Sirens Joseph Knox,2018-02-20 A riveting thriller about a damaged undercover detective navigating a web of politicians, drug lords, missing persons, and his own flawed department, perfect for readers of Tana French, Don Winslow and Dennis Lehane. Infiltrating the inner circle of enigmatic criminal Zain Carver is dangerous enough. Pulling it off while also rescuing Isabelle Rossiter, a runaway politician's daughter, from Zain's influence? Impossible. That's why Aidan Waits is the perfect man for the job. Disgraced, emotionally damaged, and despised by his superiors. In other words, completely expendable. But Aidan is a born survivor. And as he works his way deep into Zain's shadowy world, he finds that nothing is as it seems. Zain is a mesmerizing, Gatsby-esque figure who lures young women into his orbit—women who have a bad habit of turning up dead. But is Zain really responsible? And will Isabelle be next? Before long, Aidan finds himself in over his head, cut loose by his superiors, and dangerously attracted to the wrong woman. How can he save the girl if he can't even save himself?

The Trinity of Trauma: Ignorance, Fragility, and Control Ellert Nijenhuis,2017-04-03 Enactive trauma therapy is grounded in so-called enactivism, which holds that, like anyone else, traumatized individuals are (1) embrained, embodied, and environmentally embedded; (2) constitute biopsychological organism-environment systems that are essentially interested in preserving their existence; (3) are primarily affective and oriented toward making sense of things. Individuals exhibit a phenomenal self, world, and self-of-the-world through self- and world-oriented actions. They do not act on the basis of knowledge, but possess knowledge on the basis of world-engaged sensorimotor, affect-laden, and goal-oriented actions. Whenever interpersonal traumatization by significant others occurs, individuals may get caught up in affective and relational conflicts they cannot resolve on their own. Their generation and maintenance of a trauma-related dissociation of the personality involves a kind of sense-making that supports their continued existence when their capacity to integrate traumatic experiences is still too low. However, what starts as a courageous effort to navigate a traumatizing life may at some point in time become a serious problem. Enactive trauma therapy comprises the collaboration of two organism-environment systems: the patient and the therapist. Together they spawn new meaning and adequate actions – an interaction that resembles dancing: It takes pacing, mutual attunement, good timing, a sensitivity to balance, movement and rhythm, courage, as well as the ability and willingness to follow and lead.

Siren's Fury Mary Weber,2015-06-02 "I thrust my hand toward the sky as my voice begs the Elemental inside me to waken and rise. But it's no use. The curse I've spent my entire life abhorring—the thing I trained so hard to control—no longer exists." Nym risked her life to save Faalen, her homeland, from a losing war, only to discover that the shapeshifter Draewulf has stolen everything she holds dear. But when the repulsive monster robs Nym of her storm-summoning abilities as well, the beautiful Elemental realizes her war is only just beginning. Now powerless to control the elements that once emboldened her, Nym stows away on an airship traveling to the metallic kingdom of Bron. She must stop Draewulf. But the horrors he's brought to life and the secrets of Bron are more than Nym bargained for. Then the disturbing Lord Myles tempts her with new powers that could destroy the monster, and Nym must decide whether she can compromise in the name of good even if it costs her very soul. As she navigates the stark industrial cityscape of Bron, Nym is faced with an impossible choice: change the future with one slice of a blade . . . or sacrifice the entire kingdom for the one thing her heart just can't let go.

But Seamus can't rely on fate when Neri refuses to even consider mating the man who ran from her in the first place.
