The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Canada's 1960s Bryan Palmer,2008-03-29 Rebellious youth, the Cold War, New Left radicalism, Pierre Trudeau, Red Power, Quebec's call for Revolution, Marshall McLuhan: these are just some of the major forces and figures that come to mind at the slightest mention of the 1960s in Canada. Focusing on the major movements and personalities of the time, as well as the lasting influence of the period, Canada's 1960s examines the legacy of this rebellious decade's impact on contemporary notions of Canadian identity. Bryan D. Palmer demonstrates how after massive postwar immigration, new political movements, and at times violent protest, Canada could no longer be viewed in the old ways. National identity, long rooted in notions of Canada as a white settler Dominion of the North, marked profoundly by its origins as part of the British Empire, had become unsettled. Concerned with how Canadians entered the Sixties relatively secure in their national identities, Palmer explores the forces that contributed to the post-1970 uncertainty about what it is to be Canadian. Tracing the significance of dissent and upheaval among youth, trade unionists, university students, Native peoples, and Quebecois, Palmer shows how the Sixties ended the entrenched, nineteenth-century notions of Canada. The irony of this rebellious era, however, was that while it promised so

much in the way of change, it failed to provide a new understanding of Canadian national identity. A compelling and highly accessible work of interpretive history, Canada's 1960s is the book of the decade about an era many regard as the most turbulent and significant since the years of the Great Depression and World War II.

Textbook of Emergency Medicine Suresh David, 2011-01-01 Textbook of Emergency Medicine (Vol. 1 and 2) is a comprehensive and contemporary exposition of the vast array of disorders and emergencies that might present to the emergency or casualty department of a hospital.

**Rivers Between Us : A FREE Small-Town Western Romance** Greta Rose West, 2022-09-01 From Internationally Bestselling author of the Cade Ranch Series, Greta Rose West, enjoy the first book in the Wisper Dreams Series, Rivers Between Us... For fans of Elsie Silver and Melanie Harlow. A woman finds safety in the one man she hurt the most. Sheriff of Teton County, Carey Michaels, puts everyone else's needs before his own—always—but when his ex-best friend shows up in his life again, with a ten-year-old daughter and a mountain of problems in tow, he has to decide if he can handle his heart being broken. Again. Francesca Morris feels safer back in her Wyoming hometown, and her daughter Grace is certainly safer than she was in Texas, but the threat in their lives lingers, even in Wisper. The boy she used to love wants to protect her, but doubts and insecurities hit hard, and Frannie can't stand to hurt Carey again, even if he is the big bad sheriff. Carey's all M.A.N. now, and he never leaves home without his handcuffs, but it isn't locks Frannie's afraid of. It's her heart. Fall in love with Carey and Frannie in the first book in the Wisper Dreams Series, with new characters and some of your favorites from

Cade Ranch. *Rivers Between Us* is a standalone, but there will be many books to follow in this charming Western small town, each with new main characters and its own HEA. *Trigger Warnings*: Our heroine is a victim of domestic violence, but by the end of this book, she and her daughter become survivors!

**Thornton v. Ionia Free Fair Association, 229 MICH 1 (1924) ,1924 31**

**Free Rent** B. D. Rasmussen,2013-11-21 In its entire history—from the Roman Legions to Hitler and Stalin—the small Eastern European country of Eden-on-Danube has never been considered desirable enough to be properly pillaged and plundered by a superpower. As the country teeters on bankruptcy, the government decides its only chance for economic salvation is to create a royalty-for-a-week program and rent out their country to tourists. Guests come from all over. Jana Stanczak, a victim of the Great Recession, has just won the Mega-Zillions Lottery in Florida and now has a chance to honor a promise made to her great-grandmother. The Thakkars, born into the lowest caste in India, have built the world's largest steel empire; now they have an opportunity to escape a soul-crushing daily existence. Rebecca Adebayo, desperate to flee sectarian violence in Nigeria, thinks there may be no better place to hide than in a country no one else knows exists. As each guest arrives in Eden-on-Danube, the country and its citizens are grateful for the tourism income. But everything changes when a native of Eden-on-Danube returns to her homeland to visit a friend, causing the country's citizens to question their choices. In this quirky, amusing tale, daily apathy meets dynamic change as a country welcomes visitors who may have more power than they ever realized.

*Living Gluten-Free For Dummies* Sue Baic,Nigel Denby,Danna Korn,2010-12-09 If you

**Wolf King: A FREE dark mafia shifter romance** Bella Jacobs,2021-05-04 Maxim Thorn is a ruthless Alpha, a mobster king who rules his pack with an iron fist. He's also my only hope. As a shifter from the wrong side of the tracks who's just been rejected by my abusive fated mate, I don't have a lot of options in this city. I have no choice but to make a deal with the devil. But that doesn't mean I'm powerless. I have an ace up my sleeve, a

bargaining chip Maxim can't resist. He wants revenge on my pack leaders for poisoning his father, and I hold the key to his enemy's destruction. In exchange for one month of protection from my ex and his friends, I promise to give Maxim what he wants—me. I expect honoring the bargain to be pure hell. I don't expect to ignite every time we touch or to develop a soft spot for this wounded wolf. His blood calls to mine, and I'm starting to think this wicked king may have a heart after all. But is there room in his world for love? Or am I destined to become a pawn in his dark game? The entire Wolves of NY series is out now! Wolf King-FREE Wolf Pawn Wolf Queen Wolf Mate

**Complex Injuries of the Hand** Tahseen Cheema, 2014-05-19 Complex Injuries of the Hand provides a practical guide to the management of complex hand injuries for trainee and practicing hand surgeons, orthopaedic surgeons and plastic surgeons. The number of complex hand injuries is on the rise and they generally involve multiple tissue systems. Complexity may stem from the mechanism of the injury, the challenging anatomy of the region, or the time elapsed since the injury. Most other books on hand injuries tend focus on individual tissue systems and regions; however, complex hand injuries usually require treatment of many tissue systems simultaneously. This book defines the principles of diagnosis and treatment of complex and combined injuries of the hand, and describes the anatomical and physiological basis for the type of treatment that can lead to restoration of maximal function. It discusses the logic of staging and sequencing the repair and reconstruction when required by the nature of the injury or circumstances of the treatment. Emphasis has been placed on the synthesis and integration of treatment principles. The book is divided into four sections: the first deals with the general principles

and philosophy of treatment of complex injuries including anesthesia and post-operative rehabilitation; the second deals with complex injuries in each tissue systems, the third deals with thermal and blast injuries, and the fourth covers the application of special techniques such as microsurgery and external fixation in complex injuries of the hand. Provides a definitive 'go to' reference for hand surgeons, orthopaedic surgeons and plastic surgeons Emphasis on where to start the repair and the sequence of subsequent management steps Lavishly illustrated with over 500 color photographs and diagrams showing repair and reconstruction techniques

*Popular Science*, 1949-05 Popular Science gives our readers the information and tools to improve their technology and their world. *Silverlight 3 Programmer's Reference* J. Ambrose Little, Jason Beres, Grant Hinkson, Devin Rader, Joe Croney, 2010-12-10 This valuable reference—in full color—explains the major new release of Silverlight 3 which is dramatically improved over previous versions and makes the development of powerful Rich Interactive Applications (RIAs) achievable for everyone. Packed with examples and written by a highly-seasoned team of developers and designers, this book guides you through the languages, tools, and techniques that are used to build applications on the Silverlight 3 platform (Build 40522). Each chapter provides a mini-tutorial on the respective topic, and the examples serve to

both educate and inspire you. The information in this book is structured to help prepare you for the real-world challenges you may face when building applications on the Silverlight platform. By the end of the book, you'll have gained a thorough understanding of how Silverlight applications are architected, developed, and designed. This book covers:

- XAML basics
- Silverlight 3 Tools for Visual Studio 2008, Expression Blend 3 and Silverlight Runtime and SDK
- Transforming text with render transforms
- Using graphics, visuals and adding media for a richer user experience
- Building application, making it come alive and responding to user activity
- Setting up a control project and using a custom control in an application

**Don't Worry About It** Thomas Maul, 2010-12-28 Don't Worry About It is a hilarious read for those who need a good laugh, kid or grown-up. The comical stories contain a cast of colorful characters and some downright funny misadventures. The author reminisces about highlights from youth that readers of any age will identify with, from a kid accidentally crapping his pants and trying to avoid detection, to a delinquent running wild on a sack-tapping spree. Readers who enjoyed the author's first book, *Rugged Knuckles* and *Painful Chuckles*, are sure like this one even more. The stories are poignantly illustrated by the author's son, Vince Maul.

*Popular Science*, 1949-04 *Popular Science* gives our readers the information and tools to improve their technology and their world. The core belief that *Popular Science* and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

**Setting Free the Kites** Alex George, 2018-01-09 From the author of the "lyrical and

compelling” (USA Today) novel *A Good American* comes a powerful story of two friends and the unintended consequences of friendship, loss, and hope. For Robert Carter, life in his coastal Maine hometown is comfortably predictable. But in 1976, on his first day of eighth grade, he meets Nathan Tilly, who changes everything. Nathan is confident, fearless, impetuous—and fascinated by kites and flying. Robert and Nathan’s budding friendship is forged in the crucible of two family tragedies, and as the boys struggle to come to terms with loss, they take summer jobs at the local rundown amusement park. It’s there that Nathan’s boundless capacity for optimism threatens to overwhelm them both, and where they learn some harsh truths about family, desire, and revenge. Unforgettable and heart-breaking, *Setting Free the Kites* is a poignant and moving exploration of the pain, joy, and glories of young friendship.
