Rock-elephant Sam Venable, 2002 Two years after Sam Venable became the outdoor editor for the Knoxville News-Sentinel, he began receiving photographs of fish marked with only a phone number and the mysterious words top-water Hubbard. Curious, Venable called the number and reached Ray Hubbard, a lay preacher, sewing machine repairman, and top-notch bass fisherman. Thus began an extraordinary twenty-seven-year friendship between two men who had little in common but a serious love of fishing and the outdoors. Venable wrote a story about Hubbard for the newspaper and began joining him for more fishing trips. Armed with unusual homemade lures and a friendly smile, Hubbard taught Venable the art of buzzbaiting, the joys of fishing pungent slop holes, and the secrets of a bass-catching technique Hubbard called mesmerizing. Soon the two men were subjecting one another to practical jokes and merciless teasing, but according to Venable, attempting to best his buddy was like trying to argue with the captain of an international championship debating team. They also developed an intricate verbal shorthand for the launch ramps, restaurants, and fishing spots they encountered. Venable soon discovered that the upstanding reverend was not averse to telling an occasional white lie, especially if it protected a prized location or coveted angling secret. Over the years, the size of their catches ceased to matter. Hubbard, a straitlaced country preacher, and Venable, a veteran journalist fluent in the language of the newsroom, simply enjoyed each other's company, overcoming differences in age, educational background, and vocational calling. (It was Hubbard who continually suggested that Venable say rock-elephant in place of saltier expressions.) What they experienced together, Venable believes, was best understood by Henry David Thoreau, who observed that many men go fishing all of their lives without knowing that it is not fish they are after. The Author: Sam Venable is an award-winning columnist for the Knoxville News-Sentinel and a contributor to such publications as Outdoor Life, Sports Afield, and Waterfowler's World. His books include Mountain Hands: A Portrait of Southern Appalachia and From Ridgetops to Riverbottoms: Celebrating the Outdoor Life in Tennessee.

It's More Than Fishing Pat Murray, 2020-08-13 "The only constant in fishing is that the fish are still trying to avoid being caught as hard today as they were 100 or 1,000 years ago. To improve as anglers, we must be willing to change and evolve." It's More Than Fishing is a how-to guide for Texas coastal fishing that addresses a number of key aspects of coastal angling, including the basics of patterning, fishing the Texas surf, choosing lures and baits, common myths and misconceptions, and what to keep in mind when hiring a fishing guide. In addition to these how-to elements, It's More Than Fishing also includes insight and information from marine biologists, fishing legends, and guides about coastal angling and the importance of conservation. Author Pat Murray has spent more than two decades as a marine conservation professional and more than four decades as a Texas coastal angler, and he emphasizes the critical role of recreational anglers in protecting and enhancing marine resources. Each chapter begins with a handy summary to guide readers through the information, making it easy to jump around. Throughout the book, Murray reminds the reader that angling is part science, but it's also part art. Similar to fine arts, culinary pursuits, and any other timeless crafts, angling is an evolving skill that has been in practice for centuries. Successful fishing requires a mixture of knowledge, practice, patience, and skill. Murray believes that if anglers view their pursuit as an art, they will not only invest in developing their skills, but their passion for fishing and ocean resources will increase along with their catches.

Tales of Fishing Virgin Seas Zane Grey, 1925 Stepping off the deck of his three-masted schooner, the Fisherman, at the end of an unparalleled fishing cruise, Zane Grey set down the record, without an instant's delay, of these adventurous weeks. The result is this book, a narrative of adventure and deep-sea fishing, unique even in the career of this great sportsman. Cruising in the dangerous, little-known sections of the Pacific around the Galapagos Islands, the party, putting out from the Fisherman in small boats, threw their lines into the waters often alive with man-eating sharks. At other times, under less strenuous conditions, Zane Grey devoted his time to careful observation, and the recording, cataloguing and photographing of strange and little-known game fish. Here, certainly, is a book that every good sportsman will wish to own -- a chronicle of adventure and danger, and sport for sport's sake.

Incredible Fishing Stories Shaun Morey,Jared Lee,2012-02-08 From a grueling 37-hour fight with a Pacific salmon to the maimed fisherman whose severed thumb turned up in the belly of a Mackinaw trout. From extraordinary marlin quests to hair-raising tales of fish catches man, here are fishing's 80 most unpredictable and spectacular tales. To get them, Shaun Morey-a fanatical fisherman and inveterate story collector-traveled from Alaska to Australia, Mexico, and the Caribbean to interview anglers, boat captains, guides and witnesses; to dig up photographs, and to confirm each tale. You'll read about Captain Jimmy Lewis who, in a moment of sheer bravado (or insanity), speared by hand-and landed-a 1,600-pound hammerhead shark. Or Bob Smith, fulfilling his twenty-year quest to catch all forty species of North America's wild trout on the bitter cold morning after his eighty-first birthday. Or the 800-pound blue marlin that made a final lunge-ripping up the deck and dragging a chair, with Paul Clause strapped in it, to the bottom of the ocean. (Paul survived; so did the marlin.) Truth is stranger than fiction.
