Max B. Miller

The UFO Annual Morris K. Jessup,1956 This is the only complete collection of all the important sightings of flying saucers and other unidentified flying objects throughout the world in 1955, written by the most influential UFO researcher of the 1950s, M.K. Jessup. Soon after writing this book, the controversial Jessup was found dead in Florida under mysterious circumstances. This book is an excellent way to understand the climate of fear that prevailed in the mid-1950s concerning the subject of UFOs. Jessup draws on Leonard Stringfield's CRIFO Newsletters and other sources to paint a troubling picture of a battle of the skies. Some of the topics covered include: Clyde Tombaugh's UFO and artificial satellite search, angel hair, moon anomalies, the race to develop a manmade UFO, antigravity research, Lincoln La Paz's investigations into fireballs/guided missiles, Wilbert Smith and Project Magnet, preparations for Operation Deep Freeze and the International Geophysical Year, the Kelly-Hopkinsville incident, the reasons why pilots don't report sightings, an invisible UFO formation, plus an abundance of incidents involving planes, fireballs, UFOs, explosions, dogfights, also explanations of the appearances of atmospheric phenomena and weather balloons (Jessup was a lecturer in Astronomy and Mathematics and a Doctor in Astrophysics). He concludes the book with the first public printing of the entirety of the AFR 200-2 regulation. This is an extremely well-compiled book. Jessup has a great, informal writing style, as if he's chatting with you in person. It is also one of the rarest UFO books in existence, and a must-have for every serious ufologist.

**The Vimana: Classic UFO Collection 1954-1955** John Tenney, Henry Maday, 2018-07-09 The Detroit Flying Saucer Club was one of the first and most well recognized Saucer Clubs in the world. The members raised money to bring experiencers of the UFO phenomena to the metro-Detroit area in the hopes of giving a larger audience to the claimants sometimes wild tales. Collected here for the first time are five complete issues of The Vimana, the official newsletter of the Detroit Flying Saucer Club.

Space Review Albert Bender, 2014-12-16 New Saucerian is delighted to present Albert K. Bender's Space Review, a collection of volumes from Bender's quarterly magazine of the same name. Bender was the founder of the first major UFO club in the world, the International Flying Saucer Bureau (IFSB), founded in 1952. Even though the bureau was a great success, it was mysteriously closed down the following year. This rare anthology was originally published in conjunction with Bender's first book, Flying Saucers and the Three Men, which was beset by various jinxes, Men in Black attacks, missing manuscripts, psychic disturbances, and other unusual delays. Until now, these issues of Space Review were only available to members. For the first time ever, they are being made available for the general public to enjoy. Inside, one finds interesting details that may lead to some understanding of what exactly happened to Bender, who became a media star after announcing he had been taken to a bisexual planet, Kazik. According to Bender, the denizens of Kazik had not only surrounded Earth with an array of orbiting spacecraft, but had also buried motherships in remote regions like Antarctica, in an effort to extract a key substance from our seawater. Bender's colorful descriptions of the people of Kazik, having received wide attention in the early days of ufology, influenced a generation of saucer enthusiasts, who put the stories into mass circulation. As a result, many elements of Bender's fantastical tale can still be found today, in programs like Futurama, The Matrix, X-Files, and countless others. Perhaps the single biggest influence on saucer lore, ever... -John A. Keel

**Diary of a Plate Addict** Augustus Schoen-Rene, 2011-10 Where do Sexual Chocolate and Old Engine Oil merge? At a Flying Saucer Draught Emporium, of course In *Diary of a Plate Addict*, Master of the Universe\* Augustus Schoen--Ren shares the experiences of his ongoing quest for plates at the Flying Saucer. Schoen--Ren is what's known in Saucer lingo as a Beerknurd a card-carrying member of the UFO Club. In other words, he drinks to earn his own plate in the Ring of Honor, by trying 200 of the many beers the Flying Saucers have on offer. The author boasts 18 plates hanging on the walls of four of the 14 Saucers, with more on the way. With a mixture of information, experiences, observations, and a virtual tour of the various Flying Saucer locations, Augustus takes us along on a part of his journey. His whimsical musings and photographs make for a blithe, laid-back read. So pull up a barstool, grab a pint and enjoy a whole new universe. \*After attaining one's fifth plate, one becomes a Master-(or Mistress, as the case may be)-of the Universe.

*Afsca World Report-UFO International* Gabriel Green, 2020-09-28 Gabriel Green (November 11, 1924, Whittier, California, September 8, 2001, Yucca Valley, California) was an American early UFOlogist who claimed contact with extraterrestrials. Green claimed to have graduated with a PhD in physics from UC Berkeley in 1953, and to have made several important contributions to the Standard Model of elementary particles. For much of his life, he worked as a photographer for the Los Angeles school system. Green is among the well-known 1950s UFO contactees- individuals who claimed to have met and talked with friendly humanoid Space Brothers from other worlds, and to have ridden in their spacecraft, or visited their planets. Green became interested in flying saucers after his own sighting of a UFO. He also claimed to have made telepathic contact with the Space Masters and the Great White Brotherhood. One of his main concerns was over contact with UFO occupants that has not occurred. Green pointed out that aliens may have noticed the way humans slaughter animals, which indicated a general contempt of nonhuman life that might clash with their ethics. In order to spread his views, Green began the magazine: The Los Angeles Interplanetary Study Groups, and later it was renamed: Thy

Kingdom Come in 1959. The latter was published under the banner of his organization: The Amalgamated Flying Saucer Clubs of America (AFSCA). Green intended through AFSCA to create a public acceptance of flying saucers, and to further his aims he planned petitions to Congress, and held national conventions. At its peak in the early 1960s, AFSCA had 5,000 members in 24 countries. In 1959, Thy Kingdom Come was renamed AFSCA World Report (1959-61), then UFO International (1962-65). A second periodical, Flying Saucers International, began in 1962 and continued until 1969. Green assumed that the flying saucers were manned by friendly extraterrestrials and had a plan for imparting their advanced knowledge to the people of the Earth in order to resolve present world problems. AFSCA was quite active through the 1960s, but after 1969 became a paper organization and for all practical purposes ceased to exist. Saucerian Publisher was founded with the mission of promoting books in Science Fiction. Our vision is to preserve the legacy of literary history by reprint editions of books which have already been exhausted or are difficult to obtain. Our goal is to help readers, educators and researchers by bringing back original publications that are difficult to find at reasonable price, while preserving the legacy of universal knowledge. This book is an authentic reproduction of the original printed text in shades of gray. IMPORTANT, despite the fact that we have attempted to accurately maintain the integrity of the original work, the present reproduction may have minor errors beyond our control like: missing and blurred pages, poor pictures and readers' pencil markings from the original scanned copy. Because this book is culturally important, we have made available as part of our commitment to protect, preserve and promote knowledge in the world. Some of the issues could be missing. These issues are an authentic reproduction of the issues of FSCA WORLD REPORT-UFO INTERNATIONAL for the years: 1959-1965. Great, but unpretentious, these issues are extraordinarily rare symbols by themselves of what was going on in those early years of the modern UFO phenomena. This collective edition of the AFSCA WORLD REPORT-UFO INTERNATIONAL has the following issues. (1959-1960): AFSCA World Report - No 10; AFSCA World Report - No 11; AFSCA World Report - No 12; AFSCA World Report - No 13-15; AFSCA World Report - No 16; (1962-1965): UFO International - No 17-23. \_\_\_\_\_ Copy and paste the link for our books: <https://saucerianbooks.blogspot.com/> \_\_\_\_\_

*The Truth about Flying Saucers* Aimé Michel, 1974

**Flying Saucers** C. G. Jung, 2020-05-05 In the threatening situation of the world today, when people are beginning to see that everything is at stake, the projection-creating fantasy soars beyond the realm of earthly organizations and powers into the heavens, into interstellar space, where the rulers of human fate, the gods, once had their abode in the planets.... Even people who would never have thought that a religious problem could be a serious matter that concerned them personally are beginning to ask themselves fundamental questions. Under these circumstances it would not be at all surprising if those sections of the community who ask themselves nothing were visited by 'visions,' by a widespread myth seriously believed in by some and rejected as absurd by others.--C. G. Jung, in *Flying Saucers ?* Jung's primary concern in *Flying Saucers* is not with the reality or unreality of UFOs but with their psychic aspect. Rather than speculate about their possible nature and extraterrestrial origin as alleged spacecraft, he asks what it may signify that these phenomena, whether real or imagined, are seen in such numbers just at a time when humankind is menaced as never before in history. The UFOs represent, in Jung's phrase, a modern myth.

*Flying Saucers Over America* Gordon Arnold, 2021-12-03 On June 24th, 1947, a private pilot reported numerous dazzling objects rushing through the sky above Mount Rainier in Washington state. It was the start of the current UFO phenomena, one of the country's most perplexing and persistent mysteries. Within a few weeks, hundreds of sightings of flying saucers were reported to news media. Surprising reports of a UFO crash in Roswell, New Mexico further added to the mystery that July. Since then, UFOs have sparked a slew of incredible claims and speculations. This is a sober and honest history of America's first major saucer craze, based on many sources including previously classified government records. The book cuts through decades of mystique and confusion, beginning with the 1947 UFO wave and ending with the launch of Project Blue Book in 1952. Balanced and comprehensive, this history provides background, social context and other tools for reframing perceptions of a controversial subject.

**The Flying Saucers are Real** Donald E. Keyhoe, 2022-05-28 *The Flying Saucers Are Real* by Donald Keyhoe, printed in 1950, is one of the first books investigating numerous encounters between the United States Air Force fighters, personnel, and other aircraft and UFOs between 1947 and 1950. The author contended that the Air Force was investigating these cases of close encounters, with a policy of concealing. Keyhoe also said that Earth had been visited by extraterrestrials for two centuries, with the frequency of these visits increasing sharply after the first atomic weapon test in 1945.

*Flying Saucers Over the White House* Colin Bennett, 2010-01-01 *Flying Saucers Over the White House* is the story of Captain Edward J. Ruppelt, a US Air Force officer who researched UFO sightings in the 1950s and made a concentrated effort to convince the United States Air Force that UFOs exist. Ruppelt, who coined the term 'UFO', headed Project Blue Book, an assignment designed by the United States government to investigate and report on the existence of unidentified flying objects and their link to extraterrestrial beings. Ruppelt dissected the evidence, separating chance sightings of ordinary objects from true UFO sightings. He eventually wrote *The Report on Unidentified Flying Objects*, summarizing his findings. In *Flying Saucers Over the White House*, Bennett examines the life of this founding father of ufology, analyzing the evidence and the U.S. government's

reporting of this phenomenon for a new generation of readers. COLIN BENNETT has written several books, including *The Entertainment Bomb*, *\*Looking for Orthon\**, and *Politics of the Imagination*, which won the Anomalist Award for Best Biography in 2002. After leaving school to become a professional musician, Bennett returned to college to study English at Balliol College at the University of Oxford. He wrote several plays that were performed in London before reinventing himself as an electronics engineer and founding a consulting agency. Bennett currently resides in London where he continues to write and discover new interests.

**The World of Flying Saucers: A Scientific Examination of a Major Myth of the Space Age** Lyle Gifford Boyd, Donald H. Menzel, 2022-01-17 This book examines historical accounts and photographs of UFOs seen over the skies of the USA up to the 1960s. The author has examined a large amount of information and compared accounts with scientific explanations of the same events.

The First Five Issues of The Vimana OFFICIAL PUBLICATION DETROIT FLYING SAUCER CLUB FOR THE YEARS Henry Maday, 2020-08-02 Vimana was the official newsletter about ufology of the Detroit Flying Saucer Club published by Henry Maday as Editor, and Laura Marxer as Contributing Editors. On July 15, 1954, a meeting was held at the Detroit Truth Forum held at the Veteran's Memorial Building, Detroit for the purpose to organize a Flying Saucer Club of Detroit. Affair was presided over by George Adamski and approximately 250 persons attended. A movie *The Day The Earth Stood Still* was shown. On entering, each person was given a card on which he was requested to sign his name, address, and the reason he is interested in joining a Flying Saucer Club i.e., scientific, religious, or merely curious. Persons submitting said cards will be contacted in the future regarding Saucer Club activities and assigned to a club. The first official meeting of the Detroit Flying Saucer Club was held on August 18, 1954 at the Veteran's Memorial Building with Henry Maday as Head of the Committee & Laura Marxer as President. The main idea was to create a forum for UFO experience and saucer sightings. Also, the main concern of the group was the proliferation of A-Bombs. These are the first 5 issues (1954 - 1955) issues of Vimana, letter size, B/W, and are one of the earliest serials UFO publications. The Collected Issues of FLYING SAUCER NEWS(1955-1963) James S Rigberg, 2020-07-12 It is generally a good idea to return to the classics in any genre. This also goes for UFO literature. Rereading a book after ten or twenty years is a rewarding experience. You will discover new data and ideas you didn't notice before. The reason, of course, is that you are, in many ways, not the same person reading the book the second or third time. Hopefully you have advanced in knowledge, experience, intellectual and spiritual discernment. A good starting point is to reread the contactee classics of the 1950s in order to understand the deeper mystery involved in what happened during that era. Flying Saucer News first appeared in March 1955, it was published in New York City by James S. Rigberg. Rigberg was the head of the Flying Saucer News Club and ran a bookstore on Third Avenue in New York City for years, specializing in paranormal and new age books and magazines. Rigberg apparently moved the shop at some point to West 45th Street in New York. Flying Saucer News was devoted to the review of books, interpretation of space phenomena, and announcements and minutes of saucer clubs meetings. Saucerian Publisher was founded with the mission of promoting books in Science Fiction. **UFO Religions** Christopher Partridge,2012-11-12 The spectre of the UFO, as popularized by shows such as The X-Files, has brought an astonishing slant to the face of modern religious practice. But what motivates the fantastical and sometimes sinister beliefs of UFO worshippers? UFO Religions critically examines some of the fascinating issues surrounding UFO worship - abduction narratives, UFO-based interpretations of other religions, the growth of pseudo-sciences purporting to explain UFOs, and the responses of the core scientific community to such claims. Focusing on contemporary global UFO groups including the Raelian Movement, Heaven's Gate, Unarius and the Ansaaru Allah Community, it gives a clear profile of modern UFO controversies and beliefs.

Percy Wilkins' sighting, the 1953 incident where a UFO reportedly damaged a sign board, and angel hair. Chapter 7: Contactee Stories - the 1950s was the era of the contactees, and some of these, such as Truman Bethurum, are discussed. Chapter 8: New Light on the UFO - key points of Edward Ruppelt's The Report On Unidentified Flying Objects are discussed. Also included is the report on how U.S. Navy pilots were ordered to shoot to kill if UFOs were encountered, in July 1956. There is more on Project Vanguard, a project to send twenty satellites into space to study UFOs, in response to Earth reportedly being under constant surveillance. Chapter 9: The Problems Today - correspondence between Donald Keyhoe and Air Force Major General Joe Kelly is included, in which topics such as Blue Book Report 14 and regulations to prevent public disclosures of UFO incidents. An indispensable publication for anyone wishing to research UFOs.
