Did Somebody Step on a Duck? Jim Dawson,2010-05-04 This impolite, aromatic, and incredibly erudite flatulence compendium will astound you with: • The recent discovery of the world's oldest joke, a proverb from the Old Babylonian period, that turned out to be—that's right, folks—a fart joke. • A new reading of Emily Dickinson's poetry that "reveals" the true meaning behind "They Have a Little Odor." • A harrowing account of Apollo astronauts getting inner-space gas from hydrogen bubbles in their drinking water on their way to the moon. • The other Tiger Woods scandal—this one involving a mysterious cheek-squeak recorded while Tiger sized up an approach shot at the 2009 Buick Open. • A scientist who built the world's biggest whoopee cushion and lived to tell about it and many more wacky but true tales from the fart historian who brought you the best-selling Who Cut the Cheese? and its combustible sequel, Blame It on the Dog. In this incomparable collection you'll experience firsthand the Jungian implications of farting, the environmental import of "flatulence cards" in the carbon-offset market, and the brutally honest social commentary of a man whose office chair broadcasts his farts on Twitter. After reading this book you'll proudly proclaim, "I fart, therefore I am."

Eagle Song James Houston,1983 In 1803, a New England trading ship put in at the Nootkan village of the Eagle House on the Canadian Pacific coast. Its purposes were to replenish provisions, barter for valuable sea otter pelts and, incidentally, to obtain sexual services of the young village women. A group of rebellious Indian youths, infuriated by the arrogance and disdain of the white men, carried out a violent plan to massacre the crew and plunder the ship. Surviving the slaughter were Jewitt, the appealing and skilful ironsmith, and Thompson, the dour sailmaker. Eagle Song is the turbulent tale of their two-year captivity, seen through the eyes of Siam, a Nootkan nobleman.

Reminded by the Instruments You Nakai,2021 David Tudor is remembered today as an extraordinary pianist of post-war avant-garde music who worked closely with composers like John Cage and Karlheinz Stockhausen and as a founding figure of live-electronic music. His bold reinterpretation of Cage's Variations II and his idiosyncratic performances using homemade modular instruments inspired a whole generation of musicians. But his reticence, his unorthodox approaches, and the diversity of his creative output—which began with the organ and ended with visual art—have kept Tudor a puzzle. Reminded by the Instruments sets out to solve the puzzle of David Tudor by applying Tudor's own methods for approaching the materials of others to the vast archive of materials that he himself left behind. Author You Nakai deftly patches together instruments, electronic circuits, sketches, diagrams, recordings, letters, receipts, customs declaration forms, and testimonies like modular pieces of a giant puzzle to reveal a new perspective on Tudor's creative process. Rejecting the established narrative of Tudor as a performer-turned-composer, this book presents a lively portrait of an artist whose work always merged both of these roles. In reading Tudor's electronic devices as musicological 'texts' and examining his dissection of electronic circuits, Nakai transcends discourses on sound and illuminates our understanding of the instruments behind the sounds in post-war experimental music.
