Rosen, 1978 Calculator Mathematics for the Real Estate Professional has two objectives: 1) to show you how to correctly answer the mathematics questions on a real estate licensing examination for salespersons or brokers; 2) to be a time-saving reference for real estate professionals, investors, tenants, accountants, lenders, and attorneys. The first ten chapters explain the various computations one will encounter in licensing examinations and everyday practice. The last three chapters describe how to use a pocket calculator to quickly solve these computations, and provide the method of solving more complex and advanced problems such as: computation of the area of unusually shaped land areas and the various calculations related to 'balloon mortgages. The Student's Guide to Financial Literacy Robert E. Lawless, 2010-03-11 Presenting a broad array of financial knowledge, this interesting, easily understandable book will aid students and young adults in achieving their desired levels of wealth, success, and overall financial and personal fulfillment. The recent global financial crisis was caused, at least in part, by the financial ignorance of many consumers. Many students and young adults in particular have never been taught the basics of financial planning. Yet, the earlier people move from financial illiteracy to literacy, the greater the benefits that will accumulate over time. As *The Student's Guide to Financial Literacy* makes clear, practices adopted in the early years of adulthood can have the most dramatic effect on a person's ultimate quality of life, level of success, and age of retirement. This book is designed to convey financial wisdom in terms that are easy to understand with suggestions that are easy to apply. Readers will learn about the importance of budgeting and saving, the compounding of money, and how to create a diversified portfolio of investments. Included is advice on buying a first home, the characteristics of good debt versus bad debt, insurance and tax planning, even choosing the right career.
