So You Wanna Be a Legend. so Did I. Hadley Hicks,2010-07-30 Do you know what it takes to be a great teacher-coach? Hadley Hicks knows. He was mentored by five collegiate Hall of Fame coaches, he was a teammate of well known professional football players on a National Championship military team. He even had a "cup of coffee" in professional baseball. Hadley was successful as a high school and college coach. Yet, he never reached the greatness he felt was due him. Hadley Hicks shares his heart in his search for significance. His poignant, humorous, and down to earth writing style makes an enjoyable read. He is candid in his heartbreaks, the sin of divorce and the death of his eldest son. He survived a parental petition for his dismissal as football coach. He livened up his teaching experiences with an accidental shooting and a premeditated murder. He kept his fellow faculty alert with numerous practical jokes. Among student-athletes he mentored was a Cy Young Award winner and three professional football players. Hadley's marriage to a Godly woman who is his spiritual teammate, provided impetus for finding eternal significance in a relationship with Jesus Christ.

My Right Hand Foot: The Life of a Runner Jack Armour,

Tales from Another Mother Runner Dimity McDowell,Sarah Bowen Shea,2015-03-03 Every mother runner has a tale to tell. A story about how she realized, fifteen years after being told that she's best being a bookworm, that there is an athlete inside her. Or the one about how she, fifty pounds overweight and depressed, finally found the courage—and time—to lace up her running shoes. Or maybe it's about setting a seemingly impossible goal—going under two hours in the half-marathon—and then methodically running that goal down and tearing up across the finish line. Or it might be an account of friendship: she was new to town, was having a hard time making friends, was asked to join a group run, and now she's got four BRFs (best running friends) who are her allies, her cheerleaders, her reality checks. Maybe it's just a simple story of the beauty of starting the day off with an endorphin rush. Or, sadly, it could be about how, through the guidance of a thoughtful running friend, she found the space and rhythm to process being raped—and regained her strength and sense of self through every footstep. In *Mother Runners*, elite runners Dimity McDowell and Sarah Bowen Shea share not only their own stories of personal triumph on the pavement but also the inspiring stories of many members of the vibrant mother runner community they've built on their popular site, *Run Like a Mother*. While the common theme is running, the variations that happen through the miles are as endless as the miles themselves: losing weight, gaining confidence, finding yourself, connecting with friends, expecting more, setting goals, dealing with disappointment, figuring out how to train efficiently, clearing your head, reconnecting with your memories, building a better you. Whether you've run more marathons than you can remember, or you're just getting started, you'll find the inspiration you need to get out there, keep pushing, and run like a mother.

Heart of the Bison Glen R. Stott,2002-08-13 As the lambent light from the slumbering fire dances across the roof of the cave, a young girl wakes from a dream. Kec's dream tells her that her clan is in jeopardy, and that Mother Earth expects her to do something to save her people. A magic child will be sent to help her. Far away, Strong Branch, a powerful Shaman of his people, has his own dream. The Great Spirit sends him a warning about a future of conflict and killing. Kec's people are very simple, but they are strong and powerful enough to have survived the ice ages of Pleistocene Europe, by force, for over one-hundred-thousand years. Strong Branch's people are late comers from an alien world far to the South. They bring an advanced technology that allows them to utilize the environment in ways Kec's people never could. As the population of the aliens has grown over a period of more than twenty-thousand years, the stress on the environment has become critical. Kec and Strong Branch must play their parts in a microcosm of the greater struggle for survival. The conclusion of their struggle will establish a new story and a new history for each of their peoples.

Hand Spun Lexi Boeger,2012-02-01 *Hand Spun* contains a collection of never-before-published spinning techniques along with interesting, creative, hip projects. The essential momentum behind this book is to satisfy fans of the author's first two books in their desire for new materials to learn. As *Intertwined* becomes more well-known, these handspun styles are flooding the internet craft community. *Hand Spun* offers fresh, new, and exciting material for these spinners to move on to. Where *Handspun Revolution*, the author's first book, was the spark that ignited the genre of Art-yarn, and *Intertwined* is considered the bible of creative spinning, *Handspun* builds upon the now common knowledge of novelty spinning, digging deeper into the traditional underbelly of spinning, not as a means to teach traditional techniques, but rather as a way of turning very traditional forms inside out: Using time-tested techniques to deliver cutting-edge forms. This book also covers fiber-preparation processes, from scouring raw fleece to several carding techniques.
