Introduction to Awakening of Twin-Flames Venus Alistar, 2016-08-10 Everyone will learn about the twins, who we are together, and what our mission here is. It is part of a sacred agreement between the twins before we entered into this life and is our purpose and mission to help with the earth's ascension through elevated states of higher conscious awareness of love and becoming wholesome together in union. Splendid plan! Whether you are newly awakened twin flames or curious to know about the twins and the purpose of the father and mother to return us all into a higher conscious love, you will get helpful insight on how to handle your ascension process and learn what to do during your awakening as discovered by Venus to help with the ascension. This book will help to understand not only about the twin-flame union but also the very powerful awakenings and shifts that happened on 11/11/11 by the god and goddess of the universe to awaken the twin flames, which was a huge portal that opened up to usher in and bring together the new wave of twins and bring them back into their divine and sacred unions all over the earth. Everyone around the world felt this huge shift take place in some way but did not know the reason for what had occurred. The shifting continues to take place today because of the energy that is here, which is twin-flame energy. You will learn what it was like for me and the occurrences that happened from that period through the present and who the twins are as already ascended beings. Their mission in coming together is

to bring love and light through our unique talents and individual gifts we share together, and it is needed at this point in time and has been expected for the good of humanity. We bring higher levels of conscious awareness as multidimensional beings a new paradigm shift. You will learn about our journeys together and apart as we've taken on the struggles of life and awakened to who we are while in this physical reality. You will also learn about the seven basic chakras within the outer (etheric) or subtle body and how it is used to connect to open communication portals within the twins. Also the awakenings taking place will help push us forward in spiritual evolution not only for ourselves but to help others all over the planet. Twin flames for a higher-consciousness love is a walk into divinity.

But when things don't go the demon's way, he dumps her off on a derelict spacestation with no money and no way of getting home. The last thing Nakita wants to do is go anywhere with the demon who has a history of screwing her over. With the demon monarchy in chaos and enemies all over the universe, they are forced to rely on each other while unraveling the mystery of two sacred relics, and the contract that still binds them. But, by the time Alastor and Nakita find a way to sever their deal, the idea of being apart may no longer be what either of them wants.

The Mirror of Pharos J S Landor,2017-10-24 An action-packed, high concept, time-travelling adventure. Full of animal magic and with an epic wolf character. Linked to a website with 'Meet the Character' profiles, book excerpt and background stories. Jack Tideswell's parents died in a tragic diving accident while exploring the underwater ruins of the Pharos lighthouse in Egypt. So Jack wants nothing to do with adventure. Until, that is, a seagull delivers a strange disc - addressed to him in his own handwriting - and he's catapulted briefly into another time. In the blink of an eye, all kinds of magic are let loose, and Jack finds himself aboard an ocean liner in the throes of a Titanic-like disaster. It all links back to Pharos, the seventh wonder of the world. An ancient power needs to be restored. Can Jack learn to navigate time before it's too late to save the one person who can help him unravel the secrets of the disc? Whether he likes it or not, there's no more hiding away. And no looking back. Especially when Alpha is watching. A wolf who sees all there is to see... For readers aged 10 plus, *The Mirror of Pharos* is a contemporary fantasy with the inventiveness of Philip Reeve's sci-fi, the excitement of J.K. Rowling's plots and the timeless quality of a Philippa Pearce classic. 'A wonderful mix of magic and reality that reminds me of the early books in the Harry Potter series.' *The Bookbag*

Shadow Pawn Cat Johnson, Shadow Sisters, 2021-06-08 He'd spent his career hiding in shadows. Now they want to send him back into them. The question is, who are they? Is this job his saving grace or has he just made a deal with the devil? When the military makes Navy SEAL sniper Adam Nichols their sacrificial lamb just two years shy of his retirement, he has no more reason to follow their rules. So the offer the shadowy figure representing an undisclosed organization makes him looks pretty good. In exchange for more money than he ever made working for the command that betrayed him, Adam is to use any means necessary to free an American woman held hostage in China, without backup and without causing an international incident in the process. With the promise of possible redemption, in addition to his obsession with the intriguing damsel in distress

who kicks his protective side into high gear, his choice is clear. But who is the tawny-skinned, sophisticated, captive beauty in the photo who rouses feelings he's long denied? The impeccably-dressed, ebony-haired stranger with the intelligent yet secretive golden-brown eyes who seems so completely opposite from his own beastly rough nature. He's to rescue her, and protect her, and nothing else. Easier said than done. And after he does free her, is he handing her over to the good guys, or the bad? Or, perhaps, she's the one he should be worried about. He only knows one thing for certain—a SEAL who's lost the ability to trust his gut instincts is, quite simply, lost.

Seven Floors High Steve Goddard, 2009-02-20 Seven Floors High is based around a true story of life inside iaxis, a London based telecoms start-up company valued at US\$1 Billion during the "Dot.Com" boom. Written with style, insight and often hilarious humour, Goddard's story is an exhilarating account of greed, hubris and corporate extravagance in the iaxis quest for a stock market floatation. Set as a background to the iaxis story, Seven Floors High also contains a very powerful Non-Fiction sub-theme which lifts the lid on the secret world of NSA telecommunications spying and covert CIA operations in the Middle East.

The Fire That Changed Everything Russell Ashe, 2017-12-05 On December 17, 2005, the city of Barre lost four kids and their mom in the worst fire the city has ever had. Just before Christmas in an apartment protected by three working smoke detectors, this family never got out. In fact, this family never even knew there was a fire until it was too late. The only person able to get out was only able to by chance. Of all the things this individual said after the fire, most disturbing was the lack of any smoke alarms sounding. An apartment full of toxic smoke with working smoke alarms and yet they all remained silent. That morning was filled with devastation, triumph, acts of incredible heroism and bravery, an injured firefighter and four others almost making the ultimate

sacrifice. Everyone who was there had their own lives torn apart and will never be the same again. This fire rocked our community to its core and yet it's a scenario that is played out all over the world. In the months that followed this fire, we learned why the smoke alarms didn't sound. We also learned why smoke alarms all over the world will not sound today, leaving all the occupants in extreme danger should their home burn. This is not only a story about some of the greatest men and women on the face of this earth, but a tribute to the victims from that morning. Inside, you will learn what they didn't know so that you can protect your family from the risk of fire. At the end of the day, these people will have died so that you may live.
