Finnish/Hungarian/Finnish Dictionary Istvan Nyirkos,1996-01-01

Tightrope: Finland and Hungary in the Cold War Dennis Werling,2023-10-13 Finland and Hungary both fought on the losing side in WWII. Yet the former was able to resist the overwhelming power of its Soviet neighbour, while Hungary, whose status was uncertain until 1947, was not. Could the revolt of 1956 have been a turning point? How did the Helsinki Accords contribute to the end of the Cold War?

Null Subjects in Slavic and Finno-Ugric Gréte Dalmi,Egor Tsedryk,Piotr Cegłowski,2022-01-19 Even though null subjects have been extensively studied in the past four decades, there is a growing interest in partial null subject languages (e.g. Finnish) and a subtler classification of null subject phenomena overall. This volume aims at contributing to this trend, focusing on Slavic and Finno-Ugric groups, with some extension to Baltic and Samoyedic languages. Interestingly, these groups offer an impressive array of macro- and microvariation. Moreover, given an increasing interest towards

the internal structure of the pronominal elements and the role of various types of topics in the left periphery of the sentence structure, the enterprise taken up in this book is to investigate lexical and null, referential and generic subjects in order to understand and compare their feature composition, licensing conditions, and structural properties. Rather than trying to squeeze the studied languages into a predefined set of parameters, this volume highlights some properties that may lead to a refinement of the existing generalizations. It brings together contributors from both generative and typological traditions and will be of interest to any researcher willing to investigate argument-drop in a wider crosslinguistic perspective.

The Longman Companion to European Nationalism 1789–1920 Raymond Pearson, 2014-09-25 A highly topical analysis of European Nationalism from the French Revolution through to the aftermath of the First World War, when the nationalist issues and problems that dominate the political landscape of our own time were already fully established. Covering an enormous range of peoples -- from the Icelanders to the Gypsies, from Brittany to Wallachia -- the book presents a wealth of historical geopolitical information unavailable elsewhere. Essential as a reference work, it also provides a unique opportunity to survey systematically a crucial but fragmented subject in its full European context. For historians, political scientists, departments of European studies, and general readers.

Finnish: An Essential Grammar Fred Karlsson, 2002-09-11 This thoroughly revised third edition of Finnish: An Essential Grammar is grounded in fundamental insights of modern linguistics and incorporates some of the latest achievements in the description of written and spoken Finnish. It gives a systematic account of the structures of the written language and offers increased attention to the key characteristics of present-day colloquial Finnish. No prior knowledge is assumed on the part of the reader and grammatical rules are clearly explained without jargon. Features of this new edition include: • pronunciation guide, including the tendencies in present-day colloquial Finnish • thorough descriptions of morphology (word structure) and syntax (sentence structure) • clear rules and an abundance of concrete examples, from both written and colloquial Finnish • updated vocabulary in the examples • an effective new scheme for detecting the morphological structure of any word form • subject index. This is the ideal reference source both

for those studying Finnish independently and for students in schools, colleges, universities and adult classes of all types.
