those around her. Cut off from all their allies and friends, Rivergrace and Sevryn may have to sacrifice their magic, their love, and their very existence to save the world they left behind. Back on Kerith, the Warrior Queen Lariel awakens from an assassination attempt to find her people on the brink of civil war. Lariel's heirs—Nutmeg Farbranch's children—have been kidnapped, and Nutmeg will risk anything for their safe return. As primal forces rise in judgment, Dwellers, Kernans, Galdarkans, and Vaelinars alike must pick allies carefully if any of them are to survive.

Preparing for sand and dust storm contingency planning with herding communities Food and

Agriculture Organization of the United Nations,2023-11-14 This report outlines the conceptual framework for sand and dust storms (SDS) hazard risk and vulnerability assessment and mapping in agriculture and provides the elements as part of SDS contingency planning process in agriculture in Mongolia. Its main purpose is to provide an applicable procedure to reduce SDS risk and impacts on agriculture. This is the first attempt to develop a contingency plan for SDS risk reduction in agriculture. It includes a set of agriculture-specific indicators proposed to assess SDS risk and discusses the required steps for developing indicators and procedures. Furthermore, a methodology for SDS contingency planning in agriculture is described, including the legal and institutional frameworks in Mongolia relevant to SDS intervention as well as the organizational responsibilities for implementing the contingency plan. It reviews the main action areas and challenges to be addressed in SDS contingency planning in agriculture for two rural districts or soums (Saintsagaan soum of Dundgobi province and Zamyn-Uud soum of Dornogobi province). It provides an action framework for the identification and fine-tuning of SDS priority actions to be addressed and integrated into existing national and local SDS disaster risk reduction/management plans and/or sectoral development plans in Mongolia. Mongolia is highly impacted by sand and dust storms (SDS), particularly livestock herding. Reducing risks and mitigating the adverse effects of SDS on agriculture remains very important as the country is highly dependent on the sector. With climate change, it is expected that droughts and land use changes will increase the frequency and severity of SDS risks. Hence, urgent action is needed, whereby short-term responses are required to be linked to long-term development actions for building resilience against SDS.

Rolling Thunder Stock Car Racing: Young Guns Kent Wright, Don Keith, 2014-06-24 The pedal meets the metal in Rolling Thunder Stock Car Racing--the thrilling series from Kent Wright and Don Keith that traces the history of stock car racing from the dusty dirt tracks of East Tennessee to the multi-million-dollar, high-tech venues of today. The tracks are faster. The cars, too. But the hunger for speed--and the hunt for the checkered flag--hasn't changed. Jodell Bob Lee has long since retired from driving, but the love of the sport is still like a fire in his belly. When he spots a talented young driver he can't help remembering his own glory days. It's as if he is thirty years younger and racing the dirt tracks of Tennessee all over again. Jodell has an idea: his old friend and former wrench, Billy Winton, has put together a racing team, but so far wins have been hard to come by. Billy is looking for a driver who can do more than just chase the checkered flag. He needs a young gun who can tame the superspeedways and take the flag. A new partnership is born. But the Kid has a few obstacles in the way, namely Dale Earnhart, Jr., Adam Petty, Casey Atwood, and the other young guns who are clearly stock car racing's next wave of stars. It's a new generation of drivers, but the prize in Young Guns is the same: the checkered flag!
