**Flashlight** Lizi Boyd,2014-08-12 Inside the tent it's cozy, but what is going on outside? Is it dark? Is it scary? Not if you have your trusty flashlight! A charming story told solely through images: Through neatly drawn illustrations and a spare yet dramatic color palette, artist Lizi Boyd offers an enchanting exploration of night, nature, and art with Flashlight. Both lyrical and humorous, this visual poem—like the flashlight beam itself—reveals there is magic in the darkness. We just have to look for it. • A wordless storybook with stunning visuals that aims to lighten the fear of the dark and the noises that come with it • Book inspires the imagination and creativity in young minds • Lizi Boyd is the author and illustrator of many children's books, including Inside Outside and Flashlight, and also creates papers, ribbons, cards, and other works of delight Flashlight allows readers to experience the wonder and excitement of nighttime exploration in the woods and wordlessly entices readers to explore the hidden nature outside their own homes. —The Busy Librarian • Appeals to readers of all ages with the calming, yet adventurous tone • Books for kids ages 5-6 • Children's picture books for preschool through first grade

**Flashlight Night** Matt Forrest Esenwine,2017-09-19 Flashlight Night is an ode to the power of imagination and the wonder of books. Three children use a flashlight to light a path around their backyard at night; in the flashlight's beam another world looms. Our heroes encounter spooky woods, a fearsome tiger, a time-forgotten tomb, an Egyptian god, a sword-fighting pirate, and a giant squid. With ingenuity, they vanquish all, then return to their tree house—braver, closer, and wiser than before—to read the books that inspired their adventure.

*My First Flashlight* Dawn Bentley,1997 Sunny Bear, the friendly flashlight, helps youngsters see in the dark, while his accompanying storybook explains how to find things in the dark, make shadow puppets, play games, and more.

*Flashlight Dinosaurs* Mark Shulman,2004 This pair of novelty books feature die-cut shapes that glow in the dark and die-cut paper monsters that, when kids shine a flashlight beam, are projected on the wall. Kids can make their own shadow monster movies after they've read each book's humorously rhymed story. Full color.

**Marvel Spider-Man: Here Comes Spider-Man!: Book and Flashlight Set** Pi Kids,2020-10-15 Green Goblin and Doc Ock are making trouble, and it's up to your friendly neighborhood Spider-Man to stop them! Can you use your flashlight to help Spidey save the day? The foiled pages shine and gleam in your flashlight's glow, and 5 buttons on the flashlight play web-slinging sounds. This exciting story encourages imagination, responsibility, and learning through play.

**Flashlight Fighting** Phil Elmore,2006-04-01 A simple 6-inch flashlight is an extremely potent self-defense weapon if wielded properly and is among the few useful items one may carry that has yet to be legislated into liability. Guns are strictly controlled in some areas; knives are subject to as many if not more laws, some of them so vague that they defy interpretation. Collapsible batons, billy clubs, mace and pepper sprays are often illegal, but few, if any, regulations concern the possession of the common pocket torch. About now you're probably thinking that you're in deep trouble if the only weapon you've got is a battery-powered flashlight, but anyone who knows how to use a palm stick knows just how effective even a short length of rigid material can be. Thrust into the body's soft targets, joints and other vital areas, it can debilitate and even kill an attacker.

**The Flashlight** Alec Yates,2016-08-29 A group of children finds an abandoned house. They go inside to explore, go upstairs and find a large trunk, open it up, and find documents and a flashlight. They turn it on. They realize it's not just another flashlight. They go through the portal, search for the inventor, find him, return the flashlight, and come home.

**Hope** Corrine Averiss,Sébastien Pelon,2019-08-20 Hope is keeping a light on, however dark things seem. Comet is Finn's dog, and his very best friend. They do everything together. But one day Comet won't get out of his basket - not even for his very favorite things! The vet tells Finn that Comet needs to stay in overnight for an operation. That evening, Finn sits in his den feeling very alone. Dad tells him to keep on hoping. At night, as Finn sleeps, thousand of little lights appear in the sky, each one a hope from a different person in the world. Emotional, funny, and uplifting, this beautiful picture book is a pure delight from start to finish. A wonderful story that shows children not to give up hope when times are uncertain.

*Shine-A-light* Carron Brown,2016-06-01 Over 200,000 copies of the series sold. Author Carron Brown has been a children's non-fiction editor and writer for more than 16 years. Secrets of Animal Camouflage is a child-friendly introduction to zoology. Bright, punchy artwork makes every page an adventure. A hidden world of snow-covered Arctic foxes, tree-trunk hiding owls and perfectly camouflaged butterflies are revealed as you hold the pages to the light! The amazing see-through pages in this gorgeously illustrated non-fiction series offer benefits similar to lift-the-flaps books (great for early development and deal with the idea of object permanence), but our Secrets books have the added interactive dimension of the child being able to see the surface and the hidden picture at the same time. Both a visual treat and lots of fun, all of our Shine-a-Light books also offer a glossary and additional information about their subjects, making them non-fiction gift books like no other.Over 200,000 copies of the Shine-a-Light series sold! A non-fiction gift book like no other with amazing see-through pages and a glossary and additional information about their subjects.

**The Amazing 2000-Hour Flashlight** Ronald Brown,2014-01-15 The Amazing 2000-Hour Flashlight shows how to add a 30-cent resistor to a \$5 flashlight and create a light that produces useful illumination for 2000 hours on the same battery. Detailed instructions. 54 illustrations. A half-hour project. No soldering required! The standard for useful light is defined and various lights compared to it. Brand names and part numbers and where to buy them (Home Depot, Radio Shack, etc.) are all identified. Related topics include bypassing the resistor, rechargeable batteries, and how to substitute other battery sizes. Don't be afraid of the dark, we chide our children. Don't be a 'fraidy cat. Really? An underground parking garage in a blackout is intimidating. Getting the right prescription out of the medicine closet in the dark will make a 'fraidy cat out of anybody. Delivering a baby in the dark is life-and-death. But you can take control. For a very small sum you can have a flashlight that runs for weeks at a time on the same battery. What do they say? Do it now while it's fresh in your mind. Two free bonuses are included: (1) a chapter from Lanterns, Lamps & Candles (a different book on lighting by the same author) and (2) a chapter from The Prepper's Guide to Food Storage by Gaye Levy (proprietor of the Web site Backdoor Survival).

**Experiments with a Flashlight** Angela Royston,2016 This low-level title introduces young students to the physical properties of light through an interactive approach. The science of light is explained to the reader through a series of photo-illustrated, step-by-step experiments, shown as being performed by their elementary-aged peers. The accessible text and experiments combine to teach important scientific concepts as well as promote critical thinking in young students. The (fun!) experiments strongly support STEM and CCSS programs, while also sparking ideas for science fair and maker spaces projects.

*After the Flashlight Man* Nancy McCabe,2003 Here, Nancy McCabe tells how her experience of being raped caused her to view her life in a new light: the self-defense classes, rape crisis volunteer work, writing and meditation that served as checkpoints along her healing journey while she re-examined events from childhood and relationships.
