The Will To Win Robert Herjavec, 2013-04-23 In his bestselling business book *Driven*, Robert Herjavec, the co-star of CTV's *Shark Tank* and former co-star of CBC's *Dragons' Den*, urged his readers to embrace risk, take control of their lives and stay true to their visions. Now, Herjavec pushes his readers even further toward greatness. Known for his honesty, integrity and powers of persuasion, Herjavec never fails to reach for the highest rung on the ladder. In *The Will to Win*, he shares some of his own secrets for greatness, whether it's knowing when to be aggressive (and when not to be), when to talk and when to listen, or when and how to ask the right questions. And he reminds us that we all have the same 24 hours a day in which to maximize our future—it's how we spend those hours that counts. Whether you are seeking to build the next big communications

technology company, become the most respected teacher in your education system or make a lasting impact as an artist in your field, the most important decision you can make, according to Herjavec, is to reject mediocrity. Drawing on anecdotes from his own life and from the lives of celebrity friends such as Oprah, Georges St-Pierre and Celine Dion, he delivers valuable lessons that will guide readers to greater happiness and success.

More Than a Hobby David Green, 2010-07-26 The retail industry has undergone enormous changes during the last thirty years. But there is one retailer that not only has remained consistent in the fluctuating?even tenuous?market, but also has grown in the process. *More Than a Hobby* takes you inside the story of David Green, the man who built the phenomenal success of Hobby Lobby. Green went beyond surviving in a competitive retail market to thriving, ultimately expanding his \$600 start-up company into a \$1.3 billion per-year enterprise. Green's incredible accomplishments were based not on business-school theory but on his grassroots experiences as a store manager and his creative application of cutting edge ideas, including: Allow managers to spend no more than thirty minutes per day on paperwork Instead of paying a middleman, assemble as much of the product as possible in-house Give buyers the freedom to purchase without restraint—but within the realm of common sense Keep God and family first *More Than a Hobby* is a practical field manual, filled with revolutionary ideas for all those who dream of success in the world of retail business.

Overwhelmed Brigid Schulte, 2014-03-13 _____ 'Too much to do? Stop and read this' - Guardian 'For a fresh take on an eternal dilemma, *Overwhelmed* is worth a few hours of any busy woman's life - if only to ensure that she doesn't drop off the bottom of her own "To Do" list' - Mail on Sunday _____ In her attempts to juggle work and family life, Brigid Schulte has baked cakes until 2 a.m., frantically (but surreptitiously) sent important emails during school trips and then worked long into the night after her children were in bed. Realising she had become someone who constantly burst in late, trailing shoes and schoolbooks and biscuit crumbs, she began to question, like so many of us, whether it is possible to be anything you want to be, have a family and still have time to breathe. So when Schulte met an eminent sociologist who studies time and he told her she enjoyed thirty hours of leisure each week, she thought her head was going to pop off. What followed was a trip down the rabbit hole of busy-ness, a journey to discover why so many of us find it near-impossible to press the 'pause' button on life and what got us here in the first place. *Overwhelmed* maps the individual, historical, biological and societal stresses that have ripped working mothers' and fathers' leisure to shreds, and asks how it might be possible for us to put the pieces back together. Seeking insights, answers and inspiration, Schulte explores everything from the wiring of the brain and why workplaces are becoming increasingly demanding, to worldwide differences in family policy, how cultural norms shape our experiences at work, our unequal division of labour at home and why it's so hard for everyone - but women especially - to feel they deserve an elusive moment of peace. _____ 'Every parent, every caregiver, every person who feels besieged by permanent busyness, must read this book' - Anne-Marie Slaughter, author of *Why Women Still Can't Have It All*

The Ninja Eric Van Lustbader, 2014-07-01 Out of the violent chaos of medieval Japan, a band of men from the mountain provinces rose to become some of the world's most feared warriors. These men trained to perfect their art – a deadly union of martial skill and deception – to defend themselves against the warlords, samurai and bandits who sought to exploit them. Hundreds of years later their name is a legend whispered down the generations. A select few are still trained in the ancient craft. Fewer still are selected to train at the feet of the most arcane practitioners of the shadow warriors... Nicholas Linnear is one of these elect. And as the city of New York is terrorized by a ritualistic murderer, he may be the only man who can stop these killings. A ghost, an assassin, guided by honour and tradition: the Ninja.
