Extinction Horizon C. B. Ripley, 2021-02-26 Predator meets Jurassic Park in this action-packed sci-fi thriller. Space: the new frontier. A place where voracious mega-corporations can conduct unethical experiments away from Earth's prying eyes. In this unregulated atmosphere, espionage, sabotage and all-out war between corporations is rife. Corporate security services rival national militaries in size, armament and ruthlessness. When former Marine Mike Cordero and his crack team of hardcore badasses are sent by their employer to investigate a distress call from onboard a research orbital, they are expecting a fight. After all, fighting is what they are paid for. What they aren't expecting - what no-one could ever have expected - are the prehistoric nightmares that wait for them in the darkness of space.

Bandido Massacre Peter Edwards, 2010-06-01 On the morning of April 8, 2006, residents of the hamlet of Shedden, Ontario, woke up to the news that the bloodied bodies of eight bikers from the Bandidos gang had been found dead on a local farm. The massacre made headlines around the world, and the shocking news brought a grim light to an otherwise quiet corner of the province. Six Bandidos would eventually be convicted of the first-degree murder of their biker brothers. Like other outlaw bikers, Bandidos portray themselves as motorcycle aficionados who are systematically misunderstood and abused by police, as well as feared by the public. We now know the Bandidos were anything but simple motorcycle enthusiasts. However, unlike such biker gangs as the Hells Angels, who run sophisticated criminal empires, the Bandidos were highly disorganized and prone to petty infighting, and even engaged in sabotaging fellow members. This is the story of how the Bandidos self-destructed over one dark night. As gripping as any crime novel, The Bandido Massacre takes us inside a crumbling brotherhood bent on self-obliteration and betrayal.

The confab soon degenerates from happy chatter to cape-on-cape violence! Meanwhile, costumed crime fighter Empowered exploits Maidman's fearsome reputation not only to victimize hapless supervillains, but also to get the upper hand on her recalcitrant boyfriend! In a new one-shot spinning off from the sexy superhero comedy graphic-novel series Empowered, creator Adam Warren draws fourteen black-and-white pages that frame and cruelly interrupt a fifteen-page story painted in glorious full color by special guest artist Emily No Relation Warren!
