The Millennial Makeover Hailey Jordan Yatros,2014-02 Millennial generation. Generation Y. The underdeveloped generation. The lazy kids. The tweeters. The ones always on their smart phones. The ones who feel entitled. It is no secret that millennials--young adults born between 1980 and 2000--are stereotyped. Some think we're lazy, some think we are so engrossed in technology that we don't have the drive to be successful (don't forget to tweet that), and some believe that we are the most optimistic generation around. Whether positive or negative, this book has been designed to help tear down those stereotypes and help focus on what truly matters: who we are as young adults and who we can become. It only takes one person, one soul, and one stand to change nations; and that one person is you. This book will unveil what it takes to be a leader of this generation by uncovering the innate possibilities within ourselves. My mission is to bridge the gap between the millennial generation and the generation before us by teaching instruments of communication. Are you a person who desires to step out in courage and follow your passion so that your dreams can become a reality? If your answer is yes, then it's time for a millennial makeover.

Howard Elman's Farewell Ernest Hebert,2014-09-02 Part Falstaff, part King Lear, but all American, Howard Elman was a fifty-something workingman when he burst onto the literary scene in The Dogs of March, the first novel of the Darby Chronicles. Now in this, its seventh installment, the Darby constable is an eighty-something widower who wants to do a great thing before he motors off into the sunset. Maybe Howard achieves this goal, but he manages it in strange, wonderful, and dangerous ways. On his quest he's aided, abetted, hindered, and befuddled by his middle-aged children, his hundred-year-old hermit friend Cooty Patterson, a voice in his head, and the person he loves most, his grandson, Birch Latour. At 24, Birch has returned to Darby with his friends to take over the stewardship of the Salmon Trust and to launch a video game, Darby Doomsday. At stake is the fate of Darby. And the world? Maybe. Howard Elman's Farewell begins as a coming of (old) age story, morphs into a murder mystery, expands into a family saga, and in the end might just follow Howard Elman into the spirit world. This is a novel for people who like New England fiction with humor, pathos, and just a touch of magical realism.
