*The Hero, a Hag, and Foggie-Nogger* J. Furey Hopkins, 2018-07-08 Sometimes a kid just knows when to run. Call it instinct. But when Dennis stops running, his world changes. The Hero, a Hag, and Foggie-nogger is a humorous adventure tale about confronting problems, making friends, and keeping promises. It is the debut novel of J. Furey Hopkins. Soon after Dennis discovers his knightly ancestry, he is sent to Croggerpooey, a magical kingdom in a perpendicular universe, to find and retrieve the King's stolen Book of Coded Spells. Failure to do so before Horrible Rick deciphers its magic dooms the kingdom and Dennis's chance of ever returning home. In this adventurous Journey, Dennis befriends the jovial Foggie-nogger, teams with the valiant knight Sir Ambrose, and bargains with the Wiley Old Hag. Cheer for Dennis as he struggles against malodorous land pirates, ghosts, beasts, and bullies. After all, he just wants to go home.

Business Associations Lynn M. LoPucki, Andrew Verstein, 2020-09-17 Business Associations: A Systems Approach is the first Business Associations casebook organized by function (decision-making, finance, investor litigation, investment transfer, etc.) instead of by entity type (partnerships, corporations, LLCs, etc.). Functional organization avoids repetition and makes full coverage of corporations, partnerships, LLCs, and limited partnerships possible in a four-, or even three-, credit course. The systems approach is the basis for several successful casebooks in other fields, most notably LoPucki, Warren and Lawless's Secured Transactions: A Systems Approach. The approach focuses on the actions of the lawyers, businesspeople, and government administrators who apply law rather than merely on abstract law. Business Associations: A Systems Approach provides hundreds of realistic, fact-rich problems in legal practice settings. Students apply their new knowledge of law and how the systems work to advise hypothetical clients. The cases are recent, heavily edited, and rarely longer than five pages. Professors and students will benefit from: Full coverage of agency, corporations, partnerships, LLCs, limited partnerships and the role of legal entities in society Tables, figures, photos, and one cartoon Fundamental documents for Facebook and a hypothetical LLC (BKG Catalina) and operating agreement, which are also integrated into the text and problems Cleanly edited, easy-to-read cases Recent cases that illustrate modern business practices and reflect current law Organization by function, which reduces the repetition required in organization by entity type Modular organization, allowing the chapters to be taught in any order An approach that any kind of entity could be made to work like any other. Other books teach what kinds of entities to use in what situations. Fact-rich, realistic problems in practice settings An introductory assignment that provides an overview of the course Clear and direct examples and explanations, free of jargon and idioms that cause difficulty for students from other cultures. Great for LL.M.s, MJSS and foreign J.D.s! A detailed glossary

*The Objective Is Life* Christopher S. Arch, 2011-05 In this companion book to *The Subject Was Death*, Christopher Arch, after impulsively stealing his father's car from a police impound lot with critical evidence in the trunk, finds himself alone and in the middle of Kansas. He is faced with an important decision: Should he return home with the car and face the consequences, or continue west to Denver and carry out his plan of raising money for his father, Edgar, who has been falsely arrested for attempted murder? Christopher decides to go to his father's defense, but once in Denver, he becomes involved in some shady dealings. While Edgar is languishing behind bars, Christopher doesn't have enough money to hire a good criminal lawyer, but he will do most anything to come up with the cash. He meets a woman and believes they are destined for one another because he has been given the sign. Christopher falls in love and thinks this is the real reason he has been lured to Denver. Like the prodigal son, he risks losing everything - his wife, children and home - all because of a false signal. Will Christopher make the right decisions after all? About the Author: Christopher S. Arch is retired and lives in the Akron, Ohio area. He is

inspired by F. Scott Fitzgerald, Ernest Hemingway, Charles Dickens and the Apostle Paul. He has finished writing his next two books. Publisher's website: <http://www.strategicpublishinggroup.com/title/TheObjectivesLife.html>

*The Day after Yesterday* Joe Wallace, 2023-10-03 A deft combination of narrative and portraiture that breaks the taboo around dementia, replacing the fear and futility with empathy and nuance. A graphic designer, a writer, a public servant, a retired PhD, a 29-year-old with early-onset Alzheimer's. These are just some of the 50 million people living with dementia who share their deeply personal stories with Joe Wallace in *The Day after Yesterday*, a powerful collection of portraits and personal stories that humanizes the millions of people living with the disease. Each story in this poignant volume offers a unique and powerful lesson—not just about how to live with a terminal illness, but how to do so with resilience and dignity. Dementia is often a taboo subject with limited public awareness or discourse. A diagnosis can become a mechanism for segregating those affected from society, making it easier to see only the label and not the individual, which, in turn, makes it easier to ignore the burgeoning health crisis and the individuals themselves. But as one man told Wallace, "Don't believe the narrative that life is over. I want my voice to help get people to treat us the same as they did before we got the diagnosis. We may change some, but we are the same people!" More than a visual representation, *The Day after Yesterday's* compassionate portraits capture the dignity and richness of each individual, destigmatizing dementia and enabling a loving, respectful, and much-needed conversation.

*The Vanishing of Billy Buckle* Sally Gardner, 2015-07-07 The famous fairy detective agency, Wings & Co., has a big problem. Well, quite a few of them actually. There's the missing giant, Billy Buckle, who has vanished without a trace, and left his giant daughter with the detectives. There's a surprise visit to the seaside, which uncovers a murder and a stolen diamond. And then there's that tricky business of the TV talent show... Squat on a squid, this is Emily, Buster and Fidget's most complicated case yet!

**How to Start a Home-Based Children's Birthday Party Business** Amy Jean Peters, 2008-12-30 From a \$250,000 fête for a seven-year-old Florida girl, complete with helicopter rides, to \$100,000 first birthday parties as reported in the New York Times, this is rapidly becoming the gilded age of children's birthday parties. The cost of these events now averages between \$200 and \$400, fueled by pressure to "keep up with the Joneses." Couple this surge in interest with the fact that births in the United States have exceeded 4 million each year since 2000, and you have a waiting and growing market. Planning such events has become a profession in itself. More and more, parents are turning to event consultants to plan their children's celebrations. If you've dreamed of your own home business, planned parties for your own children, and want to put your creative ideas to work, this book is for you. Packed with organizing tips, guidelines, checklists, and more, *How to Start a Home-Based Children's Birthday Party Business* will help you hit the ground running.
