Paris in Bloom Georgianna Lane, 2017-03-14 "Get ready for a beauty overload. It's food for the soul, it's a book of dreams and details, of flowers so perfect you want to hug them to you." –Carla Coulson, author of *Paris Tango* Paris—City of Love, City of Light, City of Flowers. From elegant floral boutiques to lively flower markets to glorious blooming trees and expansive public gardens, flowers are the essential ingredient to the lush sensory bouquet that is Parisian life. With beautiful photography, *Paris in Bloom* transports readers on a stunning floral tour of the city, and provides recommendations to the best flower markets and a detailed guide to spring blooms. Timeless in content, *Paris in Bloom* is a book for Paris lovers to savor again and again, one to keep on the nightstand to conjure fond memories of their first visit and inspire dreams of the next. "Brilliantly captures the splendor of French fleurs with lush photographs and elegant prose . . . A masterpiece!" –Laura Dowling, former chief floral designer at the White House "I don't know how Georgianna does it. She manages to make Paris, already the most beautiful city in the world, appear even more charming, more elegant and more beautiful than it already is . . . *Paris in Bloom* is filled with a veritable carpet of pinks and whites, pastels and green portraits that make me let out an audible sigh of joy. This book can re-inspire you to believe that yes, life really is quite beautiful." –Doni Belau, author of *Paris Cocktails* "Destined to become a classic of its type, *Paris in Bloom* is Georgianna Lane's love letter to Paris and to flowers." –Gray Levett, editor of *Nikon Owner* magazine

Old House Interiors, 2009-12 National architectural magazine now in its fifteenth year, covering period-inspired design 1700–1950. To Build a Shadowy Isle of Bliss Michelle Weinroth, Paul Leduc Browne, 2015-01-01 To Build a Shadowy Isle of Bliss casts new light on the political radicalism and social thought of nineteenth-century artist, author, and revolutionary, William Morris. Standing on the cusp of a new wave of scholarship, this book presents an exciting convergence of views among internationally renowned scholars in the field of Victorian Studies. Balancing variety and unity, this collection reappraises Morris's concept of social change and asks how we might think beyond the institutions and epistemologies of our time. Though the political significance of Morris's creative work is often underestimated, the essays in this volume showcase its subtlety and sophistication. Each chapter discerns the power and novelty of Morris's radicalism within his aesthetic creations and demonstrates how his most compelling political ideas bloomed wherever his dexterous hand had been at work - in wallpapers, floral borders, medievalist romances, and verse. Morris's theory and practice of aesthetic creation can be seen as the crucible of his entire philosophy of social change. In situating Morris's radicalism at the heart of his creative legacy, and in reanimating debates about nineteenth-century art and politics, *To Build a Shadowy Isle of Bliss* challenges and expands received notions of the radical, the aesthetic, and the political.

It's All Show Business Connie Rae, 2019-09-17 Lee Edward Atterbury was born September 1, 1924, into the Atturbury Circus family. He was the fifth of seven children born to Robert L. and Rose Atterbury. By the time Lee was old enough for school, his older siblings were accomplished aerialists and his mother was a slack wire walker. The Atterbury Circus was a road circus, traveling the highways of rural America from Iowa and the Dakotas to Texas throughout the years of the Great Depression. After the United States entered World War II, Lee served in the Army Air Force as a radioman and gunner, first in Africa and Italy, and then in the South Pacific. When the war ended, Lee returned home to find that the economics of war and the Great Depression had ended the small road circuses. Lee and his siblings began again by building carnival shows and games and went back on the road. You'll never get anywhere in life without taking some risks, says Lee. Lee married Helen Wise of Conway Springs, Kansas, in 1949, and together they set out on the carnival circuit. Over the next seventy years, the Lee Atterbury family built a wonderful legacy of honesty and integrity with their games throughout the Midwest United States. They are loved by carnies and marks alike. People who played their games as children now return with their children and grandchildren to visit the Atterburys on the Midway. This memoir is a tribute to a true gentleman of America's greatest generation. Lee, I am so glad that I got to hear and record your stories. With grateful affection,

Monet (World of Art) James H. Rubin, 2020-04-14 From a world authority on impressionism and nineteenth-century French art comes this new addition to the World of Art series on the art and life of Claude Monet. One of the most famous and admired painters of all time, Claude Monet (1840– 1926) was the architect of impressionism—a revolution that gave birth to modern art. His technique of painting outside at the seashore or in city streets was as radically new as his subject matter: the landscapes and middle-class pastimes of a newly industrialized Paris. Working with unprecedented immediacy and authenticity, Monet claimed that his work was both natural and true, and therefore, entirely novel. In *Monet*, James H. Rubin, one of the world's foremost specialists in nineteenth-century French art, traces Monet's development, from his early work as a caricaturist to the late paintings of water lilies and his garden at Giverny. Rubin explores the cultural currents that helped shape Monet's work, including the utopian thought that gave rise to his politics, his interest in Japanese prints and gardening, and his relationship with earlier French landscape painters and contemporaries such as Édouard Manet and Pierre-Auguste Renoir. Featuring more than 150 color illustrations of his key works, Rubin establishes Monet as the inspiration for generations of avant-garde artists and a true patriarch of modern art.

Seeing Things as They Are Duncan B. Reyburn, 2016-08-19 The jovial journalist, philosopher, and theologian G. K. Chesterton felt that the world was almost always in permanent danger of being misjudged or even overlooked, and so the pursuit of understanding, insight, and awareness was his perpetual preoccupation. Being sensitive to the boundaries and possibilities of perception, he was always encouraging his audience to find a clear view of things. His belief was that it really is possible, albeit in a limited way, to see things as they are. This book, which marries Chesterton's unique perspective with the discipline of philosophical hermeneutics, aims to outline what Chesterton can teach us about reading, interpreting, and participating in the drama of meaning as it unfolds before us in words and in the world. Strictly speaking, of course, Chesterton is not a hermeneutic philosopher, but his vast body of work involves important hermeneutic considerations. In fact, his unique interpretive approach seems to be the subtext and implicit fascination of all Chesterton scholarship to date, and yet this book is the first to comprehensively focus on the issue. By taking Chesterton back to his philosophical roots--via his marginalia, his approach to literary criticism, his Platonist-Thomist metaphysics, and his Catholic theology--this book explicitly and compellingly tackles the philosophical assumptions and goals that underpin his unique posture towards reality.

Travel and the British country house Jon Stobart, 2017-11-06 *Travel and the British country house* explores the ways in which travel by owners, visitors and material objects shaped country houses during the long eighteenth century. It provides a richer and more nuanced understanding of this relationship, and how it varied according to the identity of the traveller and the geography of their journeys. The essays explore how travel on the Grand Tour, and further afield, formed an inspiration to build or remodel houses and gardens; the importance of country house visiting in shaping taste amongst British and European elites, and the practical aspects of travel, including the expenditure involved. Suitable for a scholarly audience, including postgraduate and undergraduate students, but also accessible to the general reader, *Travel and the British country house* offers a series of fascinating studies of the country house that serve to animate the country house with flows of people, goods and ideas.

"Apollinaire, Cubism and Orphism " Adrian Hicken, 2017-07-05 During the years before his death in 1918 Apollinaire's reputation as poet and artistic amateur approached legendary proportions. This book is the first to present an extensive reassessment of Apollinaire's role in the promotion of themes and iconography amongst his painter friends. Detailed analysis of the poetic subject matter of selected works of Dufy, Delaunay, de Chirico, Laurencin, Marcoussis, Metzinger, Picabia and Picasso is used to reconstruct the responses of these artists to Apollinaire's artistic and aesthetic proclivities. Drawing attention to the poet's immersion in the art and iconography of the French late-Renaissance and the seventeenth century, Adrian Hicken shows that the study of the permeation of Apollinairean and Orphic imagery in the work of artists with very different personalities presents a fascinating and pivotal episode in the history of Parisian modernism.

The Lower Middle Class in Britain 1870-1914 Geoffrey Crossick, 2021-02-25 First published in 1977. This book records the emergence of a lower middle class in late Victorian and Edwardian Britain. Victorian society had always contained a marginal middle class of shopkeepers and small businessmen, but in the closing decades of the nineteenth century the growth of white-collar salaried occupations created a new and distinctive force in the social structure. These essays look at the place of the lower middle class within British society and examine its ideals and values. Some essays concentrate on occupational groups – clerks and shopkeepers – while others focus on aspects of lower middle class life – religion, housing and jingoism. This title will be of interest to students of history.
