

Fish Tank

Scott Bischke

Fish Tank Scott Bischke,2012-01-18 FISH TANK: A FABLE FOR OUR TIMES--book #1 of The Critter Chronicles series--is an insightful allegory about the human condition, tackling issues of politics and power, limited resources and climate change. FISH TANK is the ANIMAL FARM for our times. The two books would make a great pair to teach together. - Dr. Pete Coppelillo, Ecologist and Executive Director of Working Dogs for Conservation In FISH TANK, the author represents planet Earth as a fish tank, and humanity as a bunch of talking fish of different species, interests and motivations engulfed in a very peculiar situation. What results is a clever and fascinating fable that provides an insightful mirror on the folly of current human attitudes concerning climate change and global degradation. Some people like graphs and data, the IPCC reports are written for them. But others connect better with concepts, imagery and storytelling, and for them FISH TANK should be compelling. It's hard not to contemplate if the human species is reaching some similar decision points, and a happy face outcome is not guaranteed. - Dr. Steven W. Running, Nobel Laureate as a member of the Intergovernmental Panel on Climate Change, Department of Ecosystem and Conservation Sciences, University of Montana Fables have been part of human history since we began sharing stories around a campfire. The modern world, with instant communication and based on facts, offers little room for creative storytelling, especially ones that have a moral or lesson attached to them. FISH TANK is a throwback to the times of Aesop with a very modern and imminently relevant message. Children and adults alike will understand the predicament of the denizens of the aquarium and the parallel to humanity as we power ourselves into the 21st century. Take it as a great story, but know that it is real. If FISH TANK gets 10 people to adjust their life style it will have made a difference. - Conrad Anker, elite mountaineer and author of THE LOST EXPLORER: FINDING MALLORY ON MOUNT EVEREST I think FISH TANK could benefit young adults in the same way LORD OF THE FLIES benefitted previous generations, helping them understand that bad things can happen when self interested people are not kept in check. It might also help some adults see our current situation with greater clarity. - Peter Cook, High School Teacher, Melbourne Australia This story of life in the aquarium is eerily similar to contemporary events outside the tank. FISH TANK is a good read, but more than that, it is a story about the forces of greed against the power of determination and collaboration. - Dr. Cathy Whitlock, Director of the Montana Institute on Ecosystems, Montana State University Although found in the fiction section, FISH TANK is truly a non-fiction story of our times with the [xxx] playing the part of the one percent. We can't be as foolish or complacent as the fishes. We can't be in denial like the fishes. Just as the Occupy movement has shouted its intolerance for corporate greed and corruption, it's time we do the same when it comes to climate. We need a revelation. FISH TANK forces you to realize just that. - Kelly Matheson, Program Manager, WITNESS, NYC FISH TANK is so much more than a fable. It is a call to action to everyone who loves life and feels compassion in their hearts. It is a call to action to the privileged and powerful to act on the good within.... It is a call to action to the experts and our climate leaders to tell it straight and spread the solutions far and wide. It is a call to action to everyone, not to bury our heads in the sand and ignore what is right in front of our eyes while hoping for that Hollywood ending. ... Scott Bischke opens floodgates of feeling for humanity and other species in this important book. - Julia Olson, mother and Executive Director, Our Children's Trust

Which Fish Tank: Your Comprehensive Beginners Guide To Selecting And Maintaining Your New Fish Aquarium George Butler,2013-10-20 Which Fish Tank E-book: A Beginner's Guide to fish tanks is perfect for someone who has never owned a fish tank or someone who has bought a fish tank but is struggling to set it up correctly. Set up correctly a fish tank can be very impressive to look at, and can relieve stress - but done incorrectly it can cause you and the fish many problems. This guide is concise and easy-to-read and walks you through the process of choosing and caring for your fish and the fish tank. The table of contents include: What Kind Of Fish Do do You Want To Raise? Choosing The Right Aquarium Lighting And Heating Systems For The Fish Tank Filtering The Water For Your Fish Preparing The Water For Your Fish Choosing The Most Viable Candidates For Your Fish Tank How To Introduce The Fish To Their New Tank Looking For Signs Of Distress Over Time Feeding And Caring For Your Fish Fish are live animals and can be harmed if they are not cared for properly. If you want to make the investment in a beautiful tank for your home or office you will want to read this book so that your fish stay stress-free, happy and healthy!

My Life in the Fish Tank Barbara Dee,2020-09-15 From the acclaimed author of Maybe He Just Likes You and Halfway Normal comes a “compassionate...touching” (Donna Gephart, award-winning author of The Paris Project) and powerful story of learning how to grow, change, and survive. When twelve-year-old Zinnia Manning’s older brother Gabriel is diagnosed with a mental illness, the family’s world is turned upside down. Mom and Dad want Zinny, her sixteen-year-old sister, Scarlett, and her eight-year-old brother, Aiden, to keep Gabriel’s condition “private”—and to Zinny that sounds the same as “secret.” Which means she can’t talk about it with her two best friends, who don’t understand why Zinny keeps pushing them away, turning everything into a joke. It also means she can’t talk about it during Lunch Club, a group run by the school guidance counselor. How did Zinny get stuck in this weird club, anyway? She certainly doesn’t have anything in common with these kids—and even if she did, she’d never betray her family’s secret. The only good thing about school is science class, where cool teacher Ms. Molina has them doing experiments on crayfish. And when Zinny has the chance to attend a dream marine biology camp for the summer, she doesn’t know what to do. How can Zinny move forward when Gabriel—and, really, her whole family—still needs her help?

Freshwater Aquariums David Alderton,2012-05-15 For beginning aquatic fancier looking to start out right with fish, *Freshwater Aquariums* by David Alderton is the ideal primer. A vertebrate that breathe primarily by means of gills and swim by means of fins is the author's lead-in to the first chapter called What are Fish? Alderton builds the reader's confidence by providing solid information about what fish are anatomically speaking, how they evolved, how they breathe, how they move, where they live, and how they behave. The new fancier's aquarium begins in chapter two with instructions on setting up the tank, including selecting the right size, figuring out how many fish, setting the tank, equipment, substrate, heating, lighting, filtrations, plants, water chemistry, assembly, and more. Choosing the freshwater fishes that appeal to the reader is the subject of Introducing the Categories of Fish, which schools readers in seven categories: Cyprinids (e.g., goldfish, minnows, and barbs), Characins (e.g., tetras), Cichlids (e.g., oscars, angelfish, and discus), Anabantoids (gouramis, bettas/Siamese fighting fish, and paradise fish), Toothcarps (guppies, swordtails, platies, black mollies, and killifish), Catfish, and others (loaches and Chinese algae eaters). The purchasing, maintenance, and feeding of fish are described in considerable details, and the author gives a basic overview of breeding and keeping fish healthy as well. Resources, glossary, and index conclude the book.

The Fish Tank Kristina Henry,2011 Everyone in the fish tank is unhappy until one day when a snail is added to the tank and everything begins to look better.

The Complete Book of the Freshwater Aquarium Vincent B. Hargreaves,2006 Marine aquariums is a fast-growing hobby, and with today's technology, creating a thriving marine or reef aquarium is easier than ever. In *Complete Book of the Freshwater Aquarium*, hundreds of dramatic underwater photographs provide a fish's-eye view of 700 species of sea creatures while accessible scientific text explains the reef's fragile ecosystem. Written by an expert aquarist and diving enthusiast, this book also features a comprehensive guide to creating a home aquarium, from setting up the environment to selecting equipment, fish and invertebrates. Diving into this book will thrill both the advanced aquarist and the novice.

5 Best Fish Tank Ideas for a 20-Gallon Aquarium Frank E Scott,2020-09-07 Getting another 20-gallon aquarium resembles beginning with a new, clear canvas. There are endless prospects with regards to picking the enhancements, live plants, and obviously aquarium fish. In case you're stuck in examination loss of motion from all the decisions, here are five of our preferred arrangement thoughts to help motivate you.

My Life in the Fish Tank Barbara Dee,2021-11-02 When twelve-year-old Zinnia Manning's older brother is diagnosed with bipolar disorder, it turns her family's world upside-down, especially since they are keeping the information private.

Freshwater Aquariums Jack Nelson,2021-05-13 The perfect introduction for beginner fish keepers! Maybe you had fish as a kid and if you're like some of my readers, you tried your best but in the, all fish ended up dead... And you didn't know why. You gave them fresh water, food, made everything look nice, cleaned it properly... But it's not your fault- there are some tricky, small mistakes people make that can cause fish to die- especially freshwater fish. This book will give you everything you need to set up a healthy and perfect aquarium for your freshwater fish to thrive in! Here's what you'll find inside: A-Z, start to finish setup: From setting up the tank, over what to put in when and where make sure your fish come home to the perfect environment Tankmates, what and why: Learn which fish help each other grow and which ones might kill each other so you can have a peaceful aquarium where all the fish live together in harmony How to care for your fish: What to look out for when cleaning, gardening the water plants, dealing with diseases and more! Where to buy healthy fish- this way you don't accidentally bring home sick fish that poison or destroy the aquarium you worked so hard for! Feeding, breeding and more: Learn everything you need to keep your fish population healthy, what tech to use, what chemicals are okay and which are a not and a wealth of knowledge more! This book is perfect if you want to have a freshwater aquarium full of happy, healthy fish that thrive. Get your book now!

Encyclopedia of Aquarium and Pond Fish David Alderton,2019-02-12 The most complete owner's manual for keeping all types of freshwater and saltwater fish in indoor tropical and coldwater aquariums and outdoor ponds. Choose the right fish for any water temperature--tropical or coldwater--and for all types of environments, including indoor aquariums or outdoor ponds. Know the difference between keeping saltwater fish and freshwater fish, including differences in aquarium setups, and feeding and caring for your pet fish. Learn to tell whether your fish are healthy and find out everything you need to breed them successfully. The Encyclopedia of Aquarium and Pond Fish contains a huge photographic color reference directory of more than 800 of the most popular fish, not only showing you what they look like, but also giving you key information you need, such as how big they will grow, whether they integrate with different fish, what food they eat, and what water type and temperature they prefer.

The Pout-Pout Fish Tank Deborah Diesen,2014-10-07 An ideal gift for any occasion, this set includes a smaller-sized, hardcover, unabridged edition of the New York Times-bestselling storybook and an adorable plush fish in a package designed to look like a fish tank. Full color. Consumable.

The Complete Guide to Fish Tank Care and Maintenance Myles Goodwin,2020-08 In this book you will learn easy step-by-step instructions on the most efficient fish tank maintenance practices that will keep your fish tank clean and your fish healthy. Keeping a well maintained fish tank has never been easier. I'm sharing my many years of experience as a Fishkeeper to help you pick the right fish for your fish tank, learn about the different fish species that can coexist with each other, how to select the right fish food for the type of fish you have in your fish tank, and valuable tips on fish keeping on a budget. Owning a fish tank surprisingly provides many health benefits like reducing stress, improves mental focus and creativity, lowers blood pressure, and has a calming effect on children and adults as well. Besides the many benefits already mentioned in this book, you will also learn everything you need to know about self-cleaning fish tanks, what to look out for when buying a fish tank, the best location to set up a fish tank, when and how to test your fish tank water, how fish-feeders work, why LED lighting and Wi-Fi cameras are important for your fish tank, and so much more.
