**Garbage Island** Fred Koehler, 2019-08-13 Two opposites lost at sea discover the power of bravery, creativity, and friendship in this action-packed middle-grade adventure for fans of Stuart Little and Poppy Mr. Popli, the mouse Mayor of Garbage Island, is always at odds with Archibald Shrew, a brilliant but reckless inventor. When Garbage Island splits apart, they're trapped together in Mr. Popli's houseboat, desperate to find their way home. At first, they only argue, but when they face a perilous thunderstorm and a series of predators, they begin to work together and recognize—in themselves and in each other—strengths they didn't know they had.

**Three Two-Act Comedies** George J. Flynn, 2005 Three new modern comedies have been published in the book *Three Plays: The Little Greenie, Hellcat Kate, Come in Hypno*. All three

comedies have been successfully produced for short runs at a theater on Long Island, and are suitable for all audiences. Subject matter treated by the three plays varies widely, from the problems of a butler who's been cut out of a will and seeks satisfaction, to the romantic perils of life in New York City, to the complications that arise when computers start to talk and listen to people. The butler of *The Little Greenie* tires to solve his de-willed problem by enticing a young law student into marrying the daughter of the rich family he works for. An agreement is signed whereby the butler is to get 10% of whatever the student latches onto. The girl's mother becomes suspicious and brings in the family lawyer, and together they engage a private detective. Meanwhile the maid of the house is trying to get the butler to marry her, while the boyfriend of the girl thinks he can buy off this latest fortune hunter with a few hundred dollars. This play has been made into a video/movie and is available in VHS or DVD from [www.customflix.com](http://www.customflix.com) or order from the author at [www.thelittlegreenie.com](http://www.thelittlegreenie.com). In *Hellcat Kate* an unemployed engineer has to cope with a live-in girlfriend who is a travel agent and goes on a short trip to Brazil with a customer who appears to be excessively amorous. The girl's mother, *Hellcat Kate*, does not get along well with the engineer and decides that her daughter should marry the man she goes to Brazil with, even if he is married at the moment. Kate works to get the engineer and an old girlfriend of his together again when she learns that she is the wife of the man she wants her daughter to marry. When this attempt fails, Kate even tries to seduce the engineer. *Come In, Hypno* explores the world of computer programs that understand (in a crude way) what people say, and can talk back to them. Students at a modern college are writing so many talk-and-listen programs that the professor in charge, Ms. Ardis McPherson, is driven to distraction and would love to get rid of some of the hackers. When a student has a fainting spell, he is misdiagnosed by a pre-med student as being dead, and some students are

willing to believe that Professor McPherson actually murdered him. One of the programs, Hypno, has been designed to hypnotize people, especially girls. Another program, Feeder, runs to college's food and nutrition program, buying food and watching out for various student allergies. Things can go wrong in a situation of this kind - and they do.

**Garbage Night** Benji Lee, 2017-06-13 In a barren and ransacked backyard, a dog named Simon lives with his two best friends: a raccoon and a deer. The unlikely gang spends their days looting the desolate supermarket and waiting for the return of the hallowed 'garbage night' - but week after week, the bins remain empty. While scavenging one day, the trio meet Barnaby - another abandoned dog who tells them about the 'other town' where humans are still rumored to live. Spurred on by hunger and the promise of food, the trio joins up with Barnaby and set off into the unknown... With echoes of post-war, derelict places, *Garbage Night* explores how animals may internalize their changing environment and express their thoughts, fears and hopes.

**Risky Business in China** J. Gordon, 2014-08-29 Risk is a major reason that companies fail in, or fail to enter, China. Packed with case studies, this unique book demonstrates how correctly applied due diligence can not only reduce business risk in China, but also provide excellent business intelligence to support negotiations and business relationships.

**The Amtrak Wars: First Family** Patrick Tilley, 2012-12-03 Hundreds of years after civilisation has been destroyed by nuclear war, the Earth is divided between the Trackers of the Amtrak Federation - a community living in vast subterranean cities - and the Mutes, who have evolved to withstand the

radiation that has driven their foes underground. A long war for possession of the overground has killed and enslaved many of the Mutes, leaving only the Plainfolk to resist the Federation. After escaping from the clan M'Call in his handmade glider, wingman Steve Brickman expects a hero's welcome from his fellow Trackers. Kidnapped on his first mission above ground by the Mutes, he has spent the last five months under the enforced tutelage of Mr Snow, clan M'Call's wise and magically gifted wordsmith. The months have also garnered a friendship with Cadillac, Mr Snow's protégé, a dawning love of the beautiful Clearwater, and a realisation that the Mutes are not the sub-humans that his masters would have him believe. But instead of a happy homecoming, he receives suspicion and interrogation. Still officially 'dead' until he receives the proper clearance, Brickman must face long hours of speculation and questioning at the hands of the First Family. Only the chance of seeing his kin-sister Roz - with whom he shares a psychic connection - offers any comfort. He is soon drawn into the complicated world of AMEXICO, a top-secret intelligence force where nothing is as it seems, and Brickman must face the reality that everything he has believed in could be false. If the First Family have lied to them about the Mutes, then what else have they been covering up? Is there really any harmful radiation left in the blue-sky world at all? Split by a terrible division of loyalties, what will Brickman choose? The world he knows of order and duty? Or the new life glimpsed through his love for Clearwater? Either way, his role in the Mute prophesy of the Talisman is far from over. First Family, first published in 1985, is the second instalment of Patrick Tilley's internationally best selling science fiction epic, The Amtrak Wars Saga.

**The Cowboy and the Pastry Princess** Elle Rush, 2023-05-09  
Joni Malone has been baking since she was a teenager, and it took her years to save enough to open her own bakery. Now she has a chance to put Flour Power on the map by winning top

honours on Canada's Best Recipes. Her only real competition is, surprisingly, a handsome cowboy from her hometown. Paul Lawson threw his Stetson into the ring and was selected as one of twelve finalists for the national cooking competition. The full-time cowboy and passionate part-time baker is taking a break from his duties at his family's Royal Oak Ranch, and he's not about to let a gorgeous pastry chef stop him from achieving national muffin glory. Even though the two of them are going head-to-head in the kitchen, can they find a way to a sweet ending together?

Occupational Safety and Health in the Emergency Services

James S. Angle,2015-01-02 Designed for use within courses based on the Fire and Emergency Services Higher Education (FESHE) Occupational Safety and Health for Emergency Services model curriculum, Occupational Safety and Health in the Emergency Services, Fourth Edition provides a comprehensive overview of the many components of occupational safety and health for the emergency services. This textbook provides a historical look at industrial safety and health and how history has impacted the emergency services by providing a safer work environment that reduces first responder deaths and injuries. Occupational Safety and Health in the Emergency Services features a laser-like focus on fire fighter health and safety and details how to stay safe and healthy in a high-risk environment and includes: - Thorough coverage of the 16 Fire Fighter Life safety Initiatives with emphasis on the positive impact these Initiatives can have when implemented. - Case studies, review and discussion questions, and additional resources for each chapter. - Discussion on the latest research from Underwriters Laboratories (UL) and National Institute of Standards and Technology (NIST).

**LONESOME TWOSOME** Luis Harss,2013-03-12 Angie, riding her bicycle, is looking for her father. He might be any one

or more of the many men her mother has known. Some migrant workers could provide clues to solving the mystery of her birth. Angie lives in smalltown USA in a time of perpetual war. Brave and wounded lives surround her. Ordinary people transformed by the war culture: a world of heroic sacrifice, desperate patriotism and religious obsession, the hell that may be a form of amazing grace. These are deer hunters and trailer park people. Comic characters in TV shows, but not in this tragic tale where they throw themselves into life and death. They are the “mystical dreamers” portrayed in a song. Their burial places are holy. The trailer park becomes a burial mound. Lonesome Twosome is an epic in a girl’s words, a big song in a small voice.

**Smoked** Patrick Quinlan,2007-04-03 Smoke Dugan is on the run. A bomb-maker by profession, he dropped out of sight because of a misunderstanding with his employers about an airplane crash and \$2.5 million in cash. Unfortunately, they've found out where Smoke's living--a picturesque seaside city in Maine. And Denny Cruz, a highly paid assassin, is on his way from New York to collect him. Smoke's girlfriend, Lola Bell, is unaware of his past. Sexy, smart, and tough, Lola's a weed that grew up through the cracks in an inner-city housing project. Her big eyes belie her secret weapon: she's spent a decade studying the martial arts. The tattoo on her shoulder reads girls kick ass. When Cruz decides to use Lola to get to Smoke, he has no idea what he's taking on. A time bomb is ticking as Smoke, Lola, Cruz, and anyone unlucky enough to come into their orbit are caught up in a drama of abduction, car chases, and triple bluff, where escape or violent death look like the only options. But nothing turns out

quite as anyone might expect . . . Patrick Quinlan's fast-paced, edgy, and brilliantly original first novel introduces a cast of characters worthy of Tarantino in their sophistication and resourcefulness, in a stylish thriller that marks the debut of a stunning new talent.

Comparative Politics Michael J Kryzanek, 2018-03-09

Comparative Politics: A Policy Approach is a unique text that integrates a comprehensive study of eight nations with critical policy issues facing those nations. The individual chapters on the United States, the United Kingdom, the Russian Federation, Japan, China, Mexico, South Africa, and Iraq provide a wide ranging examination of nations that are representative of the diversity in decision-making frameworks and political development in the international community. Comparative Politics is designed to guide the reader through a series of discussions in each nation's history, including: Key political milestones The structure of government The relationship of citizen to state The role played by political parties, groups and elections The shape and influence of the political elite The current status of the political economy The future direction of the nation in a global environment To further the goals of Comparative Politics, this book features in every chapter: Policy Briefs outlining the policy issues and debates in the forefront of the governing agenda Point of Fact items highlighting observations and sidebars on politics and life in each country Boxed features providing deeper commentary and factual information
