When to Get My Kid a Phone Drew Hill, 2020-09-07 Determining when to get your child a smartphone is a complicated yet critical decision. Parents today are facing new challenges as technology and our children's access to it gives rise to new worries and concerns. Thoughtful parents wonder how to steward technology well and protect their children from potential pitfalls. When is the right time to give your child access to such powerful tools? Pastor and author Drew Hill encourages parents that instead of being controlled by fear and forbidding access to all electronic devices, moms and dads can use this question to propel them into deeper relationships with their children. As they navigate important questions of teaching responsibility and guarding against potential dangers, parents are invited to view phone usage as a gradual training process much like their child learning to drive a car. Ultimately, this journey of shepherding a child's personal phone usage is a picture of the overall goal of parenting—prayerfully preparing to one day release children into the adult world and trust that they have a good forever Father watching over them.

If Your Telephone Isn'T Working, Please Call the Office JT

Victor, 2015-04-23 Its a cast of characters that sounds too outrageous to be true: school administrators who disrupt the education of students to pursue pet programs, a superintendent who spends taxpayer dollars to upgrade a private bathroom, and principals that cheat on state testing scores. JT Victor witnessed all that and more when he was a teacher in inner-city public schools, and he shares it all in this candid account that reveals the shortcomings of a system where most of the problems are caused by adults not students. However, colleges continue to prep future teachers on engaging students and maintaining order in the classroom. Meanwhile, nothing is being done about the people in charge who don't have the best interests of students at heart. Penny-pinching politicians, disinterested parents, and school administrators pretending to be leaders make it nearly impossible for battle-weary teachers to do their jobs. Despite it all, most teachers continue to succeed and students continue to learn. It all might seem amusing if it didn't involve our children and tax dollars, which is why you need to know what's going on so it doesn't happen at your school.
