[illegible]

Technobiophilia Sue Thomas, 2013-09-26 Why are there so many nature metaphors - clouds, rivers, streams, viruses, and bugs - in the language of the internet? Why do we adorn our screens with exotic images of forests, waterfalls, animals and beaches? In *Technobiophilia: Nature and Cyberspace*, Sue Thomas interrogates the prevalence online of nature-derived metaphors and imagery and comes to a surprising conclusion. The root of this trend, she believes, lies in biophilia, defined by biologist E.O. Wilson as 'the innate attraction to life and lifelike processes'. In this wide-ranging transdisciplinary study she explores the strong thread of biophilia which runs through our online lives, a phenomenon she calls 'technobiophilia', or, the 'innate attraction to life and lifelike processes as they appear in technology'. The restorative qualities of biophilia can alleviate mental fatigue and enhance our capacity for directed attention, soothing our connected minds and easing our relationship with computers. *Technobiophilia: Nature and Cyberspace* offers new insights on what is commonly known as 'work-life balance'. It explores ways to make our peace with technology-induced anxiety and achieve a 'tech-nature balance' through practical experiments designed to enhance our digital lives indoors, outdoors, and online. The book draws on a long history of literature on nature and technology and breaks new ground as the first to link the two. Its accessible style will attract the general reader, whilst the clear definition of key terms and concepts throughout should appeal to undergraduates and postgraduates of new media and communication studies, internet studies, environmental psychology, and human-computer interaction.

Freshwater and Marine Aquarium ,1995

Love Don't Live Here No More Snoop Dogg, David E. Talbert, 2007-07-10 A talented young musical performer struggles for survival in some of southern California's most disadvantaged neighborhoods, an effort that is complicated by his drug entanglements.

Importations Par Pays , 1972

Wallpaper Paste PJ Hoge, 2018-12-13 Matt and Diane Harrington were settling into their newly married life. Diane's past had been hampered by a dysfunctional childhood, an abusive early marriage, and physical violence at the hands of her in-laws and even her own mother. Now she had a good, happy marriage, a relationship with her brother and her wonderful friends, and a great relationship with Matt's family. All she needed to complete her happiness was to have a child. She had been pregnant while she was married to Dean. After a beating with a fireplace poker from her then mother-in-law, Diane not only lost her infant son but sustained serious damage to her ability to have another child. Matt was supportive, and he understood her position. He told her that she was more important to him. They could adopt. He didn't want to lose her. She had always craved to be like the other girls. To her, this was the most important thing. She wanted to fix up a nursery, talk about baby showers, and then have the pride of handing a child to her wonderful Matt. Matt was reluctant, but he relented. He knew how much it meant to her.

Tropical Fish Hobbyist , 1994

Aquarium Log Fishcraze Books, 2019-06-17 This 6x9 120 page blank lined book is a must for all fish tank and aquarium hobbyists. easy tracking of scheduled maintenance, feeding details and fish health. Record All Aquarium And Fish Needs. A Great Gift Idea For Fish Keepers Of All Sorts!

The Dragon Behind the Glass Emily Voigt, 2016-05-24 WINNER OF THE 2017 NASW SCIENCE IN SOCIETY JOURNALISM AWARD A FINALIST FOR THE 2017 PEN/E. O. WILSON LITERARY

SCIENCE WRITING AWARD LONGLISTED FOR THE ANDREW CARNEGIE MEDAL FOR EXCELLENCE A LIBRARY JOURNAL BEST SCIENCE BOOK OF THE YEAR “[A] curiously edifying book.” —The New York Times Book Review “With the taut suspense of a spy novel, Voigt paints a vivid world of murder, black market deals, and habitat destruction surrounding a fish that's considered, ironically, to be a good-luck charm.” —Discover “[An] immensely satisfying story, full of surprises and suspense....Things get weird fast.” —The Wall Street Journal An intrepid journalist's quest to find a wild Asian arowana—the world's most expensive aquarium fish—takes her on a global tour in this “engaging tale of obsession and perseverance...and an enthralling look at the intersection of science, commercialism, and conservationism” (Publishers Weekly, starred review). A young man is murdered for his pet fish. An Asian tycoon buys a single specimen for \$150,000. Meanwhile, a pet detective chases smugglers through the streets of New York. With “the taut suspense of a spy novel” (Discover) *The Dragon Behind the Glass* tells the story of a fish like none other. Treasured as a status symbol believed to bring good luck, the Asian arowana, or “dragon fish,” is a dramatic example of a modern paradox: the mass-produced endangered species. While hundreds of thousands are bred in captivity, the wild fish has become a near-mythical creature. From the South Bronx to Borneo and beyond, journalist Emily Voigt follows the trail of the arowana to learn its fate in nature. “A fresh, lively look at an obsessive desire to own a piece of the wild” (Kirkus Reviews), *The Dragon Behind the Glass* traces our fascination with aquarium fish back to the era of exploration when naturalists stood on the cutting edge of modern science. In an age when freshwater fish now comprise one of the most rapidly vanishing groups of animals, Voigt unearths a surprising truth behind the arowana's rise to fame—one that calls into question how we protect the world's rarest species. “Not since Candace Millard published *The River of Doubt* has the world of the

Amazon, Borneo, Myanmar, and other exotic locations been so colorfully portrayed as it is now in Emily Voigt's *The Dragon Behind the Glass...* a must-read" (Library Journal, starred review).

Howell Beginner's Guide to Tropical Fish Joseph B. Stilton, 1986 Discusses the basic aspects of selecting and caring for tropical fish and setting up an aquarium.

Aquarium Yaara Shehori, 2021-04-13 A debut novel following two sisters, both deaf and raised in seclusion by deaf parents, and the shattering consequences that unfold when that isolation comes to an end. Sisters Lili and Dori Ackerman are deaf. Their parents—beautiful, despondent Anna; fearsome and admired Alex—are deaf, too. Alex, a scrap metal collector and sometime prophet, opposes any attempt to integrate with the hearing; to escape their destructive influence, the girls are educated at home. Deafness is no disability, their father says, but an alternative way of life, preferable by far to that of the strident, hypocritical hearing. Living in a universe of their own creation, feared by and disdainful of the other children on their block, Lili and Dori grow up semi-feral. Lili writes down everything that happens—just the facts. And Dori, the reader, follows her older sister wherever she goes. United against a hostile and alien world, the girls and their parents watch the hearing like they would fish in an aquarium. But when the hearing intrude and a devastating secret is revealed, the cracks that begin to form in the sisters' world will have consequences that span the rest of their lives. Separated from the family that ingrained in them a sense of uniqueness and alienation, Lili and Dori must relearn how to live, and how to tell their own stories. Sly, surprising, and as fierce as its protagonists, Yaara Shehori's *Aquarium* is a stunning debut that interrogates the practice of storytelling—and storyhearing.

How to Live Like an Artist Even If You're Not One David Manning, 2018-03-26 This collection of published and unpublished creative non-fiction essays represents the lifelong reflections of a

creatively afflicted mind, from humorous to serious, extraordinary to ordinary, biographical to metaphysical and other alliterations lurking between the lines, all organized into thematic topics including Homefront, Internal and External Travels, the title section, Politics, and an eclectic Addendum.

Abstraction in Art and Nature Nathan Cabot Hale, 2012-06-19 In this stimulating, thought-provoking guide, a noted sculptor and teacher demonstrates how to discover a rich new design source in the abstractions inherent in natural forms. Through systematic study of such properties as line, form, shape, mass, pattern, light and dark, space, proportion, scale, perspective, and color as they appear in nature, students can learn to utilize the infinite variety and diversity of those elements as a wellspring of creative abstraction. The author invites students to learn the necessary techniques through a series of projects devoted to exploring and drawing plants, animals, birds, landscapes, seascapes, skies, and more. Lines of growth and structure, water and liquid forms, weather and atmospheric patterns, luminosity in plants and animals, earth colors and lightning are among the sources of abstraction available to the artist who is aware of them. This book will train you to see and use these elements and many more. An intriguing blend of art, psychology, and the natural sciences, *Abstraction in Art and Nature* is profusely illustrated with over 370 photographs, scientific illustrations, diagrams, and reproductions of works by the great masters. It not only offers a mind-stretching new way of learning and teaching basic design, but deepens our awareness of the natural environment. In short, Mr. Hale's book is an indispensable guide that artists, teachers, and students will want to have close at hand for instruction, inspiration, and practical guidance.

The Sympathy of Things Lars Spuybroek, 2016-04-21 'If there is one thing we can learn from John Ruskin, it is that each age must find its own way to beauty' writes Lars Spuybroek in *The Sympathy of Things*, his ground-breaking work which proposes a radical new aesthetics for the digital era. Spuybroek argues that we must 'undo' the twentieth century and learn to understand the aesthetic insights of the nineteenth-century art critic John Ruskin, from which he distills pointers for the contemporary age. Linking philosophy, design, and the digital, with art history, architecture, and craft, Spuybroek explores the romantic notion of 'sympathy', a core concept in Ruskin's aesthetics, re-evaluating it as the driving force of the twenty-first century aesthetic experience. For Ruskin, beauty always comprises variation, imperfection and fragility, three concepts that wholly disappeared from our mindsets during the twentieth century, but which Spuybroek argues to be central to contemporary aesthetics and design. Revised throughout, and a new foreword by philosopher Brian Massumi, this is a new edition of a seminal work which has drawn praise from fields as diverse as digital architecture and speculative realism, and will continue to be influential as it wrests Ruskin's ideas out of the Victorian era and reconstructs them for the modern age.

Culture Change in Long-Term Care Audrey S. Weiner, Judah L Ronch, 2003-12-29 Change in the culture of long-term care and the care of our elders is urgently needed! This insightful book lights the way. This book will inform you about the theoretical and practical applications of culture change within the institutional long-term care setting. It examines existing models of "positive cultures," emphasizing

Los Angeles Magazine, 2000-04 Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and

design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.

Haters Alisa Valdes-Rodriguez, 2006-10-04 From the first day at her new Southern California high school, Pasquala Rumalda Quintana de Archuleta (Paski) learns that the popular students may be diverse in ethnicity but are alike in their cruelty. While Paski tries to concentrate on mountain biking and not thinking too much about ultra-hot Chris Cabrera, she is troubled by the beautiful and wicked Jessica Nguyen. Jessica is the queen of the haters and she's got her eye on Paski.

Brands and Their Companies, 1999 A guide to trade names, brand names, product names, coined names, model names, and design names, with addresses of their manufacturers, importers, marketers, or distributors.
