Eating Asian America Robert Ji-Song Ku, Martin F. Manalansan, Anita Mannur, 2013-09-23 Examines the ways our conceptions of Asian American food have been shaped Chop suey. Sushi. Curry. Adobo. Kimchi. The deep associations Asians in the United States have with food have become ingrained in the American popular imagination. So much so that contentious notions of ethnic authenticity and authority are marked by and argued around images and ideas of food. Eating Asian America: A Food Studies Reader collects burgeoning new scholarship in Asian American Studies that centers the study of foodways and culinary practices in our understanding of the racialized underpinnings of Asian Americanness. It does so by bringing together twenty scholars from across the disciplinary spectrum to inaugurate a new turn in food studies: the refusal to yield to a superficial multiculturalism that naively celebrates difference and reconciliation through the pleasures of food and eating. By focusing on multi-sited struggles across various spaces and times, the contributors to this anthology bring into focus the potent forces of class, racial, ethnic, sexual and gender inequalities that pervade and persist in the production of Asian American culinary and alimentary practices, ideas, and images. This is the first collection to consider the fraught itineraries of Asian American immigrant histories and how they are inscribed in the production and dissemination of ideas about Asian American foodways.

The Columbus Food Truck Cookbook Renee Casteel Cook, Tiffany Harelik, 2014-05-06 Every food truck in Columbus has a story. Jim Pashovich, godfather of the local scene, honors his Macedonian heritage with his fleet of Pitabilities trucks. After working as a New York City line cook, Catie

Randazzo returned to Columbus to open Challah! and wow the hometown crowd with her reimagined Jewish comfort food. Chef Tony Layne of Por'Ketta serves up rotisserie-style porcine fare in his tin-roofed truck. Established favorites like Paddy Wagon and Explorers Club pair with the city's best nightlife venues and breweries to extend their offerings at permanent pop-up kitchens. With insider interviews and over thirty recipes, food authors Tiffany Harelik and Renee Casteel Cook chew their way through the thriving food truck scene of Columbus.

*Food Truck Road Trip--A Cookbook* Kim Pham, Philip Shen, Terri Phillips, 2014-11-11 Authentic Food Recipes From the Best Food Trucks Across the Country Kim, Phil and Terri traveled from state to state, visiting the best food trucks out there to get the incredible and authentic recipes that make their trucks some of the most popular in the country. This book includes delicious recipes for everything from sandwiches, soups and chilies to vegetarian dishes, classics with a twist and desserts—all straight from the cooks themselves. With the country's food truck favorites made accessible in your own kitchen, you'll deliver incredible and unique food at home you'd have to travel across the country to try. Outstanding dishes include Prosciutto and Grape Pizza from The Urban Oven in Los Angeles, Maker's Mark Fried Chicken from Big D's Grub Truck in New York, Santa Fe Black Bean Burgers from Mix'd Up Food Truck in Atlanta and Pad Thai Tacos from The Peached Tortilla in Austin. To get these recipes, the authors found and traveled to the most vibrant food truck cultures across the country, including: Southern and Northern California; New York City; Portland, Oregon; New Orleans; Raleigh, Durham and Charlotte, North Carolina; Atlanta; Minneapolis; Austin; Washington, D.C and Philadelphia. This cookbook includes all the recipes of your wandering road trip dreams.

*The Routledge Handbook of Language and Professional Communication* Vijay Bhatia, Stephen Bremner, 2014-02-24 The Routledge Handbook of Language and Professional Communication provides a broad coverage of the key areas where language and professional communication intersect and gives a comprehensive account of the field. The four main sections of the Handbook cover: Approaches to Professional Communication Practice Acquisition of Professional Competence Views from the Professions This invaluable reference book incorporates not only an historical view of the field, but also looks to possible future developments. Contributions from international scholars and practitioners, focusing on specific issues, explore the major approaches to professional communication and bring into focus recent research. This is the first handbook of language and professional communication to account for both pedagogic and practitioner perspectives and as such is an essential reference for postgraduate students and those researching and working in the areas of applied linguistics and professional communication.

Detroit Food Bill Loomis, 2014-01-28 The infamous images of Detroit's crumbling buildings, abandoned homes and weed-choked parks are known worldwide. Seldom shown are the city's thriving food ways, quietly rebuilding neighborhoods block by block with urban farms, locally made fare, new restaurants and an innovative, homegrown spirit that is attracting entrepreneurs and culinary enthusiasts from across the nation. Old neighborhoods are coming back to life with the smell of simmering soup, the crunch of new pickles and the aroma of all-day barbeque. Magnificent Art Deco clubs and speakeasies painstakingly restored to their former beauty are busy serving great local food. Author Bill Loomis goes behind the graffiti and ruins to explore how the passion for eating well is proving essential to

Detroit's comeback..

Social Media Communication Jeremy Harris Lipschultz, 2023-07-18 This updated fourth edition presents a wide-scale, interdisciplinary guide to social media communication. Examining platforms like Facebook, Instagram, Snapchat, TikTok, Twitter and YouTube, the book analyzes social media's use in journalism, public relations, advertising and marketing. Lipschultz focuses on key concepts, best practices, data analyses, law and ethics - all promoting the critical thinking that is needed to use new, evolving and maturing networking tools effectively within social and mobile media spaces. Featuring historical markers and contemporary case studies, essays from some of the industry's leading social media innovators and a comprehensive glossary, this practical, multipurpose textbook gives readers the resources they will need to both evaluate and utilize current and future forms of social media communication. Updates to the fourth edition include expanded discussion of disinformation, the impact of artificial intelligence (AI), natural language chatbots, virtual and augmented reality technologies and the COVID-19 infodemic. Social Media Communication is the perfect social media primer for students and professionals and, with a dedicated online teaching guide, ideal for instructors, too.

Food, Health, and Culture in Latino Los Angeles Sarah Portnoy, 2016-11-14 Contemporary Los Angeles can increasingly be considered a part of Latin America. Only 200 miles from the border with Mexico, it has the largest, most diverse population of Latinos in the United States—and reportedly the second largest population of Mexicans outside of Mexico City. It also has one of the most diverse representations of Latino gastronomy in the United States, featuring the cuisine of nearly every region of Mexico, countries such as

Peru, Argentina, Guatemala and El Salvador, as well as an incredible variety of Asian-Latin fusion cuisine. Despite the expansion of Latino cuisine's popularity in Los Angeles and the celebrity of many Latino chefs, there is a stark divide between what is available at restaurants and food trucks and what is available to many low-income, urban Latinos who live in food deserts. In these areas, access to healthy, affordable, culturally appropriate foods is a daily challenge. Food-related diseases, particularly diabetes and obesity, plague these communities. In the face of this crisis, grassroots organizations, policy-makers and local residents are working to improve access and affordability through a growing embrace of traditional cuisine, an emergent interest in the farm-to-table movement, and the work of local organizations. Angelinos are creating alternatives to the industrial food system that offer hope for Latino food culture and health in Los Angeles and beyond. This book provides an overview of contemporary L.A.'s Latino food culture, introducing some of the most important chefs in the Latino food scene, and discussing the history and impact of Latino street food on culinary variety in Los Angeles. Along with food culture, the book also discusses alternative sources of healthy food for low-income communities: farmers markets, community and school gardens, urban farms, and new neighborhood markets that work to address the inequalities in access and affordability for Latino residents. By making the connection between Latino food culture and the Latino communities' food related health issues, this study approaches the issue from a unique perspective.

**Social Media and Living Well** Berrin A. Beasley, Mitchell R. Haney, 2015-02-05  
With each major technological shift, the question of well-being arises with new purpose. In this book, leading scholars in the philosophy and

communication disciplines bring together their knowledge and expertise in an attempt to define what well-being means in this perpetually connected environment.

**Feasting Our Eyes** Laura Lindenfeld, Fabio Parasecoli, 2016-11-29 Big Night (1996), Ratatouille (2007), and Julie and Julia (2009) are more than films about food—they serve a political purpose. In the kitchen, around the table, and in the dining room, these films use cooking and eating to explore such themes as ideological pluralism, ethnic and racial acceptance, gender equality, and class flexibility—but not as progressively as you might think. Feasting Our Eyes takes a second look at these and other modern American food films to emphasize their conventional approaches to nation, gender, race, sexuality, and social status. Devoured visually and emotionally, these films are particularly effective defenders of the status quo. Feasting Our Eyes looks at Hollywood films and independent cinema, documentaries and docufictions, from the 1990s to today and frankly assesses their commitment to racial diversity, tolerance, and liberal political ideas. Laura Lindenfeld and Fabio Parasecoli find women and people of color continue to be treated as objects of consumption even in these modern works and, despite their progressive veneer, American food films often mask a conservative politics that makes commercial success more likely. A major force in mainstream entertainment, American food films shape our sense of who belongs, who has a voice, and who has opportunities in American society. They facilitate the virtual consumption of traditional notions of identity and citizenship, reworking and reinforcing ingrained ideas of power.

*Encyclopedia of Agriculture and Food Systems* ,2014-07-29 Encyclopedia of Agriculture and Food Systems, Second Edition addresses important issues by examining topics of global agriculture and food systems that are key to understanding the challenges we face. Questions it addresses include: Will we be able to produce enough food to meet the increasing dietary needs and wants of the additional two billion people expected to inhabit our planet by 2050? Will we be able to meet the need for so much more food while simultaneously reducing adverse environmental effects of today's agriculture practices? Will we be able to produce the additional food using less land and water than we use now? These are among the most important challenges that face our planet in the coming decades. The broad themes of food systems and people, agriculture and the environment, the science of agriculture, agricultural products, and agricultural production systems are covered in more than 200 separate chapters of this work. The book provides information that serves as the foundation for discussion of the food and environment challenges of the world. An international group of highly respected authors addresses these issues from a global perspective and provides the background, references, and linkages for further exploration of each of topics of this comprehensive work. Addresses important challenges of sustainability and efficiency from a global perspective. Takes a detailed look at the important issues affecting

the agricultural and food industries today. Full colour throughout.
