Department of Transportation,2011 Iowa's Statewide Transportation Improvement Program (STIP) has been developed in conformance with the guidelines prescribed by 23 USC and 49 USC. Preceding the listings of federal-aid candidates are general comments concerning Iowa's public participation process for selection of federal-aid projects and the basis for funding the proposed projects. Rethinking Stateless Nations and National Identity in Wales and the Basque Country Sophie Williams,2018-08-10 This book looks at the fundamental components of national identity as understood by ordinary nation members, and the way in which it is mobilised by political elites. Drawing on an original case comparison between Wales and the Basque Country, the author suggests there are many commonalities between these two nations, particularly around the fundamentals of their national identities. However, differences occur in terms of degree of intensity of feeling and around the politicisation of identity, with more entrenched and hostile political positioning in the Basque Country than Wales. Through a multi-level comparison, the book generates insights into national identity as a theoretical concept and in a 'stateless nation' context. It argues for national identity's intangible, yet polemical, nature, looking at the primordialist way it is understood, its permanence and importance, coupled with its lack of everyday salience and consequent obligations.
