*My Life: The Sitcom* Chadd Allan Wheat,2023-10-20 Welcome to My Life: The Sitcom, featuring the panderings and ponderings of Yours Truly, Chadd Wheat. Believe it or not, many of you have actually asked for this book. I don't know if you intend on using it for the bottom of the birdcage, evidence in impending legal actions, or simply as a guide to living frivolously. Whatever the case, I hope you enjoy it. I started writing My Life: The Sitcom in 2002. Most of my articles, as published in The Lebanon Reporter and elsewhere, are my direct observations on the craziness that surrounds my life. Nearly all the events contained herein are actually true, with the names sometimes changed to protect the ignorant. People often ask me where I get the inspiration to write my ludicrous columns. After rubbing my chin and looking sage, I usually say something like, by consuming too much reality television, caffeine and other borderline hallucinogens. Ha, ha! Just kidding, local law enforcement! As a matter of fact, I never watch reality television!

Flip-Flops After Fifty Cindy Eastman,2014-04-08 Who hasn't experienced life's painful jabs—especially those of us who have rounded the corner into middle age? Emotional family events, stress from lousy jobs, the bittersweet feelings when the kids leave home, body image issues, and turning the big 5-0 . . . it's all covered here in Cindy Eastman's collection of personal and insightful essays. In Flip-Flops After Fifty, Eastman tackles the sublime and the ridiculous, the sacred and the profane, with her own brand of easy humor. From her 30th high school reunion to her daughter's wedding to running away to a cabin in Maine to figure out what she wants to do with her life, Eastman braves the ups and downs of midlife, and she comes out of it changed—for the better. At turns wry, hilarious, and poignant, Flip-Flops After Fifty will amuse and enlighten readers, even as it inspires them to think more deeply about the topics that affect us all.

Counseling Psychology and Optimal Human Functioning W. Bruce Walsh,2014-04-04 Counseling psychologists have always been vitally involved in promoting good health and preventing mental, physical, and social disorders. This volume focuses on how their efforts can foster and build optimal human strength and well-being. The chapters show how counseling psychology plays a major role in helping people make changes at home, at work, and in the community in ways that prevent disease risk and strengthen personal and social resources. Written by leading psychologists, the volume shifts away from pathology and illness and moves more toward the science of positive psychology. Five major themes--intact personalities, individual assets and strengths, positive mental health, person--environment interaction, and career development--are discussed. These serve to unite the roles and tasks of counseling psychology. All students and professionals concerned with mental health and career counseling will find Counseling Psychology and Optimal Human Functioning thought-provoking and helpful reading.

**Life in Flip Flops** Sonja B. DeChene,2012-05 Cool! You're reading the back of my book which means the front caught your eye. Now you're just

about ready to open it up and, well, since I still have your attention... So this is my first book, a lifetime in the making. And you won't find any fancy reviews by important people written here. What you will see is my invitation especially for you. Between the covers is an eclectic collection of true stories extracted from my life and imagination. It's not a how-to book or a dramatic tale of triumph. It's simply thoughts about everyday life that most anyone can relate to yet spend little time putting much thought into. **Women, Method Acting, and the Hollywood Film** Keri Walsh, 2021-04-26 *Women, Method Acting, and the Hollywood Film* is the first study dedicated to understanding the work of female Method actors on film. While Method acting on film has typically been associated with the explosive machismo of actors like Marlon Brando and Robert De Niro, this book explores an alternate tradition within the Method—the work that women from the Actors Studio did in Hollywood. Covering the period from the end of the Second World War until the 1970s, this study shows how the women associated with the Actors Studio increasingly used Method acting in ways that were compatible with their burgeoning feminist political commitments and developed a style of feminist Method acting. The book examines the complex intersection of Method acting, sexuality, and gender by analyzing performances such as Kim Hunter's in *A Streetcar Named Desire*, Julie Harris's in *The Member of the Wedding*, Shelley Winters's in *The Big Knife*, Geraldine Page's in *Sweet Bird of Youth*, and Jane Fonda's in *Coming Home*. Challenging the longstanding assumption that Method acting's approaches were harmful to women and incompatible with feminism, this book argues that some of Hollywood's most interesting female actors, and leading feminists, emerged from the Actors Studio in the period between the 1950s and the 1970s. Written for students and scholars of Film Studies, Cultural Studies, Theatre and Performance Studies, and Gender Studies, *Women, Method Acting, and the Hollywood Film* reshapes the way we think of a central strain in American screen acting, and in doing so, allows women a new stake in that tradition.

**Four Thousand Weeks** Oliver Burkeman, 2021-08-10 AN INSTANT NEW YORK TIMES BESTSELLER Provocative and appealing . . . well worth your extremely limited time. —Barbara Spindel, *The Wall Street Journal* The average human lifespan is absurdly, insultingly brief. Assuming you live to be eighty, you have just over four thousand weeks. Nobody needs telling there isn't enough time. We're obsessed with our lengthening to-do lists,

our overfilled inboxes, work-life balance, and the ceaseless battle against distraction; and we're deluged with advice on becoming more productive and efficient, and "life hacks" to optimize our days. But such techniques often end up making things worse. The sense of anxious hurry grows more intense, and still the most meaningful parts of life seem to lie just beyond the horizon. Still, we rarely make the connection between our daily struggles with time and the ultimate time management problem: the challenge of how best to use our four thousand weeks. Drawing on the insights of both ancient and contemporary philosophers, psychologists, and spiritual teachers, Oliver Burkeman delivers an entertaining, humorous, practical, and ultimately profound guide to time and time management. Rejecting the futile modern fixation on "getting everything done," *Four Thousand Weeks* introduces readers to tools for constructing a meaningful life by embracing finitude, showing how many of the unhelpful ways we've come to think about time aren't inescapable, unchanging truths, but choices we've made as individuals and as a society—and that we could do things differently.

*Tell Me Not To Go* Victoria De La O, 2017-01-31 Jeff Price is in a long-term relationship rut—nothing a move from Utah to Silicon Valley can't solve. But when he meets Samantha, his sister's best friend, his newfound freedom is threatened by their attraction. Headed for med school, and still gun shy from her last relationship, Sam's not in the market for love, either. The answer is simple: a ninety-day, no-strings-attached affair. What can possibly go wrong for two people determined not to fall in love?

**Trials to Triumph** Kristine Diana Schroeder, 2015-12-18 Kristine was born with multiple congenital birth defects and lived without a diagnosis of her rare disease for over three decades. When a diagnosis finally came, she learned she had already lived over a decade longer than expected with her disease. Forty-two surgeries later and misdiagnosis after misdiagnosis, she could have allowed the unknown to haunt her but instead God's miracles invaded her life. Magnificent grace and love transformed her faith into a mighty story that reveals new miracles each day. Her life scripture is Romans 5:1-5. She firmly believes that God's grace will work through the trials of this life and turn our hearts to gratitude. Kristine easily relates her story of love and faith to all ages. Sharing deep from her heart and her own experiences, she raises the awareness of God's continued presence in everyday life. With a joyful heart she presents a hope-filled message.

**Live to Love** Sheryl Kahle, 2022-05-11 In February 2009, Emily was attending her sophomore year of college studying business and suddenly got

sick with leukemia. Emily's courage, strength, and faith are shared by her mother in the day-to-day journey. My Life as Claus Chuck Hubbell,2015-11-25 This book is about a journey. A journey of creating magic with children. It sheds light on why creating Magic for children is important. It is about a journey into the realm of children whose innocence is taken from them far too soon. It is about smiles and laughter and secrets and perhaps a little magic that results in believing. Believing for a moment longer or if we are lucky, another year. Or if we really believe perhaps that magic can last a lifetime. But this story is about so much more. It is about what children gave me as I evolved into being a Santa Claus. It is about how I became a much better person. It is a story about how I gained insight and understanding in the power of believing, even when believing seems impossible.
