**Finding Your Way To Heaven Without a Smartphone** Joe Obidiegwu, 2015-08-11 In efforts to understand the human being, our history, and our future, the story takes the reader through three different continents, gleaning cultural well-being and malaise of different races. The book highlights the common bond between all human races, while exploring reasons for the perceived outer differences our modern world hurtles forward, driven as it is by powerful technological engines of change, characterized by an obsessive and often idolatrous worship of intelligence, ruminative men and women all around the world ponder in the silence of their soul the fate of humanity. In the West, depression, suicide, incomprehensible mass shootings and myriad psychological disorders litter our cultural landscape, while abject poverty ravage developing nations. We have become highly intelligent beings that cannot solve our problems, yet we inhabit a natural world created out of wisdom and much of that wisdom is not reflected in our thoughts and lifestyle Modern man's obsession with intelligence and the material world has left him a stranger to spiritual things and wisdom. Consequently, humanity is left vulnerable to inexplicable and undiagnosed suffering. In an attempt to diagnose what ails modern man, this book presents a convincing and thought-provoking argument that we have forgotten who we are, and in so doing, have built a world terribly out of order with our divine nature. By walking the reader through my Nigerian upbringing and subsequent arrival in the West, I reveal some timeless wisdom that I believe can serve as a cure for some of the things that trouble us today. This inimitable book lights a path directing us again to who we truly are. It is a timely and deft clarion call to all of us. *Finding Your Way to Heaven Without a Smartphone* is a mixture of autobiography, cultural inquiry and philosophy. Joseph Obidiegwu, an Igbo from Nigeria, has lived on three continents. He has the necessary perspective and wisdom to look at the world's masquerade from different angles. There is no romanticization of traditional African village life, nor is there blind acceptance of the hectic to and fro of modern life on planet Smartphone. Don Burness, Ph.D. Professor of Literature at Franklin Pierce College Author of *Echoes of the Sunbird* and *Wanasema* Keywords: Inimitable, Interesting, Insightful, Autobiographical, Philosophical, Spiritual, Cultural, Thought-Provoking, Inspiring, Life-Changing
