Fluent Forever Gabriel Wyner, 2014-08-05 NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar*

Zero At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

Kirsten Fahrenholtz, 2018-11-11 These flashcards cover all the vocabulary of the 'Reading Greek' series, sections 1 -9. 'Reading Greek' has become a best-selling one-year introductory course in Ancient Greek for students and adults. It is used widely in schools and universities across the world, e.g. at the Open University's Module 'Reading Classical Greek: Language and Literature'. These flash cards were written for the JACT 'Reading Greek' series which are an easy to follow guide to learning Classical Greek. Our fascination with ancient Greece continues to this day. But learning the vocabulary can be tricky sometimes. Flashcards are the solution ! If you are about to learn new vocabulary, flashcards can make the job so much easier. Flashcards are effective because they are founded on the principles of rote learning and memorization. These flash cards are two-sided study aids that have ancient Greek words on one side, and the English translation on the opposite side. You are able to increase the difficulty by putting easy ones aside and focusing on the more difficult. Using flash cards is a very effective strategy for studying - at home or on the go. The flash cards travel with you and are useful for a quick review and a convenient study tool at bus stops, waiting in a line or on any occasion you have some free time. Continuously reviewing your flash cards will ensure that you'll retain more of the information that you're studying with little effort required. Just cut, fold, glue and start enjoying without worries the Beauty of ancient Greek
