The Brand Flip Marty Neumeier,2015-07-24 Best-selling brand expert Marty Neumeier shows you how to make the leap from a company-driven past to the consumer-driven future. You'll learn how to flip your brand from offering products to offering meaning, from value protection to value creation, from cost-based pricing to relationship pricing, from market segments to brand tribes, and from customer satisfaction to customer empowerment. In the 13 years since Neumeier wrote *The Brand Gap*, the influence of social media has proven his core theory: "A brand isn't what you say it is – it's what they say it is." People are no longer consumers or market segments or tiny blips in big data. They don't buy brands. They join brands. They want a vote in what gets produced and how it gets delivered. They're willing to roll up their sleeves and help out – not only by promoting the brand to their friends, but by contributing content, volunteering ideas, and even selling products or services. At the center of the book is the *Brand Commitment Matrix*, a simple tool for organizing the six primary components of a brand. Your brand community is your tribe. How will you lead it?

The Flip Jeffrey J. Kripal,2019-03-12 “One of the most provocative new books of the year, and, for me, mindblowing.” —Michael Pollan, author of The Omnivore's Dilemma and How to Change Your Mind “Kripal makes many sympathetic points about the present spiritual state of America. . . . [He] continues to believe that spirituality and science should not contradict each other.” —New York Times Book Review “Kripal prompts us to reflect on our personal assumptions, as well as the shared assumptions that create and maintain our institutions. . . . [His] work will likely become more and more relevant to more and more areas of inquiry as the century unfolds. It may even open up a new space for Americans to reevaluate the personal and cultural narratives they have inherited, and to imagine alternative futures.” —Los Angeles Review of Books A “flip,” writes Jeffrey J. Kripal, is “a reversal of perspective,” “a new real,” often born of an extreme, life-changing experience. The Flip is Kripal’s ambitious, visionary program for unifying the sciences and the humanities to expand our minds, open our hearts, and negotiate a peaceful resolution to the culture wars. Combining accounts of rationalists’ spiritual awakenings and consciousness explorations by philosophers, neuroscientists, and mystics within a framework of the history of science and religion, Kripal compellingly signals a path to mending our fractured world. Jeffrey J. Kripal holds the J. Newton Rayzor Chair in Philosophy and Religious Thought at Rice University and is the associate director of the Center for Theory and Research at the Esalen Institute in Big Sur, California. He has previously taught at Harvard Divinity School and Westminster College and is the author of eight books, including The Flip. He lives in Houston, Texas.
