La complejidad del Barça / The Barcelona Complex: Lionel Messi and the Making And Unmaking of the World's Greatest Soccer Club Simon Kuper, 2022-07-12 Con un acceso excepcional e inigualable, el coautor de Soccernomics y periodista del

Financial Times, Simon Kuper cuenta la historia de cómo el FC Barcelona se convirtió en el club más exitoso del mundo, y cómo esa era está finalizando. Del exitoso coautor de Soccernomics llega la historia de cómo el FC Barcelona se convirtió en el club de fútbol más exitoso del mundo, y cómo esa posición envidiada ahora está en juego. El Barça no es solo el club deportivo más popular del mundo, es simplemente una de las organizaciones más influyentes del planeta. Con casi 250 millones de seguidores en las redes sociales y 4 millones de visitantes en su estadio Camp Nou cada año, no es de extrañar que su lema sea 'Más que un club'. Pero no siempre fue así. En las últimas tres décadas, el Barcelona pasó de un equipo regional a una potencia mundial, convirtiéndose en un modelo de excelencia deportiva y un constante ganador de títulos nacionales e internacionales. Simon Kuper desentraña exactamente cómo se produjeron estas transformaciones. Describe la estructura organizativa detrás de las decisiones comerciales del club y detalla el trabajo de sus entrenadores, médicos, analistas de datos y nutricionistas que han revolucionado el mundo del deporte. Y, por supuesto, estudia la imponente influencia de las dos grandes leyendas del club, Johan Cruyff y Lionel Messi. Al igual que muchas empresas líderes a nivel mundial, el FC Barcelona guarda de cerca sus secretos, permitiendo que pocos sean los elegidos que puedan mirar entre bastidores. Pero, después de décadas de escribir sobre el club, Kuper recibió un acceso sin precedentes al santuario interior y a las personas que se esfuerzan a diario por mantener al Barcelona en la cima. Erudito, personal y plasmando los últimos éxitos y convulsiones, su retrato de esta increíble institución va más allá del fútbol para entender al Barça como un fenómeno social, cultural y político único. Comencé mi investigación pensando que iba a explicar el ascenso del Barça a la grandeza, pero también terminé detallando el declive y la caída. ENGLISH DESCRIPTION: With rare and unrivaled access, bestselling coauthor of Soccernomics and longtime Financial

Times journalist Simon Kuper tells the story of how FC Barcelona became the most successful club in the world—and how that era is now ending. FC Barcelona is not just the world's highest grossing sports club, it is simply one of the most influential organizations on the planet. At last count, it had approximately 214 million social media followers, more than any other sports club except Real Madrid CF—and by one earlier measure, more than all thirty-two NFL teams combined. It has more in common with multinational megacompanies like Netflix or small nation-states than it does with most soccer teams. No wonder its motto is "More than a club." But it was not always so. In the past three decades, Barcelona went from a regional team to a global powerhouse, becoming a model of sustained excellence and beautiful soccer, and a consistent winner of championships. Simon Kuper unravels exactly how this transformation took place, paying special attention to the club's two biggest stars, Johan Cruyff and Lionel Messi, who is arguably the greatest soccer player of all time. Messi joined Barça at age thirteen and, more than anyone, has been the engine and standard-bearer of Barcelona's glory. But his era is coming to an end—and with it, a once-in-a-lifetime golden run. This book charts Barça's rise and fall. Like many world-beating organizations, FC Barcelona closely guards its secrets, granting few outsiders access to the Camp Nou, its legendary home stadium. But after decades of writing about the sport and the club, Kuper was given access to the inner sanctum and the people behind the scenes who strive daily to keep Barcelona at the top. Erudite, personal, and capturing all the latest upheavals, his portrait of this incredible institution goes beyond soccer to understand FC Barcelona as a unique social, cultural, and political phenomenon.

Lionel Messi Leaves Barcelona Kante Keir, Sergio, 2021-08-07
THE END OF AN ERA ! (2004-2021) Better believe it, I'm truly stunned just as being SAD on the grounds that our top pick and the GOAT, Lionel Messi won't proceed with FC Barcelona any

longer! Tragically, the unbelievable 17-year profession of Leo Messi at FC Barcelona seems to have reached a conclusion at long last. However, why he's leaving Barca? Indeed, how about if we check the management articulation of FCB President Joan Laporta! The president's declaration that Lionel Messi won't proceed at the Barca, came as a surprise package to many people, especially the millions of fans. the FCB President Joan Laporta himself addressed the press on Friday, August 6, 2021. He repeated that the monetary condition of the club made it difficult to keep Leo Messi. And furthermore, that Messi's new agreement can't be enrolled because of La Liga's compensation cap rules. In the meantime, for making a compensation charge that is higher than the entirety of the club's pay, the President really accused the system of Josep Maria Bartomeu. As unmistakably to start turning the accounts around, it was an essential advance to permit Leo Messi to leave the club. Regardless of FC Barcelona and Lionel Messi having agreed and the unmistakable expectation of the both to sign another agreement today, this can't occur due to monetary and primary deterrents (Spanish Liga guidelines). Because of the present circumstance, Messi will not be remaining at FC Barcelona. They both profoundly lament that the desires of the player and the club will eventually not be satisfied. FC Barcelona earnestly offers its thanks to the player for his commitment to the glorification of the club and hopes everything would turn great for him for the future in his own and expert life. All in all, what do you believe, what's next for Leo, and where will he go? Indeed, as per the most recent reports, the PSG has effectively begun a contract with Leo Messi to sign him as a Free Agent? Anyway, is it going to be PSG? or potential Manchester city? the next favorite to the current top picks to sign is Leo Messi! Or another club? Remark your conclusions underneath!

Invisible Women Caroline Criado Perez, 2019-03-12 #1

International Bestseller Winner of the 2019 Financial Times and McKinsey Business Book of the Year Award Winner of the 2019

Royal Society Science Book Prize A landmark, prize-winning, international bestselling examination of how a gender gap in data perpetuates bias and disadvantages women, now in paperback Data is fundamental to the modern world. From economic development to health care to education and public policy, we rely on numbers to allocate resources and make crucial decisions. But because so much data fails to take into account gender, because it treats men as the default and women as atypical, bias and discrimination are baked into our systems. And women pay tremendous costs for this insidious bias, in time, in money, and often with their lives. Celebrated feminist advocate Caroline Criado Perez investigates this shocking root cause of gender inequality in the award-winning, #1 international bestseller Invisible Women. Examining the home, the workplace, the public square, the doctor's office, and more, Criado Perez unearths a dangerous pattern in data and its consequences on women's lives. Product designers use a "one-size-fits-all" approach to everything from pianos to cell phones to voice recognition software, when in fact this approach is designed to fit men. Cities prioritize men's needs when designing public transportation, roads, and even snow removal, neglecting to consider women's safety or unique responsibilities and travel patterns. And in medical research, women have largely been excluded from studies and textbooks, leaving them chronically misunderstood, mistreated, and misdiagnosed. Built on hundreds of studies in the United States, in the United Kingdom, and around the world, and written with energy, wit, and sparkling intelligence, this is a groundbreaking, highly readable exposé that will change the way you look at the world.
