Stalefish Sean Mortimer, 2008-04-30 How is being a professional skateboarder different from being, say, a professional golfer? More scabs, for one. Veteran skate journalist Sean Mortimer has interviewed the top skaters of all time to answer that question in meaningful and often humorous ways. Tony Hawk, Stacy Peralta, Lance Mountain, and Rodney Mullen are a handful of the skaters who opine on sacking yourself, skate-induced ulcers, and the various ways in which skating ruins your love life. Right, Down + Circle Cole Nowicki, 2023-09-26 An exuberant, incisive look at how Tony Hawk's Pro Skater transformed a culture Going from a hobby toy for surfers to an Olympic sport, skateboarding has had a tumultuous history. Today, professional skateboarders land endorsement deals with Nike and Adidas, while popular television series like HBO's *Betty* tell the stories of diverse crews of skaters living in New York City. So how did a fledgling subculture rise from its near-death knell in the '90s to become ubiquitous today? It was simply a matter of finding the right messenger. In 1999, the bestselling video game Tony Hawk's Pro Skater was released, and a new generation was exposed to skateboarding culture right in their very own homes. Kids and adults alike could now spend hours playing as actual skateboarders, learning the vernacular, listening to the music skateboarders loved, and having fun onscreen before trying to skate IRL in the driveway. *Right, Down + Circle* explores how a video game starring the most famous pro skater in the world brought skateboarding culture — and its ever-shifting markers of music, subversion, and coolness — to the masses and ultimately transformed the culture it borrowed from in the process.

Skateboarding and Religion Paul O'Connor, 2019-10-02 This book explores the ways in which religion is observed, performed, and organised in skateboard culture. Drawing on scholarship from the sociology of religion and the cultural politics of lifestyle sports, this work combines ethnographic research with media analysis to argue that the rituals of skateboarding provide participants with a rich cultural canvas for emotional and spiritual engagement. Paul O'Connor contends that religious identification in skateboarding is set to increase as participants pursue ways to both control and

engage meaningfully with an activity that has become an increasingly mainstream and institutionalised sport. Religion is explored through the themes of myth, celebrity, iconography, pilgrimage, evangelism, cults, and self-help.

Tony Hawk Tony Hawk,2002-09-01 An autobiography of the man who has invented numerous skateboarding moves and interested many, many people in this sport over the past twenty years.
