**The Yellow Wallpaper Illustrated** Charlotte Perkins Gilman,2021-05-29 The Yellow Wallpaper is a short story by American writer Charlotte Perkins Gilman, first published in January 1892 in The New England Magazine.

**Fireworks** Katie Cotugno,2017-04-11 From the New York Times bestselling author of 99 Days and How to Love comes a stunning new contemporary novel—all about boy bands, girl bands, best friends, and first love—perfect for fans of Sarah Dessen and Morgan Matson. It was always meant to be Olivia. She’s the talented one, the one who’s been training to be a star her whole life. Her best friend, Dana, is the levelheaded one, always on the sidelines, cheering Olivia on. But everything changes when Dana tags along with Olivia to Orlando for the weekend, where superproducer Guy Monroe is holding auditions for a new singing group, and Dana is discovered too. Dana, who’s never sung more than Olivia’s backup. Dana, who wasn’t even looking for fame. Next thing she knows, she and Olivia are training to be pop stars, and Dana is falling for Alex, the earnest, endlessly talented boy who’s destined to be the next big thing. It should be a dream come true, but as the days of grueling practice and constant competition take their toll, things between Olivia and Dana start to shift . . . and there’s only room at the top for one girl. For Olivia, it’s her chance at her dream. For Dana, it’s a chance to escape a future that seems to be closing in on her. And for these lifelong best friends, it’s the adventure of a lifetime—if they can make it through. Set in evocative 1990s Orlando, Fireworks brings to life the complexity of friendship, the excitement of first love, and the feeling of being on the verge of greatness.

**The Yellow Wallpaper Illustrated** Charlotte Perkins Gilman,2019-07-03 The story details the descent of a young woman into madness. Her supportive, though misunderstanding husband, John, believes it is in her best interests to go on a rest cure after experiencing symptoms of temporary nervous depression. The family spends the summer at a colonial mansion that has, in the narrator's words, something queer about it. She and her husband move into an upstairs room that she assumes was once a nursery. Her husband chooses for them to sleep there due to its multitude of windows, which provide the air so needed in her recovery. In addition to the couple, John's sister Jennie is present; she serves as their housekeeper. Like most nurseries at the time the windows are barred, the wallpaper has been torn, and the floor is scratched. The narrator attributes all these to children, as most of the damage is isolated to their reach. Ultimately, though, readers are left unsure as to the source of the room's state, leading them to see the ambiguities in the unreliability of the narrator. The narrator devotes many journal entries to describing the wallpaper in the room - its yellow smell, its breakneck pattern, the missing patches, and the way it leaves yellow smears on the skin and clothing of anyone who touches it. She describes how the longer one stays in the bedroom, the more the wallpaper appears to mutate, especially in the moonlight. With no stimulus other than the wallpaper, the pattern and designs become increasingly intriguing to the narrator. She soon begins to see a figure in the design, and eventually comes to believe that a woman is creeping on all fours behind the pattern. Believing she must try to free the woman in the wallpaper, the woman begins to strip the remaining paper off the wall. After many moments of tension between John and his sister, the story climaxes with the final day in the house. On the last day of summer, she locks herself in her room to strip the remains of the wallpaper. When John arrives home, she refuses to unlock the door. When he returns with the key, he finds her creeping around the room, circling the walls and touching the wallpaper. She excitedly exclaims, I've got out at last... in spite of you and Jane, causing her husband to faint as she continues to circle the room, creeping over his inert body each time she passes it, believing herself to have become the personification of the woman trapped behind the yellow wallpaper.

**Fireworks** Katherine Applegate,1993 Five strangers share a beach house during their summer vacation.

**Fireworks** Sarina Bowen,2018-11-13 Another epic love story in the USA Today bestselling series! Skye Copeland is on paid leave from her broadcasting job after accidentally drawing a wiener on the traffic map. As if it’s her fault the traffic pattern created a perfect schlong? Skye isn’t laughing. She needs this job. And that’s the only reason she’s willing to chase down a story in her least favorite place—that hell on earth known as Vermont. A quick trip. In and out. Much like - never mind. She can sneak into the town that once tried to break her, get the story and slide back into the good graces of her producer. Easy peasy. But things go sideways the moment she steps over the county line. Her stepsister is running from a violent drug dealer. And the cop on the case is none other than Benito Rossi, the man who broke Skye’s teenage heart. His dark brown eyes still tear her apart. And even as she steels herself to finally tell him off after twelve years, the old fireworks are still there. Things are about to go boom. *Inside Out & Back Again* Thanhha Lai,2013-03-01 Moving to America turns H&à's life inside out. For all the 10 years of her life, H&à has only known Saigon: the thrills of its markets, the joy of its traditions, the warmth of her friends close by, and the beauty of her very own papaya tree. But now the Vietnam War has reached her home. H&à and her family are forced to flee as Saigon falls, and they board a ship headed toward hope. In America, H&à discovers the foreign world of Alabama: the coldness of its strangers, the dullness of its food, the strange shape of its landscape, and the strength of her very own family. This is the moving story of one girl's year of change, dreams, grief, and healing as she journeys from one country to another, one life to the next.

**This Chair Rocks** Ashton Applewhite,2019-03-05 “Wow. This book totally rocks. It arrived on a day when I was in deep confusion and sadness about my age. Everything about it, from my invisibility to my neck. Within four or five wise, passionate pages, I had found insight, illumination, and inspiration. I never use the word empower, but this book has empowered me.” —Anne Lamott, New York Times bestselling author Author, activist, and TED speaker Ashton Applewhite has written a rousing manifesto calling for an end to discrimination and prejudice on the basis of age. In our youth obsessed culture, we’re bombarded by media images and messages about the despairs and declines of our later years. Beauty and pharmaceutical companies work overtime to convince people to purchase products that will retain their youthful appearance and vitality. Wrinkles are embarrassing. Gray hair should be colored and bald heads covered with implants. Older minds and bodies are too frail to keep up with the pace of the modern working world and elders should just step aside for the new generation. Ashton Applewhite once held these beliefs too until she realized where this prejudice comes from and the damage it does. Lively, funny, and deeply researched, This Chair Rocks traces her journey from apprehensive boomer to pro-aging radical, and in the process debunks myth after myth about late life. Explaining the roots of ageism in history and how it divides and debases, Applewhite examines how ageist stereotypes cripple the way our brains and bodies function, looks at ageism in the workplace and the bedroom, exposes the cost of the all-American myth of independence, critiques the portrayal of elders

the park in this poetic celebration of the many cultures and traditions that make America's birthday BOOM!

**Illusionarium** Heather Dixon,2015-05-19 What if the world holds more dangers—and more wonders—than we have ever known? And what if there is more than one world? From Heather Dixon, author of the acclaimed *Entwined*, comes a brilliantly conceived adventure that sweeps us from the inner workings of our souls to the far reaches of our imaginations. Jonathan is perfectly ordinary. But then—as every good adventure begins—the king swoops into port, and Jonathan and his father are enlisted to find the cure to a deadly plague. Jonathan discovers that he's a prodigy at working with a new chemical called fantillium, which creates shared hallucinations—or illusions. And just like that, Jonathan is knocked off his path. Through richly developed parallel worlds, vivid action, a healthy dose of humor, and gorgeous writing, Heather Dixon spins a story that calls to mind *The Night Circus* and Pixar movies, but is wholly its own.

**Photographically Speaking** David duChemin,2011-10-11 When looking at a photograph, too often a conversation starts—and, unfortunately, ends—with a statement such as, “I like it.” The logical next question, “Why?”, often goes unasked and unanswered. As photographers, we frequently have difficulty speaking about images because, frankly, we don’t know how to think about them. And if we don’t know how to think about a photograph and its “visual language”—how an image is constructed, how it works, and why it works—then, when we’re behind the camera, are we really making images that best communicate our vision, our original intent? Vision—crucial as it is—is not the ultimate goal of photography; expression is the goal. And to best express ourselves, it is necessary to learn and use the grammar and vocabulary of the visual language. *Photographically Speaking* is about learning photography’s visual language to better speak to why and how a photograph succeeds, and in turn to consciously use that visual language in the creation of our own photographs, making us stronger photographers who are able to fully express and communicate our vision. By breaking up the visual language into two main components—“elements” make up its vocabulary, and “decisions” are its grammar—David duChemin transforms what has traditionally been esoteric and difficult subject matter into an accessible and practical discussion that photographers can immediately use to improve their craft. Elements are the “words” of the image, what we place within the frame—lines, curves, light, color, contrast. Decisions are the choices we make in assembling those elements to best express and communicate our vision—the use of framing, perspective, point of view, balance, focus, exposure. All content within the frame has meaning, and duChemin establishes that photographers must consciously and deliberately choose the elements that go within their frame and make the decisions about how that frame is constructed and presented. In the second half of the book, duChemin applies this methodology to his own craft, as he explores the visual language in 20 of his own images, discussing how the intentional choices of elements and decisions that went into their creation contribute to their success.
