Flashlight Lizi Boyd,2014-08-12 Inside the tent it's cozy, but what is going on outside? Is it dark? Is it scary? Not if you have your trusty flashlight! A charming story told solely through images: Through neatly drawn illustrations and a spare yet dramatic color palette, artist Lizi Boyd offers an enchanting exploration of night, nature, and art with Flashlight. Both lyrical and humorous, this visual poem—like the flashlight beam itself—reveals there is magic in the darkness. We just have to look for it. • A wordless storybook with stunning visuals that aims to lighten the fear of the dark and the noises that come with it • Book inspires the imagination and creativity in young minds • Lizi Boyd is the author and illustrator of many children's books, including Inside Outside and Flashlight, and also creates papers, ribbons, cards, and other works of delight Flashlight allows readers to experience the wonder and excitement of nighttime exploration in the woods and wordlessly entices readers to explore the hidden nature outside their own homes. —The Busy Librarian • Appeals to readers of all ages with the calming, yet adventurous tone • Books for kids ages 5-6 • Children's picture books for preschool through first grade

Flashlight Night Matt Forrest Esenwine,2017-09-19 Flashlight Night is an ode to the power of imagination and the wonder of books. Three children use a flashlight to light a path around their backyard at night; in the flashlight's beam another world looms. Our heroes encounter spooky woods, a fearsome tiger, a time-forgotten tomb, an Egyptian god, a sword-fighting pirate, and a giant squid. With ingenuity, they vanquish all, then return to their tree house—braver, closer, and wiser than before—to read the books that inspired their adventure.

The Amazing 2000-Hour Flashlight Ronald Brown,2014-01-15 The Amazing 2000-Hour Flashlight shows how to add a 30-cent resistor to a \$5 flashlight and create a light that produces useful illumination for 2000 hours on the same battery. Detailed instructions. 54 illustrations. A half-hour project. No soldering required! The standard for useful light is defined and various lights compared to it. Brand names and part numbers and where to buy them (Home Depot, Radio Shack, etc.) are all identified. Related topics include bypassing the resistor, rechargeable batteries, and how to substitute other battery sizes. Don't be afraid of the dark, we chide our children. Don't be a 'fraidy cat. Really? An underground parking garage in a blackout is intimidating. Getting the right prescription out of the medicine closet in the dark will make a 'fraidy cat out of anybody. Delivering a baby in the dark is life-and-death. But you can take control. For a very small sum you can have a flashlight that runs for weeks at a time on the same battery. What do they say? Do it now while it's fresh in your mind. Two free bonuses are included: (1) a chapter from *Lanterns, Lamps & Candles* (a different book on lighting by the same author) and (2) a chapter from *The Prepper's Guide to Food Storage* by Gaye Levy (proprietor of the Web site Backdoor Survival).

Flashlight Fighting Phil Elmore,2006-04-01 A simple 6-inch flashlight is an extremely potent self-defense weapon if wielded properly and is among the few useful items one may carry that has yet to be legislated into liability. Guns are strictly controlled in some areas; knives are subject to as many if not more laws, some of them so vague that they defy interpretation. Collapsible batons, billy clubs, mace and pepper sprays are often illegal, but few, if any, regulations concern the possession of the common pocket torch. About now you're probably thinking that you're in deep trouble if the only weapon you've got is a battery-powered flashlight, but anyone who knows how to use a palm stick knows just how effective even a short length of rigid material can be. Thrust into the body's soft targets, joints and other vital areas, it can debilitate and even kill an attacker.

DC Super Friends Batman Saves the Day DC Comics,2013-07-23 Feel like one of the DC super heroes with this storybook that comes with a cool flashlight. This book is packed with nail-biting adventures starring kids' favorite DC heroes. As they read, they can use the flashlight to project Batman's signature symbol on the pages of the book to help call Batman to the scene. The Bat-signal can also be projected on any surface for additional pretend-play fun!

Hope Corrine Averiss,Sébastien Pelon,2019-08-20 Hope is keeping a light on, however dark things seem. Comet is Finn's dog, and his very best friend. They do everything together. But one day Comet won't get out of his basket - not even for his very favorite things! The vet tells Finn that Comet needs to stay in overnight for an operation. That evening, Finn sits in his den feeling very alone. Dad tells him to keep on hoping. At night, as Finn sleeps, thousand of little lights appear in the sky, each one a hope from a different person in the world. Emotional, funny, and uplifting, this beautiful picture book is a pure delight from start to finish. A wonderful story that shows children not to give up hope when times are uncertain.
