Art + Fashion E.P. Cutler, Julien Tomasello, 2015-10-13 A volume of magnificent proportions, *Art + Fashion* is as exciting and elegant as the creative partnerships it celebrates. Spanning numerous eras, men and women's fashion, and a wide range of art mediums, these 25 collaborative projects reveal the astonishing work that results when luminaries from the art world (such as Pollock, Haring, and Hirst) come together with icons of the fashion world (including Saint Laurent, Westwood, McQueen). From 20th-century legends such as Elsa Schiaparelli and her famous lobster dress painted by Salvador Dalí to 21st-century trailblazers such as Cindy Sherman and her self-portraits in vintage Chanel, these electric and provocative pairings—represented in lavish visuals and thoughtful essays reflecting on the history of each project—brim with the energy and possibility of powerful forces uniting.

Fashion and Art Adam Geczy, Vicki Karaminas, 2013-08-15 For at least two centuries, fashion and art have maintained a competitive love-hate relationship. Both fashion and art construct imaginary worlds, and use a language of style to invigorate beliefs, perceptions and ideas. Until now the crossovers of fashion and art have received only scattered treatment and suffered from a dearth of theorization. As an attempt to theorize the area, this collection of new and updated essays is the most well-rounded and authoritative to date. Some of the world's foremost scholars in the field are assembled here to explore the art-fashion nexus in numerous ways: from aesthetics and performance to masquerade and media. Original and inspiring, this book will not only secure 'art-fashion' as a discrete area of study, but also suggest new critical pathways for exploring their continuing cross-pollination. *Fashion and Art* is essential reading for students and scholars of fashion, art history and theory, cultural studies and related fields.

From the stylization of the body to subtle textile embellishments and richly symbolic colors, dress tells a story and provides clues as to the cultural beliefs of the time in which artworks were produced. This concise and accessible book provides a step-by-step guide to analysing dress in art, including paintings, photographs, drawings and art installations. The first section of the book includes an introduction to visual analysis and explains how to 'read' fashion and dress in an artwork using the checklists. The second section offers case studies which demonstrate how artworks can be analysed from the point of view of key themes including status and identity, modernity, ideals of beauty, gender, race, globalization and politics. The book includes iconic as well as lesser known works of art, including work by Elisabeth Vigée le Brun, Thomas Gainsborough, James Jacques Tissot, Marcel Duchamp and Man Ray, Yinka Shonibare, Mickalene Thomas, Kent Monkman and many others. Reading Fashion in Art is the perfect text for students of fashion coming to art history for the first time as well as art history students studying dress in art and will be an essential handbook for any gallery visitor.
