Flashlight Lizi Boyd,2014-08-12 Inside the tent it's cozy, but what is going on outside? Is it dark? Is it scary? Not if you have your trusty flashlight! A charming story told solely through images: Through neatly drawn illustrations and a spare yet dramatic color palette, artist Lizi Boyd offers an enchanting exploration of night, nature, and art with Flashlight. Flashlight Night Matt Forrest Esenwine,2017-09-19 Flashlight Night is an ode to the power of imagination and the wonder of books. Three children use a flashlight to light a path around their backyard at night; in the flashlight's beam another world looms. Our heroes encounter spooky woods, a fearsome tiger, a time-forgotten tomb, an Egyptian god, a sword-fighting pirate, and a giant squid. With ingenuity, they vanquish all, then return to their tree house—braver, closer, and wiser than before—to read the books that inspired their adventure.

Flashlight Night Elisabeth Hasselbeck, 2021-02-02 NATIONAL BESTSELLER • In her first picture book, New York Times bestselling author and mother of three Elisabeth Hasselbeck reminds us that little hearts can be anxious too—and that God is always listening to their prayers. Flashlight Night is narrated by a boy whose parents have used chalkboard paint to create a wall where he and his siblings can write out all their fears, cares, and concerns: Will I learn to blow a bubble? Tie my shoes? Stay out of trouble? Be the friend they choose? The boy shares the wall with a friend, who records her own prayers. Later, they visit the chalkboard wall at dusk with a flashlight. The boy's mom shines the light on some prayers and turns it off at other times, pointing out that their prayers (and the children's faith) are still there, even in the dark, and that God hears every request. Mom says, Sometimes we see God's yes, and other times we don't. But just because it hasn't happened, doesn't mean it won't. Even when it's dark and dim and when we cannot see, let's choose to place our trust in God. He's close to you and me.

Flashlight Fighting Phil Elmore, 2006-04-01 A simple 6-inch flashlight is an extremely potent self-defense weapon if wielded properly and is among the few useful items one may carry that has yet to be legislated into liability. Guns are strictly controlled in some areas; knives are subject to as many if not more laws, some of them so vague that they defy interpretation. Collapsible batons, billy clubs, mace and pepper sprays are often illegal, but few, if any, regulations concern the possession of the common pocket torch. About now you're probably thinking that you're in deep trouble if the only weapon you've got is a battery-powered flashlight, but anyone who knows how to use a palm stick knows just how effective even a short length of rigid material can be. Thrust into the body's soft targets, joints and other vital areas, it can debilitate and even kill an attacker.
