Soft Target Zuhair Kashmeri, Brian McAndrew, 2005-09-06 A provocative look at one of Canada's biggest tragedies On March 16, 2005, almost twenty years after one of the biggest mass murders in Canadian Aviation history, the Air-India Case concluded with a verdict that authors Zuhair Kashmeri and Brian McAndrew predicted sixteen years ago when *Soft Target* was first published: not guilty. In this second edition, the two offer a detailed foreword that brings readers up-to-date with some startling new information surrounding the twin bombings on June 23, 1985 in the air over the Atlantic, and on the ground in Japan, which left 331 people dead. They offer key details from the trial of Ripudaman Singh Malik and Ajaib Singh Bagri that took place in a specially-built Vancouver courtroom, leads that were not followed up, and more details of India's intelligence service's clandestine interference in Canada. They explain how their own prediction that justice would not be found because of a botched investigation came true, and that only a public inquiry will offer closure to the families of the victims.

Remembering Air India Chandrima Chakraborty, Amber Dean, Angela Failler, 2022-09-02 On June 23, 1985, the bombing of Air India Flight 182 killed 329 people, most of them Canadians. Today this pivotal event in Canada's history is hazily remembered, yet certain interests have shaped how the tragedy is woven into public memory, and even exploited to advance a strategic national narrative. *Remembering Air India* insists that we "remember Air India otherwise." This collection investigates the Air India bombing and its implications for current debates about racism, terrorism, and citizenship. Drawing together academic analysis, testimony, visual arts, and creative writing, this innovative volume tenders a new public record of the bombing, one that shows how important creative responses are for deepening our understanding of the event and its aftermath. Contributions by: Cassel Busse, Chandrima Chakraborty, Amber Dean, Rita Kaur Dhamoon, Angela Failler, Teresa Hubel, Suvir Kaul, Elan Marchinko, Eisha Marjara, Bharati Mukherjee, Lata Pada, Uma Parameswaran, Sherene H. Razack, Renée Sarojini Saklikar, Maya Seshia, Karen Sharma, Deon Venter, Padma Viswanathan

Children of Air India Renée Sarojini Saklikar, 2013 *children of air india* is a series of elegiac sequences exploring the nature of individual loss, situated within public trauma. The work is animated by a proposition: that violence, both personal and collective, produces continuing sonar, an echolocation that finds us, even when we choose to be unaware or indifferent. This collection breaks new ground in its approach to the saga that is Canada/Air India, an event and its aftermath that is both over-reported and under-represented in our national psyche. 329 deaths. 82 Children. Canada's worst mass murder. The accused acquitted. What does it mean to be Canadian and lose someone in Air India Flight 182? Why does 9/11 resonate more strongly with Canadians than June 23, 1985? The poems in this book search out answers in the everything/ness and nothing/ness of an act and its aftermath, revealing a voice that re-defines and re-visions. Air India never happened. Air India always happens.

Air India Flight 182 Commission of Inquiry into the Investigation of the Bombing of Air India Flight 182 (Canada), 2010 This is a large report,

covering seven substantive Terms of Reference, and events commencing over twenty years ago. Its size reflects the ambitious mandate that has been assigned to this Commission, encompassing a review and evaluation of the performance and interactions of government agencies before and after the bombing, along with a request for recommendations in some of the most difficult and complex areas in relation to this country's response to the murderous phenomenon of terrorism. The size of the report also reflects the Commission's view of its obligation to lay out in comprehensive detail the facts about the Government's preparedness for the possibility of the bombing and for the subsequent post-bombing investigation. At a minimum, this much is owed to the families of the victims and to the Canadian public at large--Volume 1, page 21.

ON ANGELS WINGS : BEYOND THE BOMBING OF AIR INDIA 182 SANJAY LAZAR,2024-01-24 On Angels Wings is a true story about the bombing of the Air India AI-182 Kanishka aircraft. The first part of a trilogy on this subject, it is an inspirational autobiography and details the search and rescue, the criminal law trial, failed court cases, and a son's fight for justice for 38 years, who was orphaned at 17 years. The Air India 182 Kanishka bombing off the coast of Ireland on June 23, 1985, was the worst act of aviation terror until the 9/11 attacks. A true airplane crash story, It is the worst airline bombing, killing 331 people, including 86 children. A motivational story of a young man's resilience, grit, and determination to succeed against all odds, it chronicles Sanjay Lazar's incredible journey from despair to hope, and how he overcame adversity to emerge as a successful aviator & lawyer. A true tale of leadership, of a boy who conquered death, a tale of human triumph over tragedy, to succeed against all odds, blessed by his own angels. It recounts his decades-long fight for justice, the period of his participation in the Kanishka criminal trial in Vancouver for the Air India bombings, and later fighting for individual standing before the Justice John Major Inquiry Commission, headed by the retired Judge. He joined Air India and excelled there, becoming a merit award winning crew member, and rose to become a part of the elite VVIP Fleet of Air India One, flying the President and Prime Ministers of India, where he served for more than 12 years. The Book details his trysts with destiny and his idols, Prime Minister Atal Behari Vajpayee, JRD Tata and Balasaheb Thackeray Ji. He became the youngest Trade Union leader of the national trade union AICCA and was its general secretary for more than 25 years and handled issues such as the privatisation of India, worker rights, and numerous court cases on fundamental rights before the High Court and Supreme Court of India. Book Extract : That night, around 2:30 a.m., we were abruptly awakened by blaring sirens and announcements on the hotel's PA system, urging immediate evacuation. "This is an evacuation warning." "This is not a drill." "Please evacuate the hotel immediately." "We made our way through the corridor, down the fire escape, and into the open car parking space facing Bath Road. I could see hundreds of people around me, who had also just evacuated the hotel, some running out in their nightgowns and some naked, as the splitting sound of the loud horn pulsated in my ears." On that damp, cold night in London, we all stood helpless in the middle of the night in the left and right car parking areas. After a brief period, we saw the bomb squads and London Police, come rushing in with the fire engines blaring." "Few of us travelled to Canada and attended the trial. We were seated in an area barely 15 feet away from where Malik and Bagri sat during the trial, and for days, we sat there watching the killers of our families." "I will never forget the expressions on the faces of those two criminals, smirking, knowing that they were responsible for the murder of my family and all 331 innocent souls on board that ill-fated Air India Flight 182. Throughout the trial, they sat with smirks on their faces, seemingly triumphant, while looking at the crowd and the families of the victims." "My family just died again," "They killed 331 people once more," and "This was the gravest injustice inflicted upon the victims of the Air India bombing!" As CBC News reported, But Sanjay Lazar had no trouble summing up how they felt in one, biting sentence." "Today, once again, 20 years on," he said, "we have lost our families all over again--this time to the Canadian justice system. Reviews : It shines a light on how justice was obstructed in the Kanishka Air India Bombing Case, the worst act of aviation terrorism globally, before 9/11. Years of hard work have gone into the writing of this book. A must-read book- BARKHA DUTT A moving read about courage and determination in the aftermath of the tragedy of the Kanishka bombing - VIR SANGHVI. Now, at last, Sanjay is taking the time to lay out the whole story. He's here as of right. He knows the law, he knows aviation, and he certainly knows about bereavement. And this time. He's not rushing from the airport at the very last minute.- TERRY MILEWSKI

The Ever After of Ashwin Rao Padma Viswanathan,2015-06-09 From internationally acclaimed New Face of Fiction author Padma Viswanathan, a stunning new work set among families of those who lost loved ones in the 1985 Air India bombing, registering the unexpected reverberations of this

tragedy in the lives of its survivors. A book of post-9/11 life, *The Ever After* demonstrates that violent politics are all-too-often homegrown in North America but ignored at our peril. In 2004, almost 20 years after the fatal bombing of Air India Flight 182 from Vancouver, two suspects are—finally—on trial for the crime. Ashwin Rao, an Indian psychologist trained in North America, comes back to do a “study of comparative grief,” interviewing people who lost loved one in the attack. What he neglects to mention is that he, too, had family members who died on the plane. Then, to his delight and fear, he becomes embroiled in the lives of one family that remains unable to escape the undertow of the tragedy. As Ashwin finds himself less and less capable of providing the objective advice this particular family seeks, his surprising emotional connection to them pushes him to face his own losses. *The Ever After* imagines the lasting emotional and political consequences of a real-life act of terror, confronting what we might learn to live with and what we can live without.

The Moth and the Mountain Ed Caesar,2021-11-02 In the 1930s, as official government expeditions set their sights on conquering Mount Everest, a little-known World War I veteran named Maurice Wilson conceives his own crazy, beautiful plan: he will fly a plane from England to Everest, crash-land on its lower slopes, then become the first person to reach its summit--all utterly alone. Wilson doesn't know how to climb. He barely knows how to fly. But he has the right plane, the right equipment, and a deep yearning to achieve his goal. In 1933, he takes off from London in a Gipsy Moth biplane with his course set for the highest mountain on earth. Wilson's eleven-month journey to Everest is wild: full of twists, turns, and daring. Eventually, in disguise, he sneaks into Tibet. His icy ordeal is just beginning.--Provided by publisher.

Inside the Sky William Langewiesche,1999-06-29 William Langewiesche's life has been deeply intertwined with the idea and act of flying. Fifty years ago his father, a test pilot, wrote *Stick and Rudder*, a text still considered by many to be the bible of aerial navigation. Langewiesche himself learned to fly while still a child. Now he shares his pilot's-eye view of flight with those of us who take flight for granted--exploring the inner world of a sky that remains as exotic and revealing as the most foreign destination. Langewiesche tells us how flight happens--what the pilot sees, thinks, and feels. His description is not merely about speed and conquest. It takes the form of a deliberate climb, leading at low altitude first over a new view of a home, and then higher, into the solitude of the cockpit, through violent storms and ocean nights, and on to unexpected places in the mind. In Langewiesche's hands it becomes clear, at the close of this first century of flight, how profoundly our vision has been altered by our liberation from the ground. And we understand how, when we look around, we may find ourselves reflected in the grace and turbulence of a human sky.

The Wisdom of Crowds James Surowiecki,2005-08-16 In this fascinating book, New Yorker business columnist James Surowiecki explores a deceptively simple idea: Large groups of people are smarter than an elite few, no matter how brilliant—better at solving problems, fostering innovation, coming to wise decisions, even predicting the future. With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, ant biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our lives, select our leaders, run our companies, and think about our world.
