*The Cathedral & the Bazaar* Eric S. Raymond,2001-02-01 Open source provides the competitive advantage in the Internet Age. According to the August Forrester Report, 56 percent of IT managers interviewed at Global 2,500 companies are already using some type of open source software in their infrastructure and another 6 percent will install it in the next two years. This revolutionary model for collaborative software development is being embraced and studied by many of the biggest players in the high-tech industry, from Sun Microsystems to IBM to Intel. *The Cathedral & the Bazaar* is a must for anyone who cares about the future of the computer industry or the dynamics of the information economy. Already, billions of dollars have been made and lost based on the ideas in this book. Its conclusions will be studied, debated, and implemented for years to come. According to Bob Young,

This is Eric Raymond's great contribution to the success of the open source revolution, to the adoption of Linux-based operating systems, and to the success of open source users and the companies that supply them. The interest in open source software development has grown enormously in the past year. This revised and expanded paperback edition includes new material on open source developments in 1999 and 2000. Raymond's clear and effective writing style accurately describing the benefits of open source software has been key to its success. With major vendors creating acceptance for open source within companies, independent vendors will become the open source story in 2001.

game? Then this book is for you. This practical guide provides you with the foundational tools needed to write, design, and create healthy sexual content in video games in ways that are narratively compelling, varied, and hot! Challenging the assumptions that sex in games is superfluous, exploitative, or only of interest to straight guys, this book encourages designers to create meaningful, enjoyable sexual content for all audiences. Using examples from well-known AAA games (and some standout indie content!), each chapter provides a framework to guide game writers, designers, and developers through the steps of creating and executing sexual content in their games – from early concept, to setting it up in larger game narrative, and finally to executing specific sexual scenes and sequences. It also lays out a host of details and considerations that, while easily missed or forgotten, can have a major impact on the quality or theme of the scene. Offering expert insight and ideas for creating sex scenes in games, this book is vital reading for game designers, writers, and narrative designers who are interested in making games with sexual content. It will also appeal to artists, cutscene directors, audio engineers, composers, and programmers working on these games – or

really, any game developer with an interest in the topic!

Dom's Guide To BDSM Vol. 1 Matthew Larocco,2015-08-19 Much of what we've "heard" about BDSM and the lifestyle is wrong. Our opinions on this lifestyle and art form are oftentimes shaped by

other people who have heard something about it and perhaps embellished it to the point of perpetuating myths. The truth is that BDSM is not degrading towards women, and it's also a concept that you will find is not "scary." And even the "pain" that is spoken of is not the type of pain people think it is. This book is written for Doms/Masters in training. It is written for you, the average guy or gal, who doesn't already have a closet full of leather and whips, and who really has little idea about what BDSM is besides what they've heard about it. What you are going to find out, is that the Dom/Master actually has the more complicated role. The master has the task of giving pleasure and discipline to the slave or sub. A great deal of what you do as a Dom will be for the benefit of a sub. You must derive pleasure from giving, have a great desire to please a partner, and not simply take what you want. Still interested? Good. Now that we know you're a REAL master in training, one that will respect the rules, respect the slave you have power over, and follow protocol, you can begin your Dom training. Only then can you truly earn the utmost respect and admiration from your sub. In Volume 1 of this series we are going to discuss: - How to think and act like a Dom - What the slave

expects from you - What not to do and what instincts you do NOT want to follow - Your motivation and your goals - How to find out a sub's taboo - How to negotiate, find agreement and ensure that game play is always safe - How to make a slave yearn for you and desire to be controlled by you - And much more...

**Ask a Manager** Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems

unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party

Praise for *Ask a Manager* “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's *Ask a Manager* column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “*Ask a Manager* is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

**The Dominance Playbook** Anton Fulmen,2019-04 In *The Dominance Playbook*, kink educator and lifelong power exchange fanatic Anton Fulmen builds on the fundamentals he established in *The Heart of Dominance* to explore beyond the basics of dominance and submission in both scenes and relationships. The *Playbook* includes inspiration and practical advice for a wide range of power exchange practices: administering effective punishments, providing useful service, navigating the delicate territory of sexual objectification, and other fulfilling but sometimes tricky areas of kink. You'll find invaluable guidance for creating an intense evening of power exchange play, and also for weaving power exchange into the fabric of a long term relationship - in ways that are exciting, fulfilling and sustainable for everyone.

*The Forked Tongue Revisited* Flagg, 2019-06-05 This book is not comforting; it does not reassure. It does not teach anything a decent person needs to know. It is a book about BDSM, but it will teach you nothing about tying knots, swinging floggers or spanking. It does not attempt to reach the vanilla

public. This book addresses control, it addresses change. The recreational uses of humiliation, conditioning, psychological torture, hypnotism and interrogation techniques are explored and laid bare, broken into usable steps and understandable, applicable concepts. It is a workshop of ruin, the tools necessary to cement lasting alteration and unforgettable experiences for those few who truly crave them. Note: This is the revisited addition that includes additional transcriptions from classes and lectures as well as memorial content that sheds additional light on the author and his work.

*The Subs Club* J. A. Rock, 2018-09 A year ago, my best friend Hal died at the hands of an incompetent dom. So I started the Subs Club, a private blog where submissives can review doms and call out the douche bags. A perfect example of the kind of arrogant asshole I mean? The Disciplinarian. He has a pornstache. He loves meat, stoicism, America, and real discipline. And he thinks subs exist to serve him. But . . . not everything about him is awful. His Davy Crockett act just seems like a cover for his fear of intimacy, and part of me wants to show him it's okay to get close to people. And, I mean, sue me, but I have fantasized about real discipline. Not role-play, but like, Dave,

you're gonna be thirty in four years and you still work in a mall; get your ass in gear or I'll spank it. Not that I'd ever trust anyone with that kind of control. I'm gonna redefine battle of wills for the Disciplinarian. Or I'm gonna bone him. It's hard to say. -Dave

*Author Anonymous* E.K. Blair,2017-05-01 She's an author. She's a mother. She's a wife. She's a fraud, a woman marked and bound by her own deceit. Experience the astounding tale of how Anonymous battled through a year of scandals and betrayals, how her world fell from its axis with a single choice, and how she lost herself between reality and fantasy.

*A Shiver of Light* Laurell K. Hamilton,2014-06-03 Merry Gentry, ex-private detective and full-time princess, is now the mother of triplets, a rarity in the high ranks of faerie. And not everyone is happy about it, including Taranis, King of Light and Illusion. He's using the human courts to sue for visitation rights, claiming that one of the babies is his. To save herself and her children, Merry will use the most dangerous powers in all of faerie: a god of death, a warrior known as the Darkness, the Killing Frost, and a king of nightmares. They are her lovers, and her dearest loves, and they will face down the

might of the high courts of faerie—while trying to keep the war from spreading to innocent humans in Los Angeles, who are in danger of becoming collateral damage.

**Finding Love Through Female Domination** Renee Lane, 2022-09 Soon to be a full-length motion picture directed, produced, and filmed by women Dominatrix Renee Lane and her submissive husband live in Memphis, Tennessee, disguised as an average married couple. In private life, they are mistress and slave. For the last ten years, Ms. Renee has employed erotic S&M, mind control, and brainwashing techniques to forge an intimate and loving bond with her submissive partner. They consider themselves explorers of the boundaries of consensual female domination. Ms. Renee's intense and radical approach to their relationship will challenge the reader who merely dabbles in BDSM. The book is a collection of e-mails between Renee and a close friend, as well as Butler's journal detailing his ever deepening submission to his true love. We follow the story as Renee continually challenges him to give up control and abandon his own agency. All the while she urged on by her lover and confidant, Heather, who acts as both observer and accomplice to his total

enslavement. Make no mistake, this is a love story. A story of unrelenting faith, trust, and devotion, and a couple's willingness to cross boundaries and take things to the limit together in their own special world. Mind-bendingly erotic, and heart-wrenchingly romantic. An answer to the misconceptions of BDSM and Total Power Exchange portrayed in popular media.

After the life-changing events of those years, these children—now teenagers—must leave the school and readapt to life in the outside world. Having not seen their families or interacted with other people for years—where do they go now? What can they do? Ender fought for humanity, but he is now reviled as a ruthless assassin. No longer allowed to live on Earth,
