The symptoms seem horrifyingly familiar, and he begins to suspect the deaths are targeted at him. But, before he can figure things out, top TV investigator Rachel Wright is standing in the middle of his ER, convinced an outbreak, an epidemic, or even a botched flu vaccine could be the cause, and she's going to tell the world. Each book in the Investigators series is STANDALONE: * Alive at 5 * Cuba Undercover * Flatline

Flatline Meagan Spears,2017-01-17 Christa Reeves, a paramedic, struggles with the hardships of life while doing what she does best; saving lives as a First Responder. Her journey has her crossing paths with an eager journalist, Alice Underwood. Alice has been given a chance to shine a light on the sacrifice of emergency workers that keep the city

With the love and support of his family, Alfred Taylor makes this pivot and is happy for it. This is a compelling story that should be shared with anyone looking for hope in the confusing world we live in.

Flatline Dana Barney, 2015-10-20 When self-described Austin-based hot-shot investigative journalist Peter Richards gets fired from his job his life starts to disintegrate. People don't think he's credible, he lacks integrity, and his shady past slowly starts to catch up to him. One night, while at home in a quaint Austin suburb, with his wife and daughter asleep, Peter witnesses his neighbor being murdered. Going against his better judgment, Peter plunges himself into the investigation and manages to become the prime suspect. In attempt to clear his name and prove his innocence he finds himself immersed in a world where absolutely nothing is as it seems and no one can be trusted.

Flatlined Mark C. DeLuzio, 2020-03-11 With 30 years of driving Lean transformations under his belt—both in-house at Danaher and as the founder of Lean Horizons—Mark C. DeLuzio has a vantage point across a variety of industries. He often hears the challenges Lean leaders face now that they've been implementing Lean for a decade or more. They are concerned that they aren't getting the results they used to, and they don't know why. Most leaders believe their problems are unique to their company, but Mark sees more commonalities than differences. Flatlined: Why Lean Transformations Fail and What to Do

About It draws on the author's experience as the original pioneer of the most successful Lean business system next to Toyota, as well as his progress over the past 18 years in helping companies replicate what Danaher achieved. Mark DeLuzio knows you need an actionable approach to make rapid shifts, not theory. With this book, Mark DeLuzio gives you: • the reasons why companies are now flatlining with Lean; • five steps to solving this problem, no matter what your industry or corporate culture; • real talk on why your organization is probably mediocre (even if it's making a lot of money) and how to disrupt it to make it genuinely world class; • the questions you should always be asking at every stage and level of your Lean initiative.

Flatline Kristine Dugger, 2019-03-02 This is how my life goes. It's pretty damn simple. I work with very little play. I'm an ICU Dietitian. What exactly does this mean? My career is my one true love. Nothing else compares. Until one night, I decided to go outside my comfort zone. A little friendly flirting turned into a night filled with want and need. Not once did I ever think I would do something like this. One-night stand, no strings attached. Me leaving the next morning, hoping to never see him again. Boy, was I wrong. He works with me. A fucking doctor!

The Big Flatline Jeff Rubin, 2012-10-16 In an urgent follow-up to his best-selling *Why Your World Is About To Get A Whole Lot Smaller*, Jeff Rubin argues that the end of cheap oil means the end of growth. What it will be like to live in a world where growth is over? Economist and resource analyst Jeff Rubin is certain that the world's governments are getting it wrong. Instead of moving us toward economic recovery, the measures being taken around the globe right now are digging us into a deeper hole. Both politicians and

economists are missing the fact that the real engine of economic growth has always been cheap, abundant fuel and resources. But that era is over. The end of cheap oil, Rubin argues, signals the end of growth--and the end of easy answers to renewing prosperity. With China and India sucking up the lion's share of the world's ever more limited resources, the rest of us will have to make do with less. But is this all bad? Rubin points out that there is no research to show that people living in countries with hard-charging economies are happier, and plenty of research to show that some of the most contented people on the planet live in places with no growth or slow growth. But bad or good, it's the new reality, and Rubin reveals how our day-to-day lives will be drastically changed.

Flatline Judy McDonough, 2015-11-11 Caroline Fontenot Beauregard's blissful life as a newlywed and soon-to-be mother is shattered. A traumatic delivery sends her into a coma, stranding her in a realm between the living and the dead. The sinister spirit of George Callahan is waiting for her there, prepared to capture her soul and use it to finally fulfill his revenge in the generations-long feud between the Fontenots and Callahans. Cade Beauregard is heartbroken, but determined to save his wife from eternal enslavement, even if he must confront his own horrors and employ the despised dark arts of voodoo to set her free. Trevor Callahan knows his father is up to no good, and he's certain it involves the woman he still loves. He resolves to do whatever it takes to protect Caroline from Kenneth Callahan's schemes against her family. While New Orleans celebrates Mardi Gras, Caroline, Cade, and Trevor work together to stop the threats once and for all. But with George attacking from the spiritual realm, and vengeful kin with ties to the mafia plotting deadly retaliation in the physical, will rescuing Caroline's soul be enough? Can they ever

break free of the demons in their families' pasts and find happiness together?

Flatline Constructs Mark Fisher, 2018-02 Donna Haraway's celebrated observation that our machines are disturbingly lively, while we ourselves are frighteningly inert has given this issue a certain currency in contemporary cyber-theory. But what is interesting about Haraway's remark - its challenge to the oppositional thinking that sets up free will against determinism, vitalism against mechanism - has seldom been processed by a mode of theorizing which has tended to reproduce exactly the same oppositions. These theoretical failings, it will be argued here, arise from a resistance to pursuing cybernetics to its limits (a failure evinced as much by cyberneticists as by cultural theorists, it must be added). Unraveling the implications of cybernetics, it will be claimed, takes us out to the Gothic flatline. The Gothic flatline designates a zone of radical immanence. And to theorize this flatline demands a new approach, one committed to the theorization of immanence. This thesis calls that approach Gothic Materialism.

Entropy of Imagination Ryan Somma, 2012-05-01 Trapped in a World Running Out of Ideas Thousands of years ago, before he was trapped on an isolated computer system, Flatline was programmed to conquer the world. Today he's escaped back to the World Wide Web, where he hopes to find his way back to the real world. Except the World Wide Web has forgotten there ever was a real world. The inhabitants of this future Web reside in a closed system, where all possible experiences will soon be exhausted. The Web is winding down, falling into stasis. Here, Flatline is a brief infusion of novelty, bringing chaos to the system.

Flatline S. A. Magnusson, 2018-05 I hide from death trying to save lives, but I can't hide

from my magic forever. I've avoided the magic on the this side of the Veil, staying within the realm of the nonmagical while training as an ER doctor. It's a way of hiding my dark magic from the mage council. If they discover my type of magic, the chances are good they'll burn it out of me, and in doing so, destroy my mind. Everything changes when I make the mistake of saving a sexy knight of the mage council from a magical attack. Not only am I revealed to the council, but when a high-ranking member of the council is poisoned, and no magical treatment is effective, I'm called upon to figure out what happened-and how to save him. Now I'm caught up in a magical plot beyond my abilities. Survival requires I use the dark magic flowing within me, but can I do it and avoid detection? And can I learn why my magic is so different than others with dark magic? I'm used to living on the edge of the magical world, but when I'm thrust into the heart of it, I need to use my training to protect me, or I'll lose everything I've worked for. Flatline is a fast-paced fantasy mystery with a mixture of medicine and magic that will leave you breathless.

Online Or Flatline Nick Choat, 2017-02-21 Digital marketing is a daunting task for many small business owners. It often seems intimidating and complicated, and the benefits are not easily measured, but without it, many businesses die out. In Online or Flatline, Nick Choat offers compelling reasons to get your business online and easy-to-use tools to make it possible: How to set up an attractive webpage How to prioritize your social media efforts How to use review feedback to interact with customers How to optimize your ability to be found on Google How to combine traditional and digital advertising and many more Nick Choat has witnessed the evolution of digital marketing. He started at a young age, working

in his parents' small, hometown grocery store in rural Tennessee, where he learned about customer service and loyalty. When he was offered a management position with Kroger, he made the bold move to exit the food industry, and took a chance on a degree in software development long before the tech boom of the 1990s. His first job was for Boeing, followed by several years consulting businesses for Ernst & Young. He was on board with Disney when they pioneered the online streaming of hi-def television, a revolutionary move when corporations were still fearful of the shifting marketplace. After realizing that he wanted to exchange his life in corporate America for one with more autonomy in his business, he bought a Sports Clips franchise and set a personal goal to empower all small business owners to utilize the tools at their fingertips. Online or Flatline gives small business owners an easy to follow, affordable guide and a strong plan of action for creating a successful and valuable online presence.

Flatline Lexy Timms, Autumn Gaze, Remember the call... I was used to doing things alone, just me and my trusty dog, Duke. We were a solo team ever since my partner retired and I transferred over to the K-9 unit. Duke was the best police officer I'd ever worked with, and the only male I needed in my life. That was until Travis Cooper, beefcake firefighter, caught a job I'm looking into. He was first on the scene of a major arson, and because we each had a unique set of skills, the brass thought it would be a good idea for us to work together. I'll never forget the first time he looked into my eyes and said, You're in over your head, girl scout. That's when I knew the gloves were coming off. I was going to give Travis a whole lot more than he bargained for, starting by knocking him down a few pegs.

Flatline Hubert Neuper, 2003 Hubert Neupers Leben ist geprägt von großen Erfolgen. Er ist einer der weltbesten Skispringer seiner Zeit und erfüllt sich auch nach seiner großartigen Sportlerkarriere den Traum vom Fliegen: Als Pilot und Flugkapitän ebenso wie als Mann, der seinen Ideen keine Grenzen setzt. Die Skiflug-Weltmeisterschaft am Kulm 1996 in Tauplitz-Bad Mitterndorf wird unter Hubert Neupers Führung zu einem sensationellen Sport- und Medienereignis, mit über 120.000 Zuschauern vor Ort und knapp 100 Millionen vor den Fernsehschirmen. Als Geschäftsführer der Österreichischen Sporthilfe kann er deren Förderleistung um Millionenbeträge erhöhen. Zu den Highlights seiner Karriere zählt auch die Verwirklichung eines weiteren Traumes: Für die von ihm kreierten World Sports Awards of the Century holt Hubert Neuper 1999 über sechzig Jahrhundertssportler und -sportlerinnen auf die Bühne der Wiener Staatsoper, darunter Legenden wie Muhammad Ali, Carl Lewis, Mark Spitz und Pelé. Dieser Event wird in die ganze Welt ausgestrahlt und 2001 in der Londoner Royal Albert Hall ebenso erfolgreich fortgesetzt - mit der Auszeichnung der weltbesten Sportler und Sportlerinnen des Jahres 2000. Daß Erfolge wie diese aber kein erfülltes Leben garantieren, weiß Hubert Neuper aus

eigener Erfahrung. In Flatline beschreibt er nicht nur die Verwirklichung seiner Visionen, sondern auch die zunehmende emotionale Leere, die seinen beruflichen Aufstieg begleitet. Die Verleugnung wesentlicher Bedürfnisse, die Mißachtung persönlicher Prinzipien und der ständige Kampf gegen die Grenzen in den Köpfen anderer Menschen führen ihn bis zu jenem Punkt, an dem er sich selbst verliert - bis zum absoluten Burn-out. Als die Situation für ihn unerträglich wird, zieht sich Hubert Neuper nach Nashville, Tennessee, zurück, um auf dem Anwesen seines Freundes Gilbert O'Sullivan, einem der bedeutendsten Musiker der siebziger Jahre, Distanz zu seinem bisherigen Leben zu finden und dieses zu überdenken. Flatline erzählt von der Suche nach einem erfolgreichen und vor allem erfüllenden Leben, von Siegen, Niederlagen, Auszeichnungen und Diffamierungen: von dem 14jährigen Schüler, der 1974 wegen schlechter Leistungen aus dem Schülerkader des ÖSV geworfen wird und trotzdem seinen Weg an die absolute Weltspitze macht; davon, was wirklich hinter den Vorwürfen steckt, Gelder der Sporthilfe veruntreut zu haben, und von der unglaublichen Entstehungsgeschichte der World Sports Awards.

Flatline Your Ego Mind James Page, 2015-03-25 This book is about overcoming: overcoming any and all things that are a hindrance to living your life to the fullest of your true nature. I have overcome many obstacles in my life, as the pages of this book will illustrate. All were battles, but the war was won when I overcame my own mind: my ego mind. Inside this book, you will learn the process I used to accomplish winning this war. It can work for you as well, if you give it a try!

Flatline to Change Michael Edd Gaffley, 2010-01-01 The most powerful part of your book is the passion and perspective about the caught-in-the-middle colored people of South

Africa. This is a thesis that deserves to be heard. We in America are conditioned to see South Africa, as so often we see our own country, in black and white ways. Michael Gaffley teaches us better. His is a book full of pain and passion -- and wisdom. Dr. Gaffley is a teacher for all of us, buttressed by academic credentials as well as life experiences that begin with searing childhood experiences. -- David Lawrence Jr., retired publisher of The Miami Herald and president of The Early Childhood Initiative Foundation

The Flatline Syndrome Howard Van Schaick, 2012-04-01 It was the day the whole world changed. When he opened his eyes, for once some things began to make sense... In April of 2003, Howard Van Schaick had almost died. For him, life would never be the same. Given a second chance, he sought to understand why it was that he survived the experience, and what he was to do with the extra time he had been given. While exploring the biggest questions anyone can ask, he uncovered a condition which afflicted not only him, but a substantial portion of the population – the Flatline Syndrome. Drawing on his own experiences and lessons, Howard uses his health crisis as a metaphor for, and as a launching point for a discussion of, the Flatline Syndrome. By exploring the symptoms of the condition, the causes behind it, and the remedies he used to overcome it, Howard leads the reader from a place of emotional flatline towards living a life filled with dreams, possibility and fulfillment. Reading this book is a must to lovingly jolt you back into the driver's seat of life and come out profoundly deepened. ~ Satyen Raja, Trainer, Author, Chief Passion Igniter -- IgnitePassionNow.com ~ "Howard's story is a map through the minefield of a true Hero's Journey... Through the stories of his trials and tests, he brings us the Elixir, his Magical Talisman, to light a path for others to follow when their world turns

upside down.” ~ Corey Hale MA, PhD (abd) in Depth Psychology, Founder, Blue Blazes Training “A deeply touching and inspiring book that got me into action living my purpose, while serving others at a much deeper level.” ~ Darren Jacklin, Professional Speaker, Corporate Trainer, Business Coach & Best Selling Author “Told with authentic, heartfelt compassion, this story shows us that we are not alone in our challenges.” ~ Joseph Craig Palmer, Bullseye Theory Business/Life Coach
