*The Cat's Meow* Emily Carmichael,2007-12-18 Sparks (and fur!) fly both in and out of the courtroom in this sparkling new novel, second in Emily Carmichael's Hearts of Gold trilogy... When workaholic attorney McKenna Wright returns home from the hospital following a car accident, she has the sinking feeling that her road to recovery is going to be a long one. Her memory has more holes than a piece of swiss cheese; she can barely recall her own name, let alone the details of the big case she's been trying in court. And then there's the fact that her beloved cat, Nefertiti, has suddenly learned how to talk. Or is it that McKenna has suddenly learned how to listen? Not that she wants to hear what Titi is trying to tell her, because it just might turn her world even further upside down. Such as the fact that the music star she's been defending isn't all that innocent. And worse, that the hunky prosecutor McKenna condemned on sight is guilty of nothing more than his criminal good looks. But after losing her job and her house, and making no progress at finding her memory, McKenna needs all the help she can get to rebuild her life. She's determined to reclaim her fiercely independent former self, even if it means taking advice from her talking cat, listening to her bossy friends, or--worst of all--leaning just a little on the man she used to snub. Once her memory returns, she'll finally be able to put chatty felines and a certain entirely-too-handsome lawyer behind her so her life can return to normal. After all, normal is exactly what McKenna wants...isn't it? From the Paperback edition.

**Temporary Arrangements** J.N. Hyatt,2012-03-28 We measure our lives in seconds, minutes, hours, days, months and years, but never does time move at the same pace. As the years add up, we can look back on moments that lasted too long or not nearly long enough. Marriage vows evaporate. Children nurse parents. Beloved landscapes become the cause of our deaths. No matter how hard we seek permanence, everything changes, everything is a temporary arrangement. Can we string together the good times into webs of bright shining moments? Can we make art out of change? Can we reap the fruits of our labors, or will our stories fade like our names? This collection of stories describes the hopes and desires of the characters in those moments when they resist changes to what they hold important. They succeed if only for a moment but acquire new understanding in the process. What else is there to gained from our lives? Jane Hyatt grew up on a dairy farm in New Jersey, taught English in Indiana and New Mexico, and has now retired to write fiction in the Land Of Enchantment where the horizons are truly amazing.

**Frederick Sandys, 1829-1904** Betty Elzea,Frederick Sandys,2001 The artistic career of Frederick Sandys may not have been lucrative, but it was certainly prolific - as this complete catalogue demonstrates. The catalogue entries begin with Sandys' immature efforts and competition entries from 1839, includes his days spent with the Rossetti brothers and the Pre-Raphaelite Brotherhood, and continues through to his final few works, shortly before his death in 1904. It includes untraced works about which the author has uncovered copious amounts of information. A concise, comprehensive biographical text outlines Sandys' life, not only correcting mistakes, but also introducing previously unknown, newly researched aspects of the artists life. The catalogue is divided into five chronological periods and lavishly illustrated with glorious colour plates and hundreds of black and white photographs. This truly is the definitive guide to the life and works of Frederick Sandys. 75 colour & 450 b/w illustrations
