The Undying Fire H. G. Wells, 2022-06-13 H. G. Wells is one of the most important science fiction writers in history. Though *The Undying Fire: A contemporary novel* may be more accurately described as fantasy over sci-fi, it is still a seminal part of 20th-century literary history. As an, at the time, modern retelling of the Book of Job the story explores the difference between good and evil and why wickedness exists in a world full of innocent people. Fans of Wells will enjoy this small departure from his typical genre, while those who have never read one of his books before will fall in love with his atmospheric writing.

The Sheer Curtain Maria Elena Garza, 2016-06-17 This short novel is dedicated to my wonderful family: my children, Cathy, Fernando, Phillip; my grandchildren Jozette, Alaena, Phoenix; and my husband, Max. The novel is especially written for an audience of young readers or adults who choose to have a child's imagination. It was such fun for me to develop the characters and scenes of this mystery. It all starts with a woman's silhouette that appears on the third-floor window of this old Victorian mansion. No one in the town of Sneila has ever seen her except when she stands behind the sheer curtain. The children of the town look forward to Halloween every year. The children together walk down the dirt road to the mansion that sits at the edge of town behind enormously tall trees and a black iron fence. Every Halloween, the children know that, in front of the mansion outside the gate, there will be a mysterious white cauldron filled with magic candies for each child. The candies are in baggies with each child's name written on the front of the baggie. How does she know every child's name? Where does this candy come from? The children agree that the candy is very different, like it's out of this world. These are only two of the mysteries that exist in the town of Sneila. Much mystery lives in the town of Sneila. The number of people in this town never changes. When one person dies, another is born. People who die are not buried. The number 8 appears throughout the town. Sometimes you have to add two digits to find the 8. The infinity symbol appears throughout the novel. Magic turtles surface and communicate with the two main characters, Samantha and Victoria. Flickering lights, hidden doors, basement, baskets, spaceships, magic turtles, mysterious bubbles, candles, and fairies create a magical kingdom. Wrinkles and gray hair are witnesses to times past. The surprise ending is sure to give you goose bumps! Other books from the author include the following: *Sleepy Tears Laughing Tears Sleepy Tears Miss You Tears Gods Love is Real* (poetry book) *Friends and Angels* (poetry book) *The Secret Meeting of the Sworceracs*

Ascension. Saksaywaman. Shard of eternity Alexander Zubkov, 2021-11-11 The mysterious and enigmatic Saksaywaman. This is exactly what happened to an English

lord who, after returning from Peru, wanted to know more about this mystical place. Possessing sufficient capital, he turns to one of the most reputable mercenaries on archaeological expeditions, Matthew, who gladly takes on the job... What awaits the protagonist in the wilds of South America, he could not have dreamed even in his most vivid dreams...

Forty Days of Fire, Forty Days of Rain Douglas McDaniel, 2009-05-23 Challenged by the strange currents and savage storms of his life, author Douglas McDaniel captures an apocalyptic age of turmoil that began with the election of George W. Bush in 2000 and an oddly coincidental solar storm occurring in New England. This personal narrative leads all of the way through eight years of disaster on the North American continent. It is a âliving novelâ and commentary on life during wartime, on strange weather and social chaos â| a rave and borderline blog by one man trying to stay ahead of the wave during a new century spinning out of control.

Abby's Fire Corinne Malcolm Ibeling, R.I. Partridge, Abby Miller is a unique character, and I immensely enjoyed taking this journey with her. Abby's Fire is a compelling tale with a wealth of dark secrets. As the saying goes, flames may destroy, but they can also create something vital . . . the human spirit. –Daryl Wood Gerber, Agatha Award-winning author of The Fairy Garden Mysteries After a fire destroys her home, Abby Bennett emerges from the hospital horribly scarred. Her husband has abandoned her, and her two little boys are gone. Determined to reclaim her life and get her boys back, Abby returns to her hometown in Iowa. With the help of a reclusive neighbor, Jack, she begins renovating her sister's rental property. But the old cottage has a tragic past—a grisly unsolved murder. When Abby sees images of the victims—a mother and her children—in a mirror above the fireplace, she realizes it holds the key to solving the decades-old mystery. As Abby embarks on a quest to unmask the murderer,

she learns that evil from the past still has the power to destroy. Will she sacrifice everything she's worked so hard for to set right an old wrong?

Trial by Fire Constance Miller,2010-08-04 All through my life people have told me to write a book about my life since I have had many interesting things happen to me. The book includes history, miracles, a poem, recipes, and facts which may save a life. I grew up in Fort Ripley, moved to Brainerd, Minnesota and now reside in Fruitland Park, Florida. My dog Micky a Besenji lives with me. Micky can say I love you and mommy. I love him dearly and hes good company. My hobbies are painting, sewing, crochet, swimming, walking, and I love to read. My book has pertinent information on Cancer and Lymes Disease. An Evangelist told me years ago that I would be going through the trial by fire and its in my book.

The Price of Fire Benjamin Dangl,2010-09 New social movements have emerged in Bolivia over the ''price of fire'' - access to basic elements of survival like water, gas, land, coca, employment, and other resources. Though these movements helped pave the way to the presidency for indigenous coca-grower Evo Morales in 2005, they have made it clear that their fight for self-determination doesn't end at the ballot box. From the first moments of Spanish colonization to today's headlines, The Price of Fire offers a gripping account of clashes in Bolivia between corporate and people's power, contextualizing them regionally, culturally, and historically.

Fire Stephen J. Pyne,2013-06-01 For over 400 million years, fire has been an integral force on our planet. It can be as innocent as a bonfire or as destructive and lethal as a wildfire. Human history is rife with fires that have leveled cities—the Fire of Moscow in 1812 that destroyed seventy-five percent of the city, the Great Chicago Fire in 1871 that took down 17,000 buildings, and the fire that obliterated San Francisco after the 1906 earthquake are just a few. Fire is a force of nature that can consume everything in its wake, and yet it also has tremendous powers of cleansing and renewal. At the end of the day, we can't live without it. In *Fire*, Stephen J. Pyne offers a concise history of fire and its use by humanity, explaining how fire has been at the core of hunting, foraging, farming, herding, urbanizing, and managing nature reserves. He depicts how it gave humans power in ancient times, which resulted in humanity beginning to reshape the world for its own benefit. He describes how fire was used by aboriginal societies and the ways agricultural societies added control over fuel, but warns that our mastery of the science and art of fire has not given us complete control—fire disasters throughout history have defined cultures, and unexpected fires that begin as the result of other disasters have shocking effects. Pyne traces fire's influence on landscapes, art, science, and even climate, exploring the power a simple spark has over our imaginations. Lavishly illustrated with a host of rare and unexpected images, *Fire* is a sizzling and accessible tale of our relationship with this primal natural force.

A World Made of Fire Mark Childress, 2011-03-01 Mark Childress is is an artist, with an ear comparable to Eudora Welty's, which to me is the highest praise one can give. I haven't read a Southern novel since *Losing Battles* that has given me such pleasure. -- Harper Lee, author of *To Kill a Mockingbird* The sense of reality with which Childress imbues his characters and their situation is remarkable. He has the true novelist's ability to commit himself entirely to the people and events he envisions, and this is rare; the reader is certain at all points that the author is not playing with the subject, but writing from deep within it. A truly outstanding book is the result. -- James Dickey *A World Made of Fire* is earthy, adroit, moving -- an excellent novel by a writer of great promise and talent. -- Jesse Hill Ford Mark Childress is a young novelist who has written a memorable story out of the land and people of the Deep South that throughout its length is constantly intriguing with unexpected innovations. The ever-present undercurrent of mystical events will probably startle many readers by arousing and bringing forth unfamiliar emotions. -- Erskine Caldwell A wonderful and powerful novel...Childress's debut in the world of fiction is a cause to be celebrated; he is the real thing. -- Pat Conroy Mark Childress's new-fashioned saga is full of delicate electricity and raw power. -- Barry Hannah This is a damned fine story. There is more here than story, though. This baby resonates. Mark Childress is a writer of almost uncanny stylistic ability and clear vision. His eye for detail is extraordinary. It makes you want to holler Oh yeah! like a guy who's gotten religion at a riverside camp meeting. It's close; it's luxurious in its rightness; it fulfills the central demand of art...to make us see more in what we always thought we were seeing. -- Stephen King A haunting first novel...There is a clear light of genuine story-telling talent shining through it all. -- Library Journal In an impressive debut, Childress has produced a spellbinding tale in the Southern gothic tradition. A writer of poetic acuity, he evokes the atmosphere of a small Southern town and brings its inhabitants to life through their colorful, softly cadenced speech. Childress's remarkable command of language -- he uses imagery with sensuous skill -- his sure sense of plot, fueled by mysticism and mystery, and most of all, his beautifully nuanced depiction of Stella's coming of age, will keep readers enthralled. -- Publishers Weekly That rarest of finds, an

unsentimental coming-of-age story, *A World Made of Fire* is also an engrossing mystery. Wrapped in its tale of voodoo and midnight rides is a detailed bestiary of human emotions and behaviors. San Francisco Chronicle Mark Childress's first novel is a complex allegory of pagan magic and Christian retribution... Mr. Childress writes his haunting novel with poetic cadences in brief, intense chapters. He is an author of imagination. Stella's coming of age in grief and loneliness is drawn with graceful authenticity. -- Valerie Miner, The New York Times Book Review

A startlingly original first novel. Not only do a great many marvelous things happen, they do so in a time and place so untapped that Childress is able to claim the territory as his alone. He has marked himself, at the tender age of twenty-six, as a major new fictional voice. -- Bruce van Wyngarden, Saturday Review

A Heart at Fire's Center Steven C. Smith, 2002-05-31 No composer contributed more to film than Bernard Herrmann, who in over 40 scores enriched the work of such directors as Orson Welles, Alfred Hitchcock, François Truffaut, and Martin Scorsese. In this first major biography of the composer, Steven C. Smith explores the interrelationships between Herrmann's music and his turbulent personal life, using much previously unpublished information to illustrate Herrmann's often outrageous behavior, his working methods, and why his music has had such lasting impact. From his first film (*Citizen Kane*) to his last (*Taxi Driver*), Herrmann was a master of evoking psychological nuance and dramatic tension through music, often using unheard-of instrumental combinations

to suit the dramatic needs of a film. His scores are among the most distinguished ever written, ranging from the fantastic (Fahrenheit 451, The Day the Earth Stood Still) to the romantic (Obsession, The Ghost and Mrs. Muir) to the terrifying (Psycho). Film was not the only medium in which Herrmann made a powerful mark. His radio broadcasts included Orson Welles's Mercury Theatre on the Air and The War of the Worlds. His concert music was commissioned and performed by the New York Philharmonic, and he was chief conductor of the CBS Symphony. Almost as celebrated as these achievements are the enduring legends of Herrmann's combativeness and volatility. Smith separates myth from fact and draws upon heretofore unpublished material to illuminate Herrmann's life and influence. Herrmann remains as complex as any character in the films he scored—a creative genius, an indefatigable musicologist, an explosive bully, a generous and compassionate man who desperately sought friendship and love. Films scored by Bernard Herrmann: Citizen Kane, The Ghost and Mrs. Muir, Vertigo, Psycho, Fahrenheit 451, Taxi Driver, The Magnificent Ambersons, The Man Who Knew Too Much, North By Northwest, The Birds, The Snows of Kilimanjaro, Cape Fear, Marnie, Torn Curtain, among others
