**Ghost Hawk** Susan Cooper,2013-08-27 A friendship between a young Native American and a colonial New England settler endangers them both in this “simply unforgettable” (Booklist, starred review) adventure story from Newbery Medalist Susan Cooper. On the winter day Little Hawk is sent into the woods alone, he can take only a bow and arrows, his handcrafted tomahawk, and the amazing metal knife his father traded for with the new white settlers. If Little Hawk survives three moons by himself, he will be a man. John Wakely is only ten when his father dies, but he has already experienced the warmth and friendship of the nearby tribes. Yet his fellow colonists aren't as accepting of the native people. When he is apprenticed to a barrel-maker, John sees how quickly the relationships between settlers and natives are deteriorating. His friendship with Little Hawk will put both boys in grave danger. The intertwining stories of Little Hawk and John Wakely are a fascinating tale of friendship and an eye-opening look at the history of our nation. Newbery Medalist Susan Cooper also includes a timeline and an author's note that discusses the historical context of this important and moving novel.

**It's The End of the World and I'm In My Bathing Suit** Justin A. Reynolds,2022-04-05 A hilarious new middle-grade from Justin A. Reynolds that asks: What happens when five unsupervised kids face the apocalypse under outrageously silly circumstances? Twelve-year-old Eddie Gordon Holloway has concocted his most genius plan ever to avoid chores... especially the dreaded L-A-U-N-D-R-Y. If he can wear all the clothes he owns, he'll only have to do the laundry once during his school break. On the day of the highly anticipated Beach Bash, Eddie's monstrous pile of dirty laundry is found by his mom. And Eddie's day has just taken a turn for the worst. Now he's stuck at home by himself, missing the bash, and doing his whole pile of laundry. But mid-cycle, the power goes out! With his first load of laundry wet and the rest of his stuff still filthy, he sets out to explore the seemingly empty neighborhood in his glow-in-the-dark swim trunks, flip-flops, and a beach towel. He soon meets up with other neighborhood kids: newcomer Xavier (who was mid-haircut and has half his head shaved), Eddie's former friend Sonia (who has spent her entire break trying to beat a video game and was mid-battle with the final boss), and siblings Trey and Sage (who are dealing with major sibling drama). As they group up to cover more ground and find out what happened, they realize that their families aren't coming back anytime soon. And as night falls, the crew realizes that they aren't just the only people left in the neighborhood, they might be the only people left... anywhere.

**From Tongue to Text: A New Reading of Children's Poetry** Debbie Pullinger,2017-05-04 The connection between childhood and poetry runs deep. And yet, poetry written for children has been neglected by criticism and resists prevailing theories of children's literature. Drawing on Walter Ong's theory of orality and on Iain McGilchrist's work on brain function, this book develops a new theoretical framework for the study of children's poetry. From Tongue to Text argues that the poem is a multimodal form that exists in the borderlands between the world of experience and the world of language and between orality and literacy – places that children themselves inhabit. Engaging with a wide range of poetry from nursery rhymes and Christina Rossetti to Michael Rosen and Carol Ann Duffy, Debbie Pullinger demonstrates how these 'tactful' works are shaped by the dynamics of orality and textuality.

**Reading Music** Susan McClary,2017-07-05 This outstanding collection of Susan McClary's work exemplifies her contribution to a

bridging of the gap between historical context, culture and musical practice. The selection includes essays which have had a major impact on the field and others which are less known and reproduced here from hard-to-find sources. The volume is divided into four parts: Interpretation and Polemics, Gender and Sexuality, Popular Music, and Early Music. Each of the essays treats music as cultural text and has a strong interdisciplinary appeal. Together with the autobiographical introduction they will prove essential reading for anyone interested in the life and times of a renegade musicologist.

**Modal Subjectivities** Susan McClary, 2019-10-22 In this boldly innovative book, renowned musicologist Susan McClary presents an illuminating cultural interpretation of the Italian madrigal, one of the most influential repertoires of the Renaissance. A genre that sought to produce simulations in sound of complex interiorities, the madrigal introduced into music a vast range of new signifying practices: musical representations of emotions, desire, gender stereotypes, reason, madness, tensions between mind and body, and much more. In doing so, it not only greatly expanded the expressive agendas of European music but also recorded certain assumptions of the time concerning selfhood, making it an invaluable resource for understanding the history of Western subjectivity. *Modal Subjectivities* covers the span of the sixteenth-century polyphonic madrigal, from its early manifestations in Philippe Verdelot's settings of Machiavelli in the 1520s through the tortured chromatic experiments of Carlo Gesualdo. Although McClary takes the lyrics into account in shaping her readings, she focuses particularly on the details of the music itself—the principal site of the genre's self-fashionings. In order to work effectively with musical meanings in this pretonal repertory, she also develops an analytical method that allows her to unravel the sophisticated allegorical structures characteristic of the madrigal. This pathbreaking book demonstrates how we might glean insights into a culture on the basis of its nonverbal artistic enterprises.

**In The Shadow Of The Banyan** Vaddey Ratner, 2012-09-13 A stunning, powerful debut novel set against the backdrop of the Cambodian War, perfect for fans of Chris Cleave and Chimamanda Ngozi Adichie For seven-year-old Raami, the shattering end of childhood begins with the footsteps of her father returning home in the early dawn hours bringing details of the civil war that has overwhelmed the streets of Phnom Penh, Cambodia's capital. Soon the family's world of carefully guarded royal privilege is swept up in the chaos of revolution and forced exodus. Over the next four years, as she endures the deaths of family members, starvation, and brutal forced labour, Raami clings to the only remaining vestige of childhood - the mythical legends and poems told to her by her father. In a climate of systematic violence where memory is sickness and justification for execution, Raami fights for her improbable survival. Displaying the author's extraordinary gift for language, *In the Shadow of the Banyan* is a testament to the transcendent power of narrative and a brilliantly wrought tale of human resilience. 'In the Shadow of the Banyan is one of the most extraordinary and beautiful acts of storytelling I have ever encountered' Chris Cleave, author of *The Other Hand* 'Ratner is a fearless writer, and the novel explores important themes such as power, the relationship between love and guilt, and class. Most remarkably, it depicts the lives of characters forced to live in extreme circumstances, and investigates how that changes them. To read *In the Shadow of the Banyan* is to be left with a profound sense of being witness to a tragedy of history' Guardian 'This is an extraordinary debut ... as beautiful as it is heartbreaking' Mail on Sunday

**Jehovah's Witnesses** George D. Chryssides, 2022-01-27 What would happen if I accepted an invitation to Bible Study from Jehovah's Witnesses? What would attending a Kingdom Hall meeting involve? And if I invited door-knocking Witnesses into my home? This book introduces Jehovah's Witnesses without assuming prior knowledge of the Watch Tower organization. After outlining the Society's origins and history, the book explains their key beliefs and practices by taking the reader through the process of the seeker who makes initial contact with Witnesses, and progresses to take instruction and become a baptized member. The book then explores what is involved in being a Witness – congregational life, lifestyle, rites of passage, their understanding of the Bible and prophetic expectations. It examines the various processes and consequences of leaving the organization, controversies that have arisen in the course of its history, and popular criticisms. Discussion is given to the likelihood of reforms within the organization, such as its stance on blood transfusions, the role of women and new methods of meeting and evangelizing in response to the COVID-19 pandemic.

**BU DONG (International English Edition)** Oliver Meidl, 2017-07-17 "That sounds Greek to me," "Das kommt mir spanisch vor," and "Me suena a chino" are different expressions of lacking understanding. What are the reasons for mutual misunderstanding and the fear of the foreign? "BU DONG" is all about eye-opening situations, great people, different lifestyles, and aims in life. The Chinese expression for "I don't understand" serves as a metaphor for overcoming communication barriers in cultural exchange. Enjoy a collection of travel experiences in Europe, America, and Asia. **Narratives of Forced Mobility and Displacement in Contemporary Literature and Culture** Roger Bromley, 2021-06-19 *Narratives of Forced Mobility and Displacement in Contemporary Literature and Culture: Border Violence* focuses on the evidence of the effects of displacement as seen in narratives—cinematic, photographic, and literary—produced by, with, or about refugees and migrants. The book explores refugee journeys, asylum-seeking, trafficking, and deportation as well as territorial displacement, the architecture of occupation and settlement, and border separation and violence. The large-scale movement of people from the global South to the global North is explored through the perspectives of the new mobilities paradigm, including the fact that, for many of the displaced, waiting and immobility is a common part of their experience. Through critical analysis drawing on cultural studies and literary studies, Roger Bromley generates an alternative "map" of texts for understanding displacement in terms of affect, subjectivity, and dehumanization with the overall aim of opening up new dialogues in the face of the current stream of anti-refugee rhetoric.
