Andy Warhol

Warhol-isms Andy Warhol, 2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." *Warhol-isms* separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well. I went to [a psychiatrist] once, and he never called me back. They always say that time changes things, but you actually have to change them yourself. I've never met a person I couldn't call a beauty. New things are always better than old things. I'm still a commercial artist. I was always a commercial artist.

A King's Ransom James Grippando, 2009-03-17 The author of five bestselling novels, including *Under Cover of Darkness* and *The Pardon*, James Grippando writes compulsively readable thrillers that could be drawn from today's headlines, only better. Now his trademark gifts are wonderfully demonstrated in a taut new tale of intrigue that will keep you guessing to the final, breathtaking scene. Just two years out of law school, Nick Rey is on the career fast track at a hot Miami law firm when he is suddenly plunged headfirst into a dangerous bid to save his father. Matthew

Rey has been kidnapped while on business in Columbia's exotic port city of Cartagena. The ransom demand of three million dollars is far more than the Rey family can ever hope to raise. Fortunately, Matthew had purchased an insurance policy to protect against just such a threat. Unfortunately, the kidnappers seem to know all about the policy, and the insurance company, suspecting fraud, is refusing to pay out. With nowhere to turn, Nick links up with Alex, a beautiful, street-smart woman who may be the only person capable of negotiating with Matthew's abductors. But Nick soon discovers that the gravest dangers to him and his family are not the kidnappers and their guns, but the men in suits: lawyers, to be exact, at a powerful firm with something to hide, and they will stop at nothing to keep Nick from unleashing the truth.

100 Words To Make You Sound Smart American Heritage Dictionaries, 2006-10-04 Find the right words to make a point, seal the deal, or just keep folks listening! Chosen by the editors of the American Heritage Dictionaries, these words can help anyone who wants to be a more compelling communicator—as a worker, consumer, advocate, friend, dinner companion, or even romantic prospect. The book includes a colorful variety of words, including handy words of just one syllable (such as glib) and words derived from the names of famous people (such as Freudian slip and Machiavellian). There are expressions from popular culture (Catch-22) and words that date back to classical civilization (spartan and stoic). Each word is clearly defined and shown in context with quotations from magazines, newspapers, broadcast media, movies, and television. For many words, quotations from distinguished authors and speakers are also given and word histories are explained. 100 Words to Make You Sound Smart provides an enjoyable way to communicate more effectively,

distinctively, and articulately.
