Before We Were Strangers Renée Carlino, 2015-08-18 From the USA TODAY bestselling author of Sweet Thing and Nowhere But Here comes a love story about a Craigslist "missed connection" post that gives two people a second chance at love fifteen years after they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago, almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn't stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn't see you again until a month ago. It was a Wednesday. You were

rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn't know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I've spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half? M

No Bad Deed Heather Chavez, 2020-02-18 "A twisty, jet-fueled thriller... Don't miss it!" - Lisa Gardner Packed with the electrifying pacing and pulse-pounding suspense of Harlan Coben and Lisa Gardner, a thrilling debut about a

mother desperate to find the connections between her missing husband and a deadly stalker who knows too much about her own dark family history. Driving home one rainy night, Cassie Larkin sees a man and woman fighting on the side of the road. After calling 911, she makes a split-second decision that will throw her suburban life into chaos. Against the dispatcher's advice, she gets out of her minivan and confronts the attacker. That's when he turns on her and spits out a chilling ultimatum: "Let her die, and I'll let you live." A veterinarian trained to heal, Cassie can't let the woman die. But while she's examining the unconscious victim, the attacker steals her car. Now he has her name. Her address. And he knows about her children. Though they warn her to be careful, the police assure her that the perpetrator won't get near her. Cassie isn't so sure. The next day—Halloween—her husband disappears while trick-or-treating with their six-year-old daughter. Are these disturbing events a coincidence or the beginning of a horrifying nightmare? Her husband has been growing distant—is it possible he's become involved with another woman? Is Cassie's confrontation with the road-side attacker connected to her husband's disappearance? With these questions swirling in her mind Cassie can trust no one, maybe not even herself. The only thing she knows for sure is that she can't sit back while the people she loves are in danger. As she desperately searches for answers, Cassie discovers that nothing is as random as it seems, and that she is more than willing to fight—to go to the most terrifying extremes—to save her family.

Dear Data Giorgia Lupi, Stefanie Posavec, 2016-09-13 Equal parts mail art, data visualization, and affectionate correspondence, *Dear Data* celebrates the infinitesimal, incomplete, imperfect, yet exquisitely human details of life, in the words of Maria Popova (*Brain Pickings*), who introduces this charming and graphically powerful book. For one year, Giorgia Lupi, an Italian living in New York, and Stefanie Posavec, an American in London, mapped the particulars of their daily lives as a series of hand-drawn postcards they exchanged via mail weekly—small portraits as full of emotion as they are data, both mundane and magical. *Dear Data* reproduces in pinpoint detail the full year's set of cards, front and back, providing a remarkable portrait of two artists connected by their attention to the details of their lives—including complaints, distractions, phone addictions, physical contact, and desires. These details illuminate the lives of two remarkable young women and also inspire us to map our own lives, including specific suggestions on what data to draw and how. A captivating and unique book for designers, artists, correspondents, friends, and lovers everywhere.

Moving Pictures Terry Pratchett, 2009-03-17 Humorously entertaining. . . subtly thought-provoking. . .

Pratchett's Discworld books are filled with humor and with magic, but they're rooted in—of all things—real life and cold, hard reason. —Chicago Tribune The tenth installment in the Discworld fantasy series from acclaimed New York Times bestselling author Sir Terry Pratchett Discworld's pesky alchemists are up to their old tricks again. This time, they've discovered how to get gold from silver—the silver screen that is. Hearing the siren call of Holy Wood is one Victor Tugelbend, a would-be wizard turned extra. He can't sing, he can't dance, but he can handle a sword (sort of), and now he wants to be a star. So does Theda Withel, an ambitious ingénue from a little town you've probably never heard of. But the click of moving pictures isn't just stirring up dreams inside Discworld. Holy Wood's magic is drifting out into the boundaries of the universes, where raw realities, the could-have-beens, the might-bes, the never-weres, and the wild ideas are beginning to ferment into a really stinky brew. It's up to Victor and Gaspode the Wonder Dog to rein in the chaos and bring order back to a star struck Discworld. And they're definitely not ready for their close-up! The Discworld novels can be read in any order but Moving Pictures is a standalone.
