Why Not You? Ciara,Russell Wilson,2022-03-01 NEW YORK TIMES BESTSELLER • From Grammy-winning pop star Ciara and Super Bowl champion quarterback Russell Wilson comes a picture book to inspire young readers to see the value in themselves, be brave, and go after their biggest dreams! Why not you? Amazing you! You're a winner! You're so strong! You are perfect and important—you and all your gifts belong! We all have big dreams! Sometimes it's hard to imagine our big dreams coming true. But what if someone saw all the amazing and spectacular parts of us—our winning smiles, our fancy feet, our warm hearts—and asked, "Why not you?" Whether it's becoming a football player or a pop star or the president or a scientist: Why not you? In this picture book debut, superstars Ciara and Russell Wilson encourage readers to see themselves achieving their dreams, no matter how outrageous they may seem. It's a lyrical celebration of self-esteem, perseverance, and daring to shoot for the stars.

Licensing Royalty Rates, 2017 Edition (IL)  
Battersby, Grimes,2016-12-07 This valuable reference presents the -going- royalty rate for virtually any product, including over 1,500 products and services in ten lucrative categories- -art, celebrity, character and entertainment, collegiate, corporate, designer, event, sports, nonprofit and music. The essential reference for both beginning and more experienced licensing professionals. By Gregory J. Battersby, Charles W. Grimes Knowing the -going- royalty rate for virtually any product is as simple as reaching for the newly published Licensing Royalty Rates, 2017 Edition . Setting a royalty rate too high can scare away potential licensees, while accepting a lower rate can cost licensors hundreds of thousands of dollars. Licensing Royalty Rates, 2017 Edition provides all the information you need to calculate the right rate every time. The data

in Licensing Royalty Rates is compiled using information from the U.S. Patent and Trademark Office. After careful review by a blue-ribbon panel of expert licensing consultants uniquely qualified to know what the appropriate rate range is for specific properties in each licensing category, the information is organized into four time-saving sections that give researchers fast access to comprehensive statistical and analytical data: Royalty rate listing alphabetically by licensed product --provides a detailed alphabetical listing of products and their suggested rate range across all product categories. Royalty rate listing by international trademark class--lets you quickly identify subtle royalty rate differences between similar products within specific international trademark classes. Checklist of licensed products and services-- offers a quick-reference to products with a high potential for licensing. Comprehensive list of licensed products and services--presents a detailed list of all surveyed products and services within a trademark class for preparing intent-to-use trademark applications. This detailed information gives both beginning and more experienced licensing professionals the confidence needed to negotiate the maximum allowable rate regardless of the product, the market and the parameters of the specific deal itself.
