Firefly India Millar, 2021-06-10 There are some who believe that the honor of a samurai is reserved for men. But they are wrong. Keiko was born the daughter of a samurai. But as a mere younger sister, her future was to run errands for her lovely elder sister and obey her father. Until the day her brother thought it would be amusing to teach Keiko the way of an onna-bugeisha—a warrior woman of the samurai. As a samurai, Keiko finds a new place in the world. One where it suddenly falls on her to defend the honor of her family. After her sister is disgraced, Keiko travels to the Floating World, Edo's

The Time of the Fireflies Kimberley Griffiths Little,2014-07-29 Critically acclaimed author Kimberley

Griffiths Little spins a thrilling story of one girl's race to unravel the curse that has haunted her family for generations. When Larissa Renaud starts receiving eerie phone calls on a disconnected old phone in her family's antique shop, she knows she's in for a strange summer. A series of clues leads her to the muddy river banks, where clouds of fireflies dance among the cypress knees and cattails each evening at twilight. The fireflies are beautiful and mysterious, and they take her on a magical journey through time, where Larissa learns secrets about her family's tragic past -- deadly, curse-ridden secrets that could harm the future of her family as she knows it. It soon becomes clear that it is up to Larissa to prevent history from repeating itself and a fatal tragedy from striking the people she loves. With her signature lyricism, Kimberley Griffiths Little weaves a thrilling tale filled with family secrets, haunting mystery, and dangerous adventure.

Death in the Park London Lovett, 2018-07-25 Book 1 of London Lovett's brand new cozy mystery series, Firefly Junction. With her social life and writing career in tatters at the ripe old age of thirty-five, Sunni Taylor decides to pack up her things and join her sisters, Lana and Emily, in the small town of

Firefly Junction. Hoping to open a bed and breakfast, Sunni sets herself the task of refurbishing the rundown Cider Ridge Inn, a two-hundred-year-old house with a sordid past. In the meantime, she's stuck writing dull human interest stories for the Junction Times. But when Sunni decides to bend the rules on her first newspaper assignment, she soon finds herself in her favorite place—right in the center of a murder investigation. Now if she can just steer clear of the cocky, irritating and far too appealing local detective, Brady Jax Jackson. It isn't long before Sunni discovers that avoiding Jax is a piece of cake compared to staying clear of the equally cocky, irritating and far too appealing two-hundred-year-old ghost haunting the halls of the Cider Ridge Inn. *Death in the Park* is a full-length cozy mystery novel with a fun paranormal twist. Book 2, *Killer Bridal Party* is now available!

Silent Sparks Sara Lewis, 2016-04-26 An informative, entertaining, and beautifully illustrated look at the beloved firefly For centuries, the beauty of fireflies has evoked wonder and delight. Yet for most of us, fireflies remain shrouded in mystery: How do fireflies make their light? What are they saying with their flashing? And what do fireflies look for in a mate? In *Silent Sparks*, noted biologist and firefly expert Sara Lewis dives into the fascinating world of fireflies and reveals the most up-to-date discoveries about these beloved insects. From the meadows of New England and the hills of the Great Smoky Mountains, to the rivers of Japan and mangrove forests of Malaysia, this beautifully illustrated and accessible book uncovers the remarkable, dramatic stories of birth, courtship, romance, sex, deceit, poison, and death among fireflies. The nearly two thousand species of fireflies worldwide have evolved in different ways—and while most mate through the aerial language of blinking lights, not all do. Lewis introduces us to fireflies that don't light up at all, relying on wind-borne perfumes to find

mates, and we encounter glow-worm fireflies, whose plump, wingless females never fly. We go behind the scenes to meet inquisitive scientists who have dedicated their lives to understanding fireflies, and we learn about various modern threats including light pollution and habitat destruction. In the last section of the book, Lewis provides a field guide for North American fireflies, enabling us to identify them in our own backyards and neighborhoods. This concise, handy guide includes distinguishing features, habits, and range maps for the most commonly encountered fireflies, as well as a gear list. A passionate exploration of one of the world's most charismatic and admired insects, *Silent Sparks* will inspire us to reconnect with the natural world.

Step Gently Out Helen Frost, 2018-02-13 “A dazzlingly poetic photo album of the insect world for tots on up.” – Kirkus Reviews (starred review) What would happen if you walked very, very quietly and looked carefully at the natural world outside? You might see a cricket leap, a moth spread her wings, or a spider step across a silken web. In simple, evocative language, Helen Frost hints at the many tiny creatures around us, while in stunning close-up photographs, Rick Lieder captures a katydid's eye, a firefly, and many more living wonders awaiting discovery. Back matter amplifies the descriptions of the insects and spiders in the book.

Here Comes the Sun: A Novel Nicole Dennis-Benn, 2016-06-06 A New York Times Notable Book of the Year Winner of the LAMBDA Literary Award for Lesbian Fiction Named a Best Book of 2016 by NPR, Entertainment Weekly, BuzzFeed, Bustle, San Francisco Chronicle, The Root, BookRiot, Kirkus Reviews, NYLON, Amazon, WBUR's On Point, the Barnes & Noble Review, and Amazon (Fiction & Literature) Finalist for the NYPL Young Lions Fiction Award and the Center for Fiction's First Novel Prize Selected for the Grand Prix Littéraire of the Association of Caribbean Writers Longlisted for the ALA Over the Rainbow Award Longlisted for the Dublin Literary Award In this radiant, highly anticipated debut, a cast of unforgettable women battle for independence while a maelstrom of change threatens their Jamaican village. Capturing the distinct rhythms of Jamaican life and dialect, Nicole Dennis- Benn pens a tender hymn to a world hidden among pristine beaches and the wide expanse of

turquoise seas. At an opulent resort in Montego Bay, Margot hustles to send her younger sister, Thandi, to school. Taught as a girl to trade her sexuality for survival, Margot is ruthlessly determined to shield Thandi from the same fate. When plans for a new hotel threaten their village, Margot sees not only an opportunity for her own financial independence but also perhaps a chance to admit a shocking secret: her forbidden love for another woman. As they face the impending destruction of their community, each woman—fighting to balance the burdens she shoulders with the freedom she craves—must confront long-hidden scars. From a much-heralded new writer, *Here Comes the Sun* offers a dramatic glimpse into a vibrant, passionate world most outsiders see simply as paradise.
