**Fireweed** Janet Stobie, 2013-09 Fireweed explores the complex relationship between a father and daughter as they deal with grief and loss and what it means to be family.

Fireweed Gerda Lerner, 2002 In Fireweed, Gerda Lerner, a pioneer and leading scholar in women's history, tells her story of moral courage and commitment to social change with a novelist's skill and a historian's command of context. Lerner's memoir focuses on the formative experiences that made her an activist for social justice before her academic career began. The child of a well-to-do Viennese Jewish family, she was still a teenager when a fascist regime came to power in 1934, and she became involved in the underground resistance movement. The Nazi takeover of Austria cast her into prison, then forced her and her family into exile; she alone was able to leave Europe. Once in the United States, she experienced the harshness of the Depression and despair over the fate of her family. Still, she persisted in adapting to the new culture and to becoming a writer. Here she met and married her life-long partner, Carl Lerner, a film editor and director. Together they become deeply involved in left-wing activities, from struggling to unionize the film industry and resisting the blacklist in Hollywood to community organizing for peace, for an interracial civil rights movement, and for better schools in New York City. Lerner insists that her decades of grassroots organizing largely account for the theoretical insights she was later able to bring to the development of women's history. In Fireweed, Lerner presents her life in the context of the major historical events of the twentieth century and the repression of dissent. Hers is a gripping story about surviving hardship and summoning the courage to live according to one's convictions. Author note: Gerda Lerner, a past president of the Organization of American Historians, is Robinson-Edwards Professor of History, Emerita, at the University of Wisconsin-Madison. Her eleven books in history include Creation of Patriarchy, Creation of Feminist Consciousness, Why History Matters, and Black Women in White America: A Documentary History.

Christmas on Fireweed Karice Bolton, 2019-11-25 So much for happily ever after! When Avery Harten's boyfriend of seven years calls her from Brazil and says he's not coming back home to Nashville, Avery decides it's time to spend the holidays with her family back on Fireweed Island. She needs to mend her broken heart, or at least figure out why it's not so broken... The moment she steps foot in her hometown, memories wash over her, and she knows she made the right decision to come home for the holidays. When Avery bumps into the sexy and charming Caden Turner at her parents' pharmacy, she wonders if life is starting to turn around... Until the most embarrassing thing happens right in front of him, and she wishes she could fly herself right back to Nashville. Except the magic of the season has something else in store for them, but only if Avery can learn to open her heart and forgive the man who broke hers...

Fireweed Jill Paton Walsh, 2013-08-01 A re-issue of a forgotten favourite, FIREWEED is an evocative and unflinching story of wartime survival for younger readers Bill is a fifteen-year-old runaway evacuee, and he's finding that surviving on the streets of London is pretty easy, thank you very much. He's fed by a local cafe owner, he earns some cash as a barrow-boy in Covent Garden, and sleeping in the Underground air-raid shelters is cosy - if a bit smelly. Things get more complicated for Bill with the arrival of Julie. She's a runaway too, and although she's a bit posh, she's just as determined as Bill to stay free of interfering parents and 'the social'. But although it's fun for a while to duck Jerry missiles and camp out in bombed-out houses, the reality of living through the Blitz quickly begins to set in. Winter is coming, and Bill and Julie will discover that playing at being grown-ups can be a very dangerous game.... First published in 1969, and winner of the 1970's Book World Festival Award, FIREWEED evokes a time of tin Spitfires, powdered eggs, warm woollen mittens and reading by firelight. Perfect for

readers young and old, this book is a beautifully written classic, full of adventure, heroism and British wartime courage.

Laughing at Magic Celine Jeanjean,2022-02-25 I've always had the tendency to act first and think later, which sometimes lands me in trouble. Actually, make that often. Which is why I've lost yet another job, and why when I come across a maltreated hyena chained up in someone's backyard I rescue her, name her Penelope, and take her home. So when I discover the existence of a magical community in London, I'm faced with two options: either leave it alone and go back to hunting for yet another dead-beat job with regular humans, or see if I can swing myself a position with a bit more magic and a bit more interest. Guess which option sees me ringing a doorbell on a stranger's door at eleven at night? Unfortunately for me that stranger turns out to be an independent vampire caught up in a turf war with some other magical faction, and I land myself right in the middle of it all. Given that my getaway vehicle is a car that craps out when it reaches fifty miles per hour, I'm going to have to deal with this head on and find some other creative way out of this mess. And that's when I discover that I have a kind of magic of my own. Well, things are about to get interesting... Dive into Laughing at Magic now to follow Priscilla's adventures!

House of Secrets Lowell Cauffiel,1999-11-05 An ex-con by the name of Eddie told his daughter Pixie to silence her crying baby. The young mother smothered her helpless infant, stuffed its tiny corpse into a gym bag and then buried it in a shallow grave.

**The Immortal Staff-Master** Ross Griswold,2009-10-15 Kevin Midnight has always dreamed of being a superhero. His dream appeared to come true one night when he was shot through the heart, a victim of gang violence. Kevin survived however and he discovered that he could not die. He had a super power; immortality. Using his skills as a stunt performer for a historical faire, Kevin grabbed a quarterstaff and took to the streets calling himself the Immortal Staff-Master. Coming along for the ride is his sidekick, a street-smart old homeless man known as Spare Change. Homeless folk have been murdered and the recently decimated police force has its hands too full to investigate. Along the way they encounter a bloodthirsty cowboy vigilante known as Duster and the ancient goddess Mother Earth. They also run afoul of terrorists, a powerful street gang, a racist vampire, and an old man trying to extend his wicked life by stealing the heart of an immortal. This is the first book of a series that will span from the misty dawn of time all the way to the near future. If you like superheroes or dark fantasy then this is the book for you.

**Weeds** Richard Mabey,2011-06-28 "[A] witty and beguiling meditation on weeds and their wily ways...You will never look at a weed, or flourish a garden fork, in the same way again." -Richard Holmes, author of *The Age of Wonder* "In this fascinating, richly detailed book, Richard Mabey gives weeds their full due." -Carl Zimmer, author of *Evolution* Richard Mabey, Great Britain's Britain's "greatest living nature writer" (London Times), has written a stirring and passionate defense of nature's most unloved plants. *Weeds* is a

fascinating, eye-opening, and vastly entertaining appreciation of the natural world's unappreciated wildflowers that will appeal to fans of David Attenborough, Robert Sullivan's *Rats*, Amy Stewart's *Wicked Plants*, and to armchair gardeners, horticulturists, green-thumbs, all those who stop to smell the flowers.

*A Life Worth Living* Shari Chappell, 2014-09-29 Mattie, full of life and passion, is devastated by a senseless brutality that leaves her crippled. Refusing to accept her limitations, she is determined to live a normal life. Through sheer strength of will and her best friend Jesse, she overcomes her disabilities and proves life can be whatever she makes it. With Jesse at her side, she knows they can accomplish anything. Through trepidation, sadness, and joy, she can choose to live life to the fullest in spite of rather than because of. *The Radiant Lives of Animals* Linda Hogan, 2020-10-13 Winner of the (Inaugural) 2022 National Book Foundation Science + Literature Award From a celebrated Chickasaw writer, a spiritual meditation, in prose and poetry, on our relationship to the animal world, in an illustrated gift package. Concerned that human lives and the natural world are too often defined by people who are separated from the land and its inhabitants, Indigenous writer and environmentalist Linda Hogan depicts her own intense relationships with animals as an example we all can follow to heal our souls and reconnect with the spirit of the world. From her modest forest home in Colorado, and venturing throughout the region, especially to her beloved Oklahoma, she introduces us to horses, packrats, snakes, mountain lions, elks, wolves, bees, and so many others whose presence has changed her life. In this illuminating collection of essays and poems, lightly sprinkled with elegant drawings, Hogan draws on many Native nations' ancient stories and spiritual traditions to show us that the soul exists in those delicate places where the natural world extends into human consciousness—in the mist of morning, the grass that grew a little through the night, the first warmth of this morning's sunlight. Altogether, this beautifully packaged gift is a reverential reminder for all of us to witness and appreciate the radiant lives of animals.

*Phil* Alan Shipnuck, 2022-05-24 LONGLISTED FOR THE WILLIAM HILL SPORTS BOOK OF THE YEAR PRIZE 'Terrific fun' David Walsh, Sunday Times \* \* 'Thoroughly engaging' Washington Post A frank and revealing biography of legendary golf champion Phil Mickelson – who has led a big, controversial life – as reported by longtime Sports Illustrated writer and bestselling author Alan Shipnuck. Phil Mickelson is one of the most compelling figures in sports. For more than three decades he has been among the best golfers in the world, and his unmatched longevity was exemplified at the 2021 PGA Championship, when Mickelson, on the cusp of turning fifty-one, became the oldest player in history to win a major championship. In this raw and unauthorised biography, Shipnuck captures a singular life defined by thrilling victories, crushing defeats and countless controversies. Mickelson is a multi-faceted character, and all his warring impulses are on display in these pages: he is a smart-ass who built an empire on being the consummate professional; a loving husband dogged by salacious rumours; a high-stakes gambler who knows the house always wins but can't tear himself away. Mickelson's career and public image have been defined by the contrast with his lifelong rival, Tiger Woods. Where Woods is robotic and reticent, Mickelson is affable and extroverted, an incorrigible showman. In their early years together on Tour, Mickelson lacked Tiger's laser focus and discipline, yet as Tiger's career has been curtailed by scandal, addiction and a broken body, Phil sails on, still relevant on the golf course and in the marketplace. Phil is the perfect marriage of subject and author. Shipnuck delivers numerous revelations, from the true scale of

Mickelson's massive gambling losses to the secretive backstory of the Saudi golf league that Mickelson championed. But Phil also celebrates Mickelson's random acts of kindness and generosity of spirit, to which friends and strangers alike can attest. Shipnuck has covered Mickelson for his entire career, allowing him to take readers inside the ropes with a thrilling immediacy and intimacy. The result is the juiciest and liveliest golf book in years – full of heart, humour and unexpected turns.

**A New Garden Ethic** Benjamin Vogt, 2017-09-01 In a time of climate change and mass extinction, how we garden matters more than ever: "An outstanding and deeply passionate book." –Marc Bekoff, author of *The Emotional Lives of Animals* Plenty of books tell home gardeners and professional landscape designers how to garden sustainably, what plants to use, and what resources to explore. Yet few examine why our urban wildlife gardens matter so much—not just for ourselves, but for the larger human and animal communities. Our landscapes push aside wildlife and in turn diminish our genetically programmed love for wildness. How can we get ourselves back into balance through gardens, to speak life's language and learn from other species? Benjamin Vogt addresses why we need a new garden ethic, and why we urgently need wildness in our daily lives—lives sequestered in buildings surrounded by monocultures of lawn and concrete that significantly harm our physical and mental health. He examines the psychological issues around climate change and mass extinction as a way to understand how we are short-circuiting our response to global crises, especially by not growing native plants in our gardens. Simply put, environmentalism is not political; it's social justice for all species marginalized today and for those facing extinction tomorrow. By thinking deeply and honestly about our built landscapes, we can create a compassionate activism that connects us more profoundly to nature and to one another.
