Professor, 2015-12-20 Did you know that children are more photographic than they are textual? Science says so; therefore, it is important to use the right resources that would tap their interest. With that, a good tool to use when teaching about history is a picture book. Picture books illustrate what words fail to create pictures. They are engaging and are a highly relaxing approach to learning. Buy a copy today!

First graders will relate, and their parents, caregivers, and teachers will smile in fond recognition.
