The iPhone Book is from Scott Kelby, the award-winning author of the smash bestseller, The iPod Book, who takes that same highly acclaimed, casual, straight-to-the-point concept and layout and brings it to learning Apple's amazing iPhone. Scott teams up once again with gadget guru and leading iPhone authority Terry White to put together a book that is an awful lot like the iPhone itself—simple to use and fun to learn. The book's layout is brilliant, with each page covering just one single topic, so finding the information you need is quick and easy, with a large full-color photo on each page so you can see exactly how it works. Scott and Terry added even more tips and tricks than the previous editions, and made it even easier by focusing on just the most useful and most requested iPhone 5 features, so you can start really using your iPhone today!

Girl Waits With Gun Amy Stewart,2015-09-01 NATIONAL BESTSELLER. The first in the Kopps Sisters Novel Series, Girl Waits with Gun is an enthralling novel based on the forgotten true story of one of the nation's first female deputy sheriffs. Constance Kopp doesn't quite fit the mold. She towers over most men, has no interest in marriage or domestic affairs, and has been isolated from the world since a family secret sent her and her sisters into hiding fifteen years ago. One day a belligerent and powerful silk factory owner runs down their buggy, and a dispute over damages turns into a war of bricks, bullets, and threats as he unleashes his gang on their family farm. When the sheriff enlists her help in convicting the men, Constance is

forced to confront her past and defend her family – and she does it in a way that few women of 1914 would have dared. A New York Times Editors' Choice “A smart, romping adventure, featuring some of the most memorable and powerful female characters I've seen in print for a long time. I loved every page as I followed the Kopp sisters through a too-good-to-be-true (but mostly true!) tale of violence, courage, stubbornness, and resourcefulness.”—Elizabeth Gilbert

Tell to Win Peter Guber, 2011-03-01 Today everyone—whether they know it or not—is in the emotional transportation business. More and more, success is won by creating compelling stories that have the power to move partners, shareholders, customers, and employees to action. Simply put, if you can't tell it, you can't sell it. And this book tells you how to do both. Historically, stories have always been igniters of action, moving people to do things. But only recently has it become clear that purposeful stories—those created with a specific mission in mind—are absolutely essential in persuading others to support a vision, dream or cause. Peter Guber, whose executive and entrepreneurial accomplishments have made him a success in multiple industries, has long relied on purposeful story telling to motivate, win over, shape, engage and sell. Indeed, what began as knack for telling stories as an entertainment industry executive has, through years of perspiration and inspiration, evolved into a set of principles that anyone can use to achieve their goals. In *Tell to Win*, Guber shows how to move beyond soulless Power Point slides, facts, and figures to create purposeful stories that can serve as powerful calls to action. Among his techniques: * Capture your audience's attention first, fast and foremost * Motivate your listeners by demonstrating authenticity * Build your tell around "what's in it for them" * Change passive listeners into active participants * Use "state-of-the-heart" technology online and offline to make sure audience commitment remains strong To validate the power of telling purposeful stories, Guber includes in this book a remarkably diverse number of "voices" —master tellers with whom he's shared experiences. They include YouTube founder Chad Hurley, NBA champion Pat Riley, clothing designer Normal Kamali, "Mission to Mars" scientist Gentry Lee, Under Armour CEO Kevin Plank, former South African president Nelson Mandela, magician David Copperfield, film director Steven Spielberg, novelist Nora Roberts, rock legend Gene Simmons, and physician and author Deepak Chopra. After listening to this extraordinary mix of voices, you'll know how to craft, deliver—and own—a story that is truly compelling, one capable of turning others into viral advocates for your goal.
