Android For Dummies Dan Gookin, 2020-08-11 Your comprehensive (and very friendly!) reference guide to Android phones and tablets You're used to hearing it said that the phone in your pocket or tablet by your bed has more computing power than the entire Apollo 11 space program in the 1960s (or something similarly impressive)—and this is no less true for Android devices than any other. Sounds great—but what does that actually mean you can do with them? The new edition of *Android For Dummies* reveals all for new and experienced users alike, making it easy to get the most out of the awesome computing power of Android smartphone and tablet devices—from communications and pictures and videos to the wonderful world of 2.8+ million Google apps! Cutting through the jargon, bestselling tech author Dan Gookin puts you in touch with all the Android features you'll need to know (and many more you'll be pleased to discover!), from setup and configuration to the major features, such as text, email, internet, maps, navigation, camera, and video, as well as synching with your home computer. In addition to getting familiar with these and the latest Android 10 operating system (OS)—in both Google Pixel and Samsung versions—you'll become an expert on the best ways to share your thoughts, videos, and pictures on social media, navigate with Android Auto when driving, and maintain your files so they're orderly and easy to find. Explore Android devices, from physical functions to software and online features Communicate via email, social media, Google Duo video calls, and

more Tweak your privacy settings to keep your information secure Use Android Auto when driving and see in the dark with Night Light and Dark Mode Androids may be able to land a spacecraft on the Moon (yet) but there's a whole universe waiting right there in the device at your fingertips—and this book is the perfect place to begin to explore!

Android Phones and Tablets For Dummies Dan Gookin, 2017-12-26 Outsmart your new Android Getting a smartphone or tablet can be intimidating for anyone, but this user-friendly guide is here to help you to get the most out of all your new gadget has to offer! Whether you're upgrading from an older model or totally new to the awesome world of Androids, this book makes it easier than ever to get up and running with the latest technology. From setup and configuration to taking advantage of all those intricate bells and whistles, Android Phones & Tablets For Dummies helps you unleash everything your Android can do for you. If you're looking to use your phone or tablet for texting, emailing, accessing the Internet, or anything in between, you'll want to keep this go-to reference close by every step of the way. • Make sense of the phone features • Find your way around with navigation • Capture moments on the camera • Seamlessly sync with a PC or Mac Who needs a headache when dealing with a new device? This book makes it totally pain free!

The Insanely Simple Guide to the Samsung Galaxy Z Fold 4 and Flip 4 Scott La Counte, 2022-08-26 Fold Back the Power of the Foldable Phone! If you are old enough, you probably remember your first flip phone. There wasn't a lot to it, but you could text, take pixelated photos, and sometimes even search the Internet. But then smartphones came along, and things got a little...bulkier. For most of us, we were fine with the tradeoff; sure, they didn't fold into two, so we could slip them into our pocket, but they took stunning photos, played impressive games, and had blazing speed. But as they say: history tends to repeat. Here we are, years after flip phones pretty much disappeared, and we have foldable phones! But these aren't your grandma's flip phones! They're everything you can expect in a smartphone, but compact. If you are new to the foldable phone market, there's a little bit of a learning curve, and that's where this book will help. It will cover: What makes Fold4 and Flip4 different from iOS, Android, and other smartphones Taking advantage of folding screens Using the Z Pen Setting up your phone Making calls Turning your phone into a Desktop experience with Samsung DeX Installing apps Using the camera Surfing the Internet Using Samsung SmartTag Changing system settings And much more! If you are ready to get into the fold and unlock it's potential, then let's get started! NOTE: This guide is not endorsed by Samsung and should be considered unofficial.
