Warhol-isms Andy Warhol,2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well.I went to [a psychiatrist] once, and he never called me back.They always say that time changes things, but you actually have to change them yourself.I've never met a person I couldn't call a beauty.New things are always better than old things.I'm still a commercial artist. I was always a commercial artist.

Polar Auxin Transport Rujin Chen,František Baluška,2013-04-03 The importance of the plant growth regulator auxin for plant growth has long been

recognized, even before the discovery of its chemical structures in the early 20th century. Physiological studies in the decades since have demonstrated that auxin is unidirectionally transported in plants, a process dubbed polar auxin transport. It is the polar auxin transport process that generates a local auxin concentration gradient and regulates a broad array of physiological and developmental processes. The discoveries of auxin transport carrier proteins that mediate auxin influx into and efflux out of transport-competent cells and auxin receptor proteins for auxin signaling in the last few decades represent significant milestones in auxin research and open up opportunities to probe the cellular and molecular processes that regulate auxin transport and integrate environmental cues with signaling processes. Remarkably, components of the polar auxin transport machinery are present in both lower plants such as mosses and higher plants including monocots and eudicots, illustrating the key role of polar auxin transport in plant evolution. This book highlights topics ranging from physiological and genetic studies of polar auxin transport in plant development, to growth responses to the environment and plant-microbe interactions, to hormonal cross-talks with various cellular and molecular regulatory processes essential for polar auxin transport.

Dreaming the Marsh Elizabeth McCulloch, 2019 An Environmental Fantasy

Too Late to Die Young Harriet McBryde Johnson, 2006-02-21 With a voice as disarmingly bold, funny, and unsentimental as its author, this is a

thoroughly unconventional memoir that shatters the myth of the tragic disabled life.

Laura Hershey Laura Hershey, 2019 Poetry. LGBTQIA Studies. Disability Studies. Laura Hershey was a vital, brilliant, and until now lesser-known American poet who, during her short life, was a major invigorating force in the movements for disability rights, queer poetries, and activist poetics. Her poems speak from the margins with the force of truth--eloquently, ferociously, and beautifully. This volume of the Unsung Masters Series, carefully curated by poets Meg Day and Niki Herd, reintroduces a wide selection of Hershey's writing to a new generation of readers. Also included are essays about her life and work by other poets and critics as well as a portfolio of photographs.

Guidebook to Relative Strangers: Journeys into Race, Motherhood, and History Camille T. Dungy, 2017-06-13 A National Book Critics Circle Award Finalist A 2018 Colorado Book Award Finalist As a working mother and poet-lecturer, Camille Dungy's livelihood depended on travel. She crisscrossed America and beyond with her daughter in tow, history shadowing their steps, always intensely aware of how they were perceived, not just as mother and child but as black women. From the San Francisco of settlers' dreams to the slave-trading ports of Ghana, from snow-white Maine to a festive yet threatening bonfire in the Virginia pinewoods, Dungy finds fear and trauma but also mercy, kindness, and community. Penetrating and generous, this is an

essential guide for a troubled land.

They Could Live with Themselves Jodi Paloni, 2016-05-03 Stories by Jodi Paloni, runner-up in the 2015 Press 53 Award for Short Fiction

A Certain Loneliness Sandra Gail Lambert, 2018-09-01 After contracting polio as a child, Sandra Gail Lambert progressed from braces and crutches to a manual wheelchair to a power wheelchair—but loneliness has remained a constant, from the wild claustrophobia of a child in body casts to just yesterday, trapped at home, gasping from pain. *A Certain Loneliness* is a meditative and engaging memoir-in-essays that explores the intersection of disability, queerness, and female desire with frankness and humor. Lambert presents the adventures of flourishing within a world of uncertain tomorrows: kayaking alone through swamps with alligators; negotiating planes, trains, and ski lifts; scoring free drugs from dangerous men; getting trapped in a too-deep snow drift without crutches. *A Certain Loneliness* is literature of the body, palpable and present, in which Lambert's lifelong struggle with isolation and independence—complete with tiresome frustrations, slapstick moments, and grand triumphs—are wound up in the long history of humanity's relationship to the natural world. Bnf for Children 2014-2015 Bnf, Paediatric Formulary Committee, 2014-07 The BNF for Children (BNFC) provides essential practical information to all healthcare professionals involved in the prescribing, dispensing, monitoring and administration of medicines to children.

Ecology of a Cracker Childhood Janisse Ray, 2023-07 From the memories of a childhood marked by extreme poverty, mental illness, and restrictive fundamentalist Christian rules, Janisse Ray crafted a “heartfelt and refreshing” (New York Times) memoir that has inspired thousands to embrace their beginnings, no matter how humble, and to fight for the places they love. This new edition updates and contextualizes the story for a new generation and a wider audience desperately searching for stories of empowerment and hope. Ray grew up in a junkyard along U.S. Highway 1, hidden from Florida-bound travelers by hulks of old cars. In language at once colloquial, elegiac, and informative, Ray redeems her home and her people, while also cataloging the source of her childhood hope: the Edenic longleaf pine forests, where orchids grow amid wiregrass at the feet of widely spaced, lofty trees. Today, the forests exist in fragments, cherished and threatened, and the South of her youth is gradually being overtaken by golf courses and suburban development. A contemporary classic, *Ecology of a Cracker Childhood* is a clarion call to protect the cultures and ecologies of every childhood.

Wild Mountain Nancy Hayes Kilgore, 2023-01-03 *Wild Mountain* is a novel about the love between Frank and Mona, the love of place, freedom to marry, and freedom from the past.

Good Kings Bad Kings Susan Nussbaum, 2013-11-12 Bellwether Award winner Susan Nussbaum’s powerful novel invites us into the lives of a group of typical teenagers—alienated, funny, yearning for autonomy—except that they

live in an institution for juveniles with disabilities. This unfamiliar, isolated landscape is much the same as the world outside: friendships are forged, trust is built, love affairs are kindled, and rules are broken. But those who call it home have little or no control over their fate. *Good Kings Bad Kings* challenges our definitions of what it means to be disabled in a story told with remarkable authenticity and in voices that resound with humor and spirit.

A Million Fragile Bones Connie May Fowler, 2017 A deeply personal memoir detailing the devastation caused by the 2010 Deepwater Horizon oil rig explosion in the Gulf of Mexico

All We Know of Heaven Jacquelyn Mitchard, 2009-04-24 When Maureen and Bridget, two sixteen-year-old best friends who look like sisters, are in a terrible car accident and one of them dies, they are at first incorrectly identified at the hospital, and then, as Maureen achieves a remarkable recovery, she must deal with the repercussions of the accident, the mix-up, and some choices she made while she was getting better.

Oxford Handbook of Primary Care and Community Nursing Vari Drennan, Claire Goodman, 2014 This handbook serves as a reference guide for everyday clinical decision-making and provides the organisational knowledge necessary for those nurses who work on the interface of the statutory and voluntary sectors in health, education and social care.

Leaving Atlanta Tayari Jones, 2009-05-30 From the author of the Oprah's Book

Club Selection An American Marriage, here is a beautifully evocative novel that proves why Tayari Jones is one of the most important voices of her generation (Essence). It was the end of summer, a summer during the two-year nightmare in which Atlanta's African-American children were vanishing and twenty-nine would be found murdered by 1982. Here fifth-grade classmates Tasha Baxter, Rodney Green, and Octavia Harrison will discover back-to-school means facing everyday challenges in a new world of safety lessons, terrified parents, and constant fear. The moving story of their struggle to grow up-and survive- shimmers with the piercing, ineffable quality of childhood, as it captures all the hurts and little wins, the all-too-sudden changes, and the merciless, outside forces that can sweep the young into adulthood and forever shape their lives. PRAISE FOR TAYARI JONES Tayari Jones is blessed with vision to see through to the surprising and devastating truths at the heart of ordinary lives, strength to wrest those truths free, and a gift of language to lay it all out, compelling and clear. -- Michael Chabon Tayari Jones has emerged as one of the most important voices of her generation. -- Essence One of America's finest writers. -- Nylon.com Tayari Jones is a wonderful storyteller. -- Ploughsharesspan
